Imbono KaThixo Ngendalo Yokuphilisa

Ngaphambi kokuba siqonde ukuba ibinzana elithi “ingcebiso yabapostile” lithetha ukuthini, kufuneka sibeke isiseko sendlela yokuphilisa ukuze siqonde ukongezwa kwento entsha kwingcebiso yamaKristu. Ukuze senze oku, kufuneka siqonde ukuba umongo wokuphilisa asikokunciphisa ukubandezeleka, kodwa kukuxolelana. Le ngxelo inefuthe elikhulu kwingcebiso, ukuze kumiselwe uxolelaniso kungekuphela nje phakathi komoya, umphefumlo kunye nomzimba womntu ophukileyo, kodwa naphakathi kwamalungu osapho, ecaweni, kuluntu, kwisixeko nakwisizwe. Uxolelaniso kule meko luthetha ukuhlanganiswa, ukuvumelana kunye nokuthambekela ekupheleleni. Le ndlela ifuna ukuba izinto eziza kuqala kwinkqubo yokuphiliswa zicaciswe. Ngumbandela wokuguqula ukufa kube bubomi kunye nokwaphuka kube kukubuyiselwa. Ubomi bukaThixo buqala ukugeleza njengomlambo xa siqala ukujonga ukuphiliswa ngokwembono kaThixo hayi eyethu. Kuyo yonke iLizwi likaThixo, ngakumbi ngemiyalezo yabaprofeti kwiTestamente eNdala, apho sifumana khona isitshixo esiyimfihlo seendlela zikaThixo. Usebenza "ngendlela eguqulweyo" ukufezekisa injongo Yakhe, kwaye uya kukwenza oko kwakhona kwibandla leXesha lokuGqibela. Mhlawumbi le yeyona nkalo iphambili kwiVangeli kaYesu, ehamba njengomsonto obomvu ukusuka kwiGenesis ukuya kwiSityhilelo. Ngokwembono kaThixo, eyona nto iphambili kukuphiliswa komphefumlo, emva koko ingqondo uze emva koko umzimba; kwaye ngokwengqiqo edibeneyo, ukusuka kwisizwe ukuya kuluntu ukuya kwisixeko noluntu. Okubuhlungu kukuba, imizamo yabantu kunye nokwabiwa kwezixhobo ngokwexesha, amandla kunye nemali kuchasene kakhulu nesicwangciso sikaThixo! Akumangalisi ukuba ibandla likaThixo elimele lityhile uzuko lwaKhe kunye nobukhulu, lisilela kakhulu ukuhamba eloyisweni, libonelela ngeempendulo kunye nokuphumelela kwihlabathi elifayo! Uninzi lwengqwalasela yethu njengabantu ijoliswe emzimbeni, kancinci emphefumleni kwaye phantse akukho nto inikwayo emoyeni. Ngokufanayo, akukho ngqwalasela inikwayo ekubuyiselweni nasekuphilisweni kweentlanga, ukuze ziphume apho ziye kuluntu, kwiinkcubeko, kwizixeko, kuluntu nakwiintsapho. Ulungelelwano luphambene ngokwembono kaThixo! Sifanele sibeke isiseko sendlela yokuphiliswa ukuze siqonde ukongezwa kwento entsha kwingcebiso yamaKristu. Ukuze senze oku, kufuneka siqonde ukuba umongo wokuphiliswa asikokuthomalalisa ukubandezeleka, kodwa kukuxolelana. Le ngxelo inefuthe elikhulu kwingcebiso, ukuze kumiselwe uxolelaniso kungekuphela nje phakathi komoya, umphefumlo kunye nomzimba womntu ophukileyo, kodwa naphakathi kwamalungu osapho, ecaweni, kuluntu, kwisixeko nakwisizwe. Uxolelaniso kule meko luthetha ukuhlanganiswa, ukuvumelana kunye nokuthambekela ekupheleleni. Le ndlela ifuna ukuba izinto eziza kuqala kwinkqubo yokuphiliswa zicaciswe. Ngumbandela wokuguqula ukufa kube bubomi kunye nokwaphuka kube kukubuyiselwa. Ubomi bukaThixo buqala ukugeleza njengomlambo xa siqala ukujonga ukuphiliswa ngokwembono kaThixo hayi eyethu. Kuyo yonke iLizwi likaThixo, ngakumbi ngemiyalezo yabaprofeti kwiTestamente eNdala, apho sifumana khona imfihlakalo yeendlela zikaThixo. Usebenza "ngendlela eguqulweyo" ukufezekisa injongo Yakhe, kwaye uya kukwenza oko kwakhona kwibandla leXesha Lokugqibela. Mhlawumbi le yeyona nkalo iphambili kwiVangeli likaYesu, ehamba njengomsonto obomvu ukusuka kwiGenesis ukuya kwiSityhilelo. Ngokwembono kaThixo, eyona nto iphambili kukuphiliswa komphefumlo, emva koko ingqondo uze emva koko umzimba; kwaye ngokwengqiqo edibeneyo, ukusuka kwisizwe ukuya kuluntu ukuya kwisixeko noluntu. Okubuhlungu kukuba, imizamo yabantu kunye nokwabiwa kwezixhobo ngokwexesha, amandla kunye nemali kuchasene kakhulu nesicwangciso sikaThixo!

Akumangalisi ukuba ibandla likaThixo elimele lityhile uzuko lwaKhe kunye nobukhulu, liswele kakhulu ukuhamba eloyisweni, libonelela iimpendulo kunye nokuphumelela kwihlabathi elifayo! Uninzi lwengqwalasela yethu yoluntu ijoliswe emzimbeni, kancinci emphefumleni kwaye phantse akukho nto ijoliswe emoyeni. Ngokufanayo, akukho ngqwalasela inikwayo ekubuyiselweni nasekuphilisweni kweentlanga, ukusuka apho ukuya kuluntu, kwiinkcubeko, kwizixeko, kuluntu nakwiintsapho. Ulungelelwano luphambene ngokwembono kaThixo! Imfihlakalo yokuphiliswa ngokwembono kaThixo iyanda nangakumbi ukuba sicinga ngoYesu njengomfanekiso kaThixo womphilisi owaphukileyo. Ingxelo kaIsaya ngoMkhonzi obandezelekileyo ingundoqo wayo yonke impiliso (Isaya 53:4-6). Le yimfihlakalo enzulu: ukuphiliswa emehlweni kaThixo kuvela kumkhonzi obandezelekileyo, onemivumbo nokuphuka kwayo okubangela ukubandezeleka. Njengabaphilisi nabacebisi - kumanqanaba ahlukeneyo ngokweemfuno zabantu ezahlukeneyo - simenyiwe ukuba sabelane ngokonakala komkhonzi obandezelekileyo, simenyiwe ukuba sihlolisise ukwaphuka kwethu size sikudibanise nokwakhe, sinethemba lokwabelana ngamandla akhe okuphilisa. Umpostile uPawulos wayeyiqonda le mfihlakalo yokuphiliswa ngokuphuka: “Ngenxa yoko ndiya kuqhayisa ngovuyo olukhulu ngobulwelwe bam, ukuze amandla kaKristu ahlale phezu kwam. Ngenxa yoko ndiyavuya kubulwelwe, kukungcikovwa, kukuswela, kukutshutshiswa, kukuxinana, ngenxa kaKristu. Kuba xa ndibuthathaka, kulapho ndinamandla khona” (2 Korinte 12:9-10)

2. Ingcambu Yoluntu Yokuphilisa

Enye into ebalulekileyo yokuphiliswa yimfuneko yoluntu. Isiganeko sokuphiliswa asisisiganeko somntu ngamnye; asikokudibana nje komphilisi/nesigulana. Sisiganeko soluntu, kungekuphela nje ngengqiqo ecacileyo yenkxaso phakathi kwabasebenzi bokuphilisa - kuquka bonke abantu benza ukuba ukudibana kokuphilisa kube nokwenzeka - kodwa nangengqiqo yokuba amandla okuphilisa ahlala kuluntu¹. Asiyompahla yabaphilisi nangayiphi na indlela - nokuba ngabaphathi, abaphathi okanye kwiiseshoni zokuphiliswa kwezonyango okanye zeengcebiso. Ukuphiliswa asiyompahla yomntu omnye. Sisipho esihlala kunye kuluntu kwaye sinokuzibonakalisa ngamandla xa lonke uluntu luzihlanganisa ukuze lukhathalele abanye ababandezelekileyo. Ngoko ke sisiganeko soluntu kubudlelwane obuthe ngqo, obuxhasayo, obuphilisayo bosapho nabahlobo, nakubudlelwane obungabonakaliyo bomthandazo kunye neenkonzo zecawa. Ngumsebenzi wabaphilisi abathanjisiweyo bakaThixo kunye nabacebisi ukugxila kumfanekiso omkhulu kaThixo: UThixo nguThixo odibeneyo kwaye zonke izipho zakhe zinikezelwa kuMzimba kaKristu uphela. Luxanduva lwabacebisi babapostile ukuphuhlisa ukuqonda kwabo ngokudibeneyo. Oku kuthetha ukusebenza kunye nokusebenza ngenxa yenzuzo yoluntu oluhlangeneyo; ukunaka omnye komnye, ukufunda ukumamela omnye komnye, ukuba nentlonipho ngeziphitho zokuphilisa ezikhethekileyo zomnye nomnye, ukuziqinisa, ukuziphuhlisa, nokuzivumela ukuba zibonakalise kubulungiseleli bethu boluntu.

3. Isiseko sobuKristu seNgcebiso yabaPostile

Ingcebiso ngokubanzi ibhekisa kwimizamo evela kwiingcali zonyango (eziqhelekileyo nezingoochwephesha) yokunika inkxaso nolwalathiso kubantu abafuna uncedo ukuze bakwazi ukujongana neengxaki zokuphila ubomi obusempilweni nobanelisayo xa bejongene nokulahlekelwa nokuphoxeka. Ingcebiso iyimfuneko xa abantu befuna ulwalathiso nentuthuzelo ngenxa yomonakalo weemvakalelo nowomzimba okanye ukwenzakala, okanye

xa abantu befuna ukuphuhlisa indlela entsha yobomi - nokuba ngumntu ngamnye okanye kumxholo wosapho. Inkqubo yengcebiso ke ngoko ibandakanya ukukhula nophuhliso. Ingcebiso yobuKrestu yahlukile kwingcebiso yehlabathi kwindlela iingxaki eziqongwa ngayo kwaye iinjongo zicwangciswa ngayo. Umcebisi ongumKristu ukholelwa kwaye usebenzisa iLizwi likaThixo ukuze anike iimpembelelo kuyo nayiphi na imeko okanye ingxaki evezwayo kuye. Ingcinga esisiseko yengcebiso yobuKrestu kukubonelela ngenkuthazo nesikhokelo seZibhalo ebantwini. Ingcebiso yobuKrestu ngoko ke lulungiselelo eMzimbeni kaKristu olubonelela ngenkuthazo, ingcebiso, isiluleko sobuthixo, intuthuzelo kunye nesikhokelo kubantu abafuna ulwalathiso, ukuphiliswa kunye neendlela zokumelana nazo ngokusebenzisa iZibhalo ngokufanelekileyo. 1 http://www.humanehealthcare.com/Article.asp/art?art_id=194,p.3 Injongo ephambili yayo nayiphi na iseshoni yokunika iingcebiso zamaKristu kufuneka ibe kukutshintsha kweBhayibhile kwindlela yokucinga yomntu, indlela aziphethe ngayo kunye nenkqubo yexabiso. Ngokwembono yokunika iingcebiso zamaKristu, ukutshintsha iindlela zobomi kusebenza kuphela xa kusetyenziswa imigaqo yeBhayibhile, njengoko kubangela utshintsho ngaphakathi emntwini - intliziyo yakhe nengqondo yakhe. Injongo kukunceda abantu badlule kumava adlulileyo kwaye babancede bakhule ngokwezikhokelo zeBhayibhile.

4. Iindidi ezahlukeneyo kunye namanqanaba eengcebiso zobuKrestu

Ingcebiso yobuKrestu ligama elibanzi kuba liquka ingcebiso yoSapho kunye neyePastor. Ngeenjongo zale khosi kubalulekile ukwahlula phakathi kweentlobo ezine zengcebiso yobuKrestu, apho nganye ijongana nemiba yengcebiso kwinqanaba elahlukileyo. Iintlobo ezine zengcebiso kunye nenqanaba lazo lokunika ingcebiso elihambelanayo zezi:

- Ingcebiso yobuKristu yomntu ngamnye. Ingcebiso yobuKristu yomntu ngamnye ijongana nokubuyiselwa komntu ngamnye kwaye ijongana neengxaki zoncedo lomntu ngamnye, ezinje ngexhala, uxinzelelo emva kwengozi, ingcebiso yezemali, iingxaki zobudlelwane, iingxaki zomntu ngamnye njl.
- Ingcebiso/Unyango lweNtsapho. Ingcebiso/Unyango lweNtsapho lujongana nokubuyiselwa kosapho kunye nokujongana neengxaki zengcebiso ezifana neengxaki zomtshato, uqhawulo-mtshato, ukungatshati, ubudlelwane bentsapho obuphinde bahlangana, ubomi emva koqhawulo-mtshato njl.njl.
- Ingcebiso yoBufundisi. Ingcebiso yoBufundisi ijongene nokubuyiselwa kwecawa. Olu hlobo lokunika iingcebiso luhlala luxanduva lomfundisi (njengoko lungomnye "weeofisi" ezintlanu emzimbeni kaKristu, kunye nompostile, umprofeti, umvangeli kunye nomfundisi). Kukho iintlobo ezintathu zokunika iingcebiso zomfundisi: Ukunyamekela umfundisi, ukunika iingcebiso zomfundisi kunye nonyango lwengqondo. Ukunyamekela umfundisi lelona gama libanzi kwaye libhekisa kubulungiseleli bebandla liphela. Kule meko kufuneka sahlule phakathi kwemisebenzi emine esisiseko yokwalusa: ukuphilisa, ukuxhasa, ukukhokela kunye nokubuyisana kwabantu noThixo. Ukunika iingcebiso zomfundisi yinxalenye ekhethekileyo yokunyamekela umfundisi. Olu hlobo loncedo lokwalusa lufuna uqeqesho olongezelelweyo ukunceda abantu bajongane neengxaki kunye noxinzelelo lobomi, ukuze bakwazi ukukhula ngokomoya. Unyango lwengqondo lomfundisi ngumsebenzi wengcali eqeqeshiweyo, oko kukuthi, umfundisi onqeqesho olongezelelweyo lobuchwephesha ukubonelela ngotshintsho kubantu bomntu, indlela yakhe yokucinga kunye nexabiso lokomoya. Ngokungenelela okukhethekileyo abantu banokukhokelwa ukuba basuse amava adlulileyo aphuhliseke aba zithintelo kubomi babo bokomoya. Ayingabo bonke abefundisi abaxhotyisiweyo ukunceda abantu abakule nqanaba, elifuna uqeqesho lwengqondo ukongeza kuqeqesho lokwalusa. Ukunika iingcebiso zomfundisi kuquka iingxaki zemiba yokomoya yendalo kwaye

zihambelana Ingcebiso yosapho kunye nomntu ngamnye apho abantu kunye neentsapho bafumana iingxaki zokomoya

- Ingcebiso yoLuntu. Ingcebiso yoLuntu ijongene nokubuyiselwa koluntu kunye neenkubeko ngenjongo yokulungiselela indlela yokubuya kukaYesu. Ngenxa yoko, inesimo sesiprofeto sokucebisa. Ngoko ke, umcebisi woluntu kufuneka abe nendlela yesiprofeto ekukhokeleni uluntu ekubuyiselweni. Izenzo zesiprofeto ekufuneka zenziwe kwinqanaba loluntu ziquka ukuchongwa kweendawo eziqinileyo zomoya kuluntu kunye nokuseka ubukumkani bukaThixo kwindawo ethile ngomthandazo wemfazwe, ukuthandazela isiprofeto, ukumapha ngokomoya, ukuhlalelwa kweMikhosi kaYesu kunye nokubhiyozela iMithendeleko yeNkosi. Zonke ezi zenzo zinokwenziwa kwiziko lengcebiso loluntu. Olu hlobo lomcebisi lufuna ubizo olukhulu lwesiprofeto kunye nokuthanjiswa. Lukwaluhlobo lomcebisi olusebenza ngokusondeleyo nomcebisi wobupostile. Igama elithi ubulungiseleli bobupostile-prophet kwicandelo lengcebiso yobuKristu livela kolu nxibelelwano lusondeleyo phakathi komprofeti kunye nompostile.
- Ingcebiso yabaPostile. Ingcebiso yabaPostile ijongene nokulungelelaniswa kwamaqela eengcebiso, ukuze ijonge ukuzalisekiswa kombono kaThixo weXesha lokuGqibela

Umtshakazi wakhe. Babeka isiseko sengcebiso ephileleleyo yamaKristu eXesha Lokugqibela efunekayo ukujongana neemfuno zomntu ngamnye kunye nezoluntu zabantu kunye namaziko aphukileyo. Ngenxa yoko, bangabakhi abaphambili kunye nabayili bendlela entsha kunye nendlela yokwenza ingcebiso yamaKristu. Ingcebiso yabapostile ifuna iintlobo ezintsha zobunkokeli, kugxininiswa kuBawo woMoya, ukunceda abacebisi boluntu kunye nabaprofeti ukuphuhlisa imibutho yobuKristu bokwenyani. Umngeni omkhulu womcebisi wabapostile kukuveza inqaba yokomoya ekufuneka isuswe yi-End Time Army of God, oko kukuthi i-Humanism, njengoko zonke ezinye iingxaki phakathi kwabantu, iintsapho, iicawa, imibutho kunye nezizwe zivela koku. Ingcebiso yabapostile isebenza kakuhle kakhulu kwiziko leengcebiso loluntu apho zonke iintlobo ezintlanu zengcebiso zinokudityaniswa khona. Okulandelayo ngumzekeliso wamanqanaba ahlukeneyo okucebisa anikezelwa ziintlobo ezintlanu zomcebisi kunye nomsebenzi ophambili wohlobo ngalunye lwabacebisi:

Inqanaba lokusebenza	Uhlobo loMcebisi	Umsebenzi
1. Umntu ngamnye	Umcebisi ongumKristu ngamnye	Umphefumlo, Umzimba kunye nokuphelela
2. Usapho	Iingcali zonyango/umcebisi weentsapho	Ukubuyiselwa koSapho
3. Icawa	Umcebisi woMfundisi	Ubunye Ecaweni
4. Uluntu	Umcebisi woLuntu/weProfeti	Uphuhliso lweNkcubeko yeHosanna kwiindawo zokuhlala
5. Iintlanga	Umcebisi wabaPostile	Ukuphiliswa Kweentlanga Nokulungiswa

		Komtshakazi KaKrestu Njengoko le khosi igxile kwiNgcebiso yabaPostile, ngoku singaqhubeka nokuhlalutya le ngcamango. Ingcebiso yabaPostile, ngendlela yayo esisiseko, lolongezo lokugqibela kwingcebiso yamaKristu kunye nobulungiseleli babaPostile. Kuthetha ukuthini "ubulungiseleli babaPostile"? Kalula nje, xa usenza umsebenzi woBukumkani bukaThixo ungumPostile. Inkcazo yompostile "ngumntu othunywe ukumela omnye". Sithunywe nguThixo ukumela izulu emhlabeni. Inkcazo yokwenyani yobulungiseleli babaPostile "ngumntu othanjiswe nguThixo ukuba enze umsebenzi ongaphezu kwendalo emhlabeni oya kongeza kuBukumkani bukaThixo". Oku kuthetha ukuba sonke singabaPostile. UTHixo ebesakha uBukumkani bakhe kangangeminyaka engamawaka. Ukwakha ibandla lakhe kuyafana

		nokwakha uBukumkani bakhe emhlabeni. Nangona igama elithi "umpostile" lingazange likhankanywe kwiTestamente Endala, intsingiselo yalo inomsebenzi ofanayo kuyo yonke iTestamente Endala neNtsha kuba uThixo ebesoloko ethumela amadoda nabafazi ukuba bammele kwaye basebenze ebukumkanini bakhe. Ukubuyiselwa kobulungiseleli obunemiqolo emihlanu kwenzeka ngezigaba ebandleni kwixesha elithile. Ngokwembali, isikhundla somvangeli yayisokuqala ukubuyiselwa kwibandla leXesha Lokugqibela, kulandele iiofisi zabafundisi nabafundisi, kulandele esobuprofeti kwaye ekugqibeleni inkonzo yobupostile. Kubalulekile kwizixhobo zabakholwayo kuMzimba kaKristu ukuba zonke ezi zikhundla zintlanu zisebenze ngempumelelo kwibandla lehlabathi liphela ngexesha lokuphela, kodwa
--	--	--

		nakwiibandla zasekuhlaleni kwihlabathi liphela. Uphawu oluphambili lobupostile asikokuba ngumntu omkhulu, kodwa kukubandezeleka okukhulu (1 Kor. 4:9-13). Xa uPawulos ephoqekeka ukuba akhusele ubupostile bakhe, uqala ngokubhekisa kwiintlungu zakhe ngaphambi kwemiqondiso nemimangaliso yakhe (2 Kor. 12:7- 12). Unxiba iintlungu zakhe njengophawu lobupostile bakhe. Ukubandezeleka nokwenza umsebenzi woBukumkani bukaThixo kudibene kakhulu (2 Kor. 12:7-10). ²

UBawo woMoya

UPawulos uyishwankathela kakuhle le nto yokuba sinabafundisi abaninzi ebandleni kodwa ootata abaninzi (1 Kor. 4:15). Kwisiseko sobutata bokomoya kukho ubizo lokubona uKrestu edalwa ebantwini bakhe, ibandla. Oku kungaphezulu kokuphinda ukwenziwa kobulungiseleli. UPawulos ubhekisa koku njengomsebenzi wokomoya: ‘Bantwana bam, endinibangela intlungu xa nizalwa, ade uKristu abunjwe ngaphakathi kwenu’ (KwabaseGalati 4:19) Ubutata bokomoya busisiseko sokusekwa kobudlelwane bomzali nonyana, apho abafundi bakhokelwa khona ekukhuleni ngokomoya, ukuze babonakalise umfanekiso ogqibeleleyo kaKristu. Akufuneki ukuba kuthethwe, umngeni uphezu kwabapostile ukuba batyhile inqanaba lokukhula kubomi babo bokomoya, elichaza ukuhamba okusondeleyo noYesu. Kukwinqanaba apho abapostile bafikelela ekukhuleni ngokomoya kubomi babo apho banokumema abanye ukuba babalingise, njengoko uPawulos wenzayo. Utata wokomoya uvelisa ubulungiseleli bakhe kwabanye³.

Ukufumana ‘iBlueprint’ entsha

Eyona nto ibalulekileyo ekuqondeni ubulungiseleli babapostile, kukwazi ukuba uThixo

nguMakhi, kwaye xa sisebenza naye, singabasebenzi kunye nabakhi kunye. Ukwakha noThixo kuthetha ukudala kunye Naye, ngamandla esiprofeto samazwi nezenzo. UThixo usithambisele ukwakha njengompostile ngokusebenzisa amandla ethu esiprofeto kunye noxanduva ngokwentando Yakhe. UThixo akakagqibi ukwakha uBukumkani Bakhe, kodwa usimema ukuba sakhe kunye Naye kwixesha elimnandi kwimbali yeCawa. Hayi ilungelo elimangalisayo nethuba! Nangona kunjalo, kubalulekile ukuqonda ukuba kufuneka sifumane kuye isicwangciso sokugqiba inkqubo yokwakha. Ngaphandle kwesi sicwangciso sobugcisa, imisebenzi yethu ayizukuba namandla kwaye iphumelele, kwaye iya koyiswa ngumtyholi. Sidinga ukufumana isicwangciso Sakhe sanamhlanje, kuba uThixo uye waqhubeka kwaye wakha into eyahlukileyo ngokupheleleyo namhlanje kunangaphambili. Yiyo loo nto kufuneka sibe ziintsuba zewayini ezintsha ukuze athulule iwayini entsha - ulwazi lwesityhilelo - kuthi ukuze sibe ngabasebenzi kunye kwisidiliya sakhe. Igama likaThixo libonakalisa le nyaniso. Uzityhila kuthi njengo "NDINGUYE". Ukuze siphumelele kufuneka sifumane isityhilelo esitsha kuye apho ayakha khona namhlanje ukuze sikwazi ukusebenzisana naye. Yiyo loo nto sifuna ukuthanjiswa ngabapostile nangabaprofeti. Ihlabathi litshintshile kakhulu kangangokuba ukulungisa nje izakhiwo zecawa ezikhoyo akuyi kuvumela ukuba kuvele iimbonakalo ezifanelekileyo zoBukumkani kwizizukulwana ezintsha. Okufunekayo yindlela entsha yokwenza "icawa". Ngale ndlela, abapostile ngabameli bokudala abathunywe nguThixo ukuzisa iintlobo zoBukumkani ezingaqhelekanga nezinobuchule⁴. Ngokuphathelele ihlabathi lanamhlanje esiphila kulo namhlanje, ngabapostile bokwenene bakaThixo abaya kuba ngoovulindlela abaya kuqhubeka besuka kwiindlela zakudala besiya kwentsha. Ngoko ke, abapostile babizwa ngokuba ngoovulindlela abanobuchule abaya kuhlola ubomi boBukumkani obuya kufaneleka kwihlabathi lethu lanamhlanje. 5. Uhambo olunjalo luya kuba lukhulu kwaye loyikeka njengoko belunjalo kwabo bakholwayo bokuqala bamaYuda ababebukele ukutshatyalaliswa kwesizwe sabo kunye nezithethe zabo. Ngumyalelo wompostile ukuzisa ibandla kwindawo entsha. 2 <http://www.wikibam.com/...> p.12 3 Joyner, Rick. Ubulungiseleli bobuPostile. North Carolina: MorningStar Publications Inc.2004, p.163 5<http://www.wikibam.com.../> p.14 ixesha lokuchuma apho uluntu loBukumkani luya kubonakalisa uzuko lukaThixo ophilayo kwaye lunike ukholo, ithemba nothando kwabo basebumnyameni bokutshintsha ukusuka kokudala ukuya kokutsha. UYesu njengeLitye eliPhambili leKona Nasiphi na isakhiwo esimangalisayo siya kuba nelitye lembombo ukubonisa ukuba lixabisekile. Nantoni na uThixo ayakhayo ixabisekile kwaye uYesu lilitye lembombo layo yonke into ayakhayo. Ukuba ayakhiwanga nguYe, ayisosakhiwo sakhe. Nantoni na engakhiwanga nguThixo kufuneka idilizwe kwaye yakhiwe kwakhona. Yinxalenye yomyalelo wobupostile wokwakha phezu kwelitye lembombo likaYesu Kristu, nokwakha kwakhona nokubuyisela yonke enye into engakhiwanga nguYe. UThixo ubiza isizukulwana esitsha sabapostile abaya kubuyisela nokwakha amanxuwa amandulo, ukuzisa ukuphiliswa kwabo baqale kakuhle egameni lakhe, kodwa balahlekelwa ngumbono baza baphela bephukile, bedanile kwaye bedanile. Ngumsebenzi wompostile, ngakumbi ngakumbi, umcebisi wompostile, ukubona apho kunye noko uThixo ayakhayo kwaye abuyisele khona, kunye nokusebenza kunye naye ukufezekisa iinjongo zakhe. Leyo yinjongo yendalo yobulungiseleli bokubuyisela. Ukuba sivumela uThixo, uya kubuyisela nokuguqula yonke indawo yobomi bethu ibuyele kwisicwangciso sakhe sokuqala kunye nenjongo, ukuze kuzukiswe uBawo! Kule nkqubo abacebisi bobupostile banendima ebalulekileyo ekufuneka bayizalisekise. UThixo ubeka igama Lakhe kuyo yonke into ayakhayo njengabazobi ababhala imifanekiso yabo. Ixabiso limiselwa ligama elikumfanekiso. Xa uYesu elilitye lembombo lobomi bethu libonisa ixabiso. Xa uYesu elilitye lembombo lento esiyakhayo okanye esiyakhayo – nokuba bubomi bethu bokomoya, umtshato, ubomi bosapho, imisebenzi okanye amashishini – igama likaYesu liya kuhlala lisisikhubekiso kwabo bamchasayo kuba ilitye lembombo liya kubonakalisa izulu. UThixo ufuna yonke into yakhiwe kwiplani yakhe yobupostile ukuze ikwazi ukumphakamisa ongumbhali nomdali – kunye nomzekelo omkhulu wokuthanjiswa kwabapostile. Licebo likaThixo ukuba yonke into ebomini bethu ibe nomzobo wobupostile ukuze yonke into ebomini bethu yakhiwe ngokwezicwangciso zakhe noKristu njengeli¹⁵ye lembombo. Xa abanye bebona isakhiwo

esigqityiweyo, uThixo uya kufumana lonke uzuko. Yonke inkonzo iya kuba nomzobo wobupostile ukuba iphumelele. Ukuze sifumane umyalelo wethu wobupostile kufuneka sifumane umzobo weentsapho zethu, amashishini, uluntu, izixeko kunye neentlanga uThixo asinika zona ukuba sizakhe kwakhona. Nantoni na engakhiwanga ngokwecebo nenjongo kaThixo kufuneka idilizwe kwaye yakhiwe kwakhona. Ukwakhiwa kwakhona kuyimfuneko kuba kukho izinto ekufuneka zenziwe ngokutsha, zihlengahlengiswe kwaye zibekwe ngokutsha ukuze uThixo azukiswe. Ubomi bethu bufanele bube yinto ekhubekisayo kubukumkani bobumnyama, kuba ukuba akwenzi njalo, oko kuthetha ukuba uYesu akalolitye lembombo. Ilitye lembombo liya kuba lilitye lokukhubekisa kuyo yonke into engavumiyo ukuqubuda kuye. Amatye embombo abekwe ngokwendlela esakha ngayo abapostile. UThixo uza kusinika umyalelo onamandla wabapostile kwaye siza kwakha izixeko neentlanga kwaye xa isakhiwo sigqityiwe, uKristu uza kuba lilitye lembombo laloo ntsapho, isixeko okanye isizwe.

Abakhi Abalumkileyo Abanobuchule

Abapostile babizelwe ukuba ngabakhi abanobuchule bakaThixo bendawo yakhe yokuhlala, ibandla. UYesu usibiza ukuba sakhe kunye naye izakhiwo ezintsha eziza kuzukisa igama likayise. UPawulos uzichaza njengo “makhi onobuchule osisilumko” (1 Kor. 3:10). Ukuba ngumakhi onobuchule osisilumko kuthetha ukuba yinxalenye yesiseko, esikukuzalisekiswa komyalelo wethu wobupostile. Inxalenye ebalulekileyo yale nkqubo yokwakha kukuba ngabacebisi nabaqeqeshi kunye nootata bokomoya kwabo bakha nathi. Kwimeko kaPawulos, uTimoti noTito babeyinxalenye yeqela lakhe labapostile, awabamisela umzekelo. Oku kuthetha ukuba amaqela abapostile anenxalenye yokuzala. UThixo usabiza “abakhi abanobuchule abasisilumko” ukuba bakhonze kungekuphela nje ekutyaleni ubudlelwane obutsha basekuhlaleni, kodwa bakhonze njengabacebisi kumaqela amancinci abapostile kunye neenethiwekhi zabapostile. Ukwakha amaqela, ukuphinda-phinda amaqela nokwakha uthungelwano lwamaqela abapostile konke oku kuyinxalenye yenkqubo yokuzalisekisa umyalelo wexesha lokugqibela wobupostile bebandla. Ngokuchasene nale meko singabuyela kumbuzo wethu wokuqala ekuqaleni kwesahluko: yintoni eyenza ingcebiso yamaKristu ibe "yeyabapostile"?

Oovulindlela BoBukumkani

Into ephambili kubulungiseleli babapostile kunye neengcebiso zabapostile sisigidimi soKumkani noBukumkani Bakhe. Ukusekwa koBukumkani Bakhe emhlabeni yiyo into eyazisa amaza okubuyisela akhula rhoqo kwiBandla likaThixo namhlanje. UBukumkani bukaThixo abuyintshukumo, kodwa buzinzisa kwaye bukhulisa impembelelo kaThixo, eyalelweyo, intando yakhe nenjongo yakhe¹⁶ kunye nolawulo Lwakhe (Hebr. 12:26-27).

Buzinzile, kwaye buya kuhlala buzinzile, bungaguquki kwaye bungapheli. UBukumkani bukaThixo bunokuchaphazeleka kuphela, buphuculwe kwaye buhanjiswa kwiindawo ezintsha kunye nezihlandlo ngokutyhilwa nguThixo. Ukuze siqonde ubulungiseleli babaPostile kuzo zonke iinkalo zalo, umntu kufuneka abuyele kwimigaqo kaThixo. Umyalelo wabaPostile kukuqhubela phambili ukuphunyezwa kokugqibela kwesicwangciso nenjongo kaThixo emhlabeni wonke. Ubulungiseleli babaPostile busekelwe kwisiseko senyaniso yoBukumkani bukaThixo obungenakushukunyiswa. Ukuqhubela phambili uBukumkani bukaThixo ngokucebisa kwabaPostile kukuqhubela phambili urhulumente kaThixo emhlabeni (Isa. 9:7; INdumiso 145:11-13; Mat. 24:14; Izenzo 28:30-31). Kungoovulindlela bobukumkani abanjengoomcebisi babaPostile uThixo apho uThixo abuyisela khona isityhilelo sokuba “abalulamileyo baya kulidla ilifa ilizwe” (Mat. 5:5). Ukuqonda ukuba abacebisi babaPostile babizwa ngokuba ngoovulindlela boBukumkani yimbangela yokubuyiselwa kukaThixo kobulungiseleli babaPostile beXesha Lokugqibela6.

Inkcazo yeNgcebiso yabaPostile

Ekuphononongeni umyalelo wobupostile webandla leXesha Lokugqibela, lo mbuzo uphendulwe ngokungangqalanga. Ingcebiso yobuPostile yingcebiso yobuKrestu enomsebenzi wokubeka isiseko esitsha ekuguquleni nasekubuyiseleni abantu, iintsapho, izixeko neentlanga kwisicwangciso sokuqala nenjongo uThixo awayeyilungiselele bona. Oku kuthetha "ukubuyisela" iziseko zokuqala ezabekwa ngabapostile benkulungwane yoku-1. Umcebisi wobuPostile ngale ndlela ungumvuseleli kuBukumkani bukaThixo, ukukhokela nokubuyisela abantu kwiingcambu zabo nokubuyela kuThixo. Eli linqanaba lokugqibela lengcebiso yobuKrestu kungekuphela nje ukunceda abantu bakhule ngaphaya kwamava adlulileyo kunye noxinzelelo, kodwa ukufumana ukuphiliswa nokubabuyisela kwinjongo kaThixo yantlandlolo kunye nenjongo yobomi babo, bemiliselwe ngokuqinileyo kuMthi woBomi, uYesu Kristu kwaye bekhula ngokupheleleyo kuYe. Nangona le yingcamango entsha kwiingcebiso zamaKristu, lubizo "lwangoku" lukaThixo kubo bonke abacebisi abanomdla wokubona ibandla njengoMtshakazi kaKristu ukuze libuyiselwe ekugqibeleleni kwalo okupheleleyo, ekukhuleni nasekukhuleni (Efese 5:27). Ingcebiso yabapostile yakha phezu kwesiseko somyalelo wabapostile, ekukubuyisela, ukwakha kwakhona nokwakha abantu kuzo zonke iindawo zobomi bomntu babuyele kwinjongo kaThixo yokuqala. Ukwazi ukuba ixesha lokuphela lisondela esiphelweni, yile mbono yexesha lokuphela eyinxalenye eyongezelelweyo kwiingcebiso yamaKristu eqhelekileyo. Ukuba siyavuma ukuba uYesu uza kubuyela kuMtshakazi omsulwa nongenabala, abacebisi abangamaKristu baya kuyijonga kwaye bayichaze ngokutsha yonke imiba yengcebiso okanye umngeni njengethuba lokuguqula ibandla, ukubuyisela nokwakha kwakhona ubudlelwane kunye nokuzisa ukuphiliswa kobuthixo kwabantliziyo zaphukileyo, bakhelwe kuYesu Kristu ilitye lembombo kwaye besebenzisana Naye njengoMakhi oyiNtloko. 6 Joyner, Rick. Isahluko 2: Ubizo Lwexesha Lokugqibela kunye nenjongo Yabacebisi BeePostile

Injongo yokuthanjiswa kwabapostile beXesha Lokugqibela, uThixo aza kukhulula kuMzimba kaKristu, kukungenisa ixesha lokugqibela okanye lesibhozo lebandla, oko kukuthi, ukubuyiselwa kweBandla njengoMtshakazi ovuthiweyo nogqibeleleyo, ukuze libonise uzuko loMyeni walo obuyileyo. Ukuthanjiswa kukuthululwa kwamandla kaThixo okuzalisekisa icebo laKhe, kwaye uzuko lwaKhe bubuhle obumangalisayo bobukho bukaThixo phakathi kwabantu baKhe. Ndabona umbono kwiminyaka emininzi eyadlulayo woMkhosi owaphukileyo nowoyisiweyo, ofana nomfanekiso ochazwe kuHezekile 37. Kumbono wam ndabona indlela ingelosi yeNkosi eyaqala ngayo ukuthambisa i-balm yaseGiliyadi kumntu omnye olele phantsi ephukile kwaye ephelelwe lithemba, kwaye iphilisa onke amaxeba akhe kunye neentlungu zakhe. Njengoko le Balm yaqala ukuphilisa nokubuyisela amaxeba omntu omnye, loo mntu wajika waya komnye olele ecaleni kwakhe waza wabeka i-balm yaseGiliyadi emanxebeni akhe de wafumana ukubuyiselwa kwakhe okupheleleyo kuzo zonke iinxeba zokomoya, zeemvakalelo nezomzimba. Oku kwaqala ukusabela kwekhonkco lomntu ngamnye ejika waya komnye osecaleni kwakhe, waza wabeka i-balm efanayo emanxebeni akhe. Ekugqibeleni ndabona umkhosi omkhulu uqala ukuphakanyiswa ngale nkqubo yokubuyiselwa, unxibe ezimhlophe - ubuyiselwe, ugqibelele, uphelele kwaye uxhotyiswe ukwandisa le Balm yaseGiliyadi de uThixo wafezekisa injongo yakhe. Njengoko lo mkhosi waqala ukuma, unxibe ezimhlophe, baqala ukuhamba kunye ngobunye obugqibeleleyo, benentliziyo enobubele nenobubele. Lo mbono wachaphazela ubomi bam kangangokuba ndaqonda ubizo lokunceda ukubuyisela amalungu amakhulu, angenakubalwa oMkhosi weNkosi. Njengoko bephakama bema ngeenyawo, bakhuthazwa nguMoya kaThixo ukuba baqhubekela phambili ukuze bandise le Balm yaseGiliyadi kubantu abangaphandle, abantu abaphukileyo nabalimeleyo behlabathi, baze babazise ekuphilisweni nasekubuyiselweni nguThixo, baze ukusuka apho bachukumise iintsapho eziphukileyo, iicawa zasekuhlaleni ezingasaniki bomi, baze ekugqibeleni babuyisele uluntu kuThixo. Ngelo xesha ndandingawuqondi umbono, kodwa njengoko ndandikhula ngakumbi kuhambo lwam lokomoya, ndaqonda ubizo lwam lokufundisa uMkhosi weNkosi kumanqanaba okanye kwiindawo ezahlukeneyo zobomi indlela yokuvumela iBalm yaseGiliyadi izise ukuphiliswa okungcwele nokubuyiselwa kwihlabathi, ngaloo ndlela yandise ubukumkani bukaThixo emhlabeni! Kungoko ke uThixo wandibonisa ukubaluleka kokongeza ingcebiso yabapostile njengesixhobo sikaThixo sokuchukumisa izixeko zethu eziqhekekileyo, iidolophu kunye noluntu - kwaye ekugqibeleni uluntu lubuyiselwe kuBukumkani bukaThixo. Kuphando lwam ngeBalm yaseGiliyadi, iNkosi indibonise ukubaluleka kokongeza inkalo yesine nebanzi kwingcebiso yamaKristu - ngaphaya kwengcebiso yamaKristu yomntu ngamnye, ngaphaya konyango lwamaKristu kusapho, nangaphaya kwengcebiso yoMfundisi. Lifikile ixesha lokudibanisa abacebisi babapostile njengenxalenye yeqela labacebisi kunye negunya lokuhlanganisa ingqondo ehlangeneyo phakathi kwabacebisi abangamaKristu. IBalm yaseGiliyadi ayisiyonto nje yokuthambisa umzimba yezifo zomzimba, kodwa kufuneka ichazwe njengonyango oludibeneyo lokuphilisa lokubuyiselwa okunemiba emininzi. Nangona iinkalo ezahlukeneyo zengcebiso zibandakanyeka kwiindawo ezithile zokubuyiselwa, yinjongo yomcebisi wabapostile ukuphuhlisa ingqondo ehlangeneyo kwisixeko, idolophu okanye isizwe ukulungiselela ukubuya kweNkosi, nokuphuhlisa iindlela ezithile zokwamkela uYesu. Abacebisi babapostile ke ngoko, kuzo zonke iintlobo zabacebisi, ngabo babandakanyeka kakhulu ekuthatheni uxanduva lwemfazwe yokomoya kunye nokuthethelela okuprofetiweyo, ngokuququzelela iimatshi zikaYesu nokubamba imithendeleko kwiindawo zethu nakwiidolophu ukuze samkele uYesu kwakhona. Olu hlobo lokubuyiselwa lujongene nokutshintsha ingqondo yoluntu ngokubanzi ngokusebenzisa ukuhlanganiswa kwenkcubeko, njengokuthatha ukuma esidlangalaleni ngokuchasene nayo nayiphi na imithombo yeendaba emininzi eyamkela iSilo kunye nokungqina ngesibindi ngoYesu esenza amalungiselelo okubuya kwaKhe. Ngale ndlela, abapostile bathetha ngobomi

bomntu wonke. Ingcebiso idlala indima enkulu ekubekeni inkcubeko yokomoya efanelekileyo kwisidlo somtshato seMvana noMtshakazi wayo, kwaye yandisa isimemo sikaYesu kwiindwendwe zomtshato ezivela ezitalatweni, kwindawo yemarike. Ubizo lomcebisi wompostile kukuqonda ubunzima boluntu lwanamhlanje kunye nendlela iipatheni ezine eziphambili zoluntu kwiindidi ezahlukeneyo zembali ezifikelela ngayo ekuphuhliseni ukuqonda okuhlangeneyo kuluntu lweXesha Lokugqibela. Injongo yomcebisi wobupostile kukuba akwazi ukubona ezi ndlela ziphambili zoluntu nendlela ezibonakala ngayo ngeendlela ezahlukeneyo kwihlabathi lethu lanamhlanje. Nje ukuba ezi ntlobo zeepateni zoluntu ziqondwe, kuba lula ukubona indlela ezixubene ngayo noluntu lwanamhlanje, kunye nokujongana neengcambu zezi ndlela kunye nemiphumo yazo emibi, ebonakala kwimiba ephambili yengcebiso yenkulungwane yama-21. Zonke ezi ngxaki zinkulu kunye nemingeni abantu, iintsapho kunye neecawa abalwa nayo, zineengcambu zazo kudibaniso olwahlukileyo lwezi ndlela zine ziphambili ezaphuhliswa kwiinkulungwane. Ngumsebenzi noxanduva lomcebisi wobupostile ukuba nokuqonda oku ukuze kuncedwe ukubuyisela uluntu ukuba lubuyele kwiNgqondo kaKristu endaweni yengqondo yoBuntu eyayilawula uluntu ukususela kwimpucuko yamaGrike esekelwe kwifilosofi nenkcubeko yamaGrike. Kubalulekile ukuvuma inyaniso yokuba zonke izizukulwana, ingakumbi isizukulwana sokugqibela ngaphambi kokubuya kukaYesu, ziya kufuna ngakumbi ukubuyiselwa nguThixo. Siphila kwihlabathi elonakeleyo elizaliswe ngabantu abaphukileyo. Sisoloko sijongene nokuziphatha okungasebenzi kakuhle nokuxhaphaza phakathi kolutsha oluvukelayo, uphuhliso lwamaqela emigulukudu endaweni yesakhiwo sentsapho esixhasayo, kunye nomhlaza woluntu olufana nocalucalulo ngokobuhlanga, ucalucalulo ngokwesini kunye nokungalingani kwezoqoqosho. Siyaqonda ukuba ezi zibonakaliswe zithile ziimpawu zokwaphuka kwesono kunye nokuvukela uThixo. Iindaba ezimnandi, nangona kunjalo, zezokuba uThixo unesicwangciso sokwakha ngokutsha abantu kunye namaziko anamava okonakala ngexesha lenkqubo yokubuyiselwa. Yinjongo yomcebisi weXesha lokuGqibela umpostile ukuzisa ukuphiliswa kunye nokuphelela kubantu abaphukileyo kunye nesizukulwana esiphukileyo. Yisicwangciso sikaThixo sokuhambisa abantu bakhe ukusuka ekuqhekekeni ukuya ekubeni nesibindi kuThixo. Ngumsebenzi womcebisi wexesha lokuGqibela ukunceda abantu abaphukileyo ukuba babe ngabakhi. UThixo uthatha iziqwenga zoluntu eziphukileyo aze aziguqule zibe zizinto zokwakha indalo yakhe entsha. Ukuthambisa kukaThixo kweXesha lokuGqibela kubacebisi kusikhumbuza ukuba kumava okonakala uThixo uza kwakha abantu abatsha, iintsapho, iicawa, imibutho kunye neentlanga - abantu abatsha kunye nesizukulwana esitsha esinentliziyo yakhe, ingqondo yakhe, umoya wakhe, amandla akhe kunye novuyo lwakhe! Abacebisi babaPostile balungiselela ukuthatha inxaxheba ekwakheni kwakhona ubomi obuphukileyo, uluntu oluqhekekileyo, iintlanga eziqhekekileyo, kunye nehlabathi eliqhekekileyo. Ithuba lokuba ngabakhi nokuvuka eluthuthwini lokonakala liphezu kwebandla likaThixo. Ngoku lixesha lokuba abapostile nabaprofeti kunye neenkokheli kuzo zonke iinqanaba kunye nabacebisi babaPostile, bame balungele ukwakha kwakhona! Imiba ephambili yengcebiso kwinkulungwane yama-21 ngokwemvelo ihlangene, ngokuhambelana neentlobo ezine zemibutho ezazikho kwimbali7, kwaye siyithelekise noluntu lukaThixo olubuyiselweyo - olubizwa kule ncwadi yemiyalelo "luluntu lwaseHosanna". Ngumsebenzi womcebisi wompostile ukutyhila iingcambu zeengxaki ezine zentlalo kunye nokubonelela 'ngonyango oludibeneyo' kwi-humanism, i-occultism, i-freemasonry, iphonografi, ubungqingili, ukuziphatha okubi ngokwesondo kunye nokuthengisa iziyobisi; ukudakumba, ukungabi nasiqhamo okanye ukungazali, ukukhupha isisu; izenzo zonqulo zangaphandle kunye nenkolo kunye nocalucalulo ngokobuhlanga. Ngoko ke kucacile ukuba ubizo nenjongo yomcebisi wobupostile zibaluleke kakhulu ekulungiseleleni uMkhosi weXesha lokuGqibela noMtshakazi weNkosi. 7 Jonga iSahluko 6 malunga nokuThanjiswa kukaHosana koBuyiselo loLuntu

ICANDELO 2: UBULUNGISELELI BOKUBUYISELELA NGEXESHA LOKUGQIBELA

Isahluko 4: Isiseko seBhayibhile soBuyiselo

Ngokutsho kwesichazi-magama, “ukubuyisela” kuthetha “ukubuyisela kwimeko yangaphambili okanye yangaphambili”. Nangona kunjalo, xa into ibuyiselwa kwiZibhalo, isoloko isanda, iphindaphindwa kwaye iphuculwa ukuze imeko yayo yokugqibela ibe ngcono kakhulu kunemeko yayo yokuqala (Yoweli 2:21-26). Imizekelo yeBhayibhile yalo mgaqo ibandakanya ukubuyiselwa kwetempile eYerusalem (Ezra 3: 8-12), uMthetho kaMoses (Eks. 22:1); ukubuyiselwa kukaYobhi emva kwezilingo zakhe ezimbi (Yobhi 42: 10-12); isithembiso sikaYesu seentsikelelo eziphindwe kalikhulu kwabo bazincamayo ngenxa yoBukumkani bukaThixo (Marko 10: 29, 30); kunye nesithembiso sokubuyiselwa kweCawa kwimeko enamandla, enobungangamsha neyozuko ngaphezu kwayo nayiphi na into ebonwe lihlabathi. Sekunjalo, kukho ubuyatha babangenaThixo, kunye nokubuyiselwa kukaSirayeli: “Isidenge sithi entliziyweni yaso, Akukho Thixo; bonakele, benze ubugwenxa obulisikizi; akukho wenza okulungileyo.” (INdumiso 53:1)

UThixo uSomandla uthembisa ukubuyiselwa kukaYuda noSirayeli:

‘Celani imvula kuYehova ngexesha lemvula yokugqibela. UYehova uya kwenza amafu akhanyayo; Uya kubanika imvula leyo. Utyani endle bomntu wonke. Kuba izithixo zithetha inkohliso; abavumisi babona ubuxoki, bathetha amaphupha obuxoki; bayathuthuzela ngelize. Ngenxa yoko abantu bayahamba njengeegusha; basengxakini kuba kungekho malusi. “Umsindo wam uyavutha kubalusi, kwaye ndiya kubagweba abelusi beebhokhwe. Kuba uYehova wemikhosi uya kuwujonga umhlambi wakhe, indlu kaYuda, aze abenze babe njengehashe lakhe lobukhosi edabini. Kuphuma kuye ilitye lembombo, kuye isikhonkwane sentente, kuye isaphetha semfazwe, kuye yonke imithetho kunye. Baya kuba njengamadoda anamandla, anyathela iintshaba zawo eludakeni lwezitrato edabini. Baya kulwa kuba uYehova unabo, kwaye abakhweli bamahashe baya kudana. “Ndiya kuyomeleza indlu kaYuda, kwaye ndiya kuyisindisa indlu kaYosefu. Ndiya kubabuyisa, kuba ndinenceba kubo. Baya kuba ngathi andizange ndibalahle; kuba ndinguYehova uThixo wabo, ndiya kubaphulaphula. Abo bakwaEfrayim baya kuba njengendoda enamandla, intliziyo yabo iya kuvuya ngokungathi yiwayini. Ewe, oonyana babo baya kubona, bavuye; intliziyo yabo iya kuvuya kuYehova. Ndiya kubahlabela umlozi, ndibabuthe, kuba ndiya kubakhulula; baya kwanda njengoko babesanda. “Ndiya kubahlwayela phakathi kwezizwe, bandikhumbule kumazwe akude; baya kuhlala kunye nabantwana babo, babuye. Ndiya kubabuyisa ezweni laseYiputa, ndibaqokelele eAsiriya. Ndiya kubazisa ezweni laseGiliyadi naseLebhanon, kude kungabikho ndawo yabo. Uya kudlula elwandle ebandezelekile, abethe amaza olwandle; Zonke iinzulu zoMlambo ziya koma. Ikratshi laseAsiriya liya kuthotywa, nentonga yaseYiputa imke. “Ndiya kubomeleza kuYehova, bahambe benyuka egameni lakhe,” utsho uYehova.” (Zekariya 10:1-12)

Ubulungiseleli boBuyiselo beXesha lokuGqibela busekelwe kwezi ngcamango zilandelayo9:

- Ukubuyiselwa kususiseko sobulungiseleli bukaThixo bobuprofeti kunye nobupostile beXesha lokuGqibela

- Ukubuyiselwa kuya kugqitywa xa umfanekiso kaThixo (ubuThixo) kunye nobuhlobo bakhe obusondeleyo kunye nobudlelwane obungaphazanyiswanga nomntu ngamnye, kwiintsapho, kwiindawo zokuhlala, kwizixeko, kwiindawo nakwiintlanga zibuyiselwe ngokupheleleyo.
- Ukubuyiselwa kufuna inguquko nokubuyela kwiLizwi likaThixo
- *"Umyalelo wokwakha indlu kaThixo ngelizwi likaYehova." (Hagayi 1:1)*
- Ukubuyiselwa kwenzeka ngokuncenga kwabaprofeti kwihlabathi liphela
- Ukubuyiselwa lixesha lokuhlaziya nokuvuka ngokufumanisa kwakhona iinyaniso ezisisiseko kwiLizwi likaThixo
- Ukubuyiselwa ngumbono kaThixo kuyo yonke imbali yehlabathi, ukusuka kwiGenesis ukuya kwiSityhilelo
- Ukubuyiselwa kweNkosi kuvelisa umoya wokwamkela, inkcubeko yeHosana,

yokubuya kukaYesu. Masijonge ngokusondeleyo ezi ngcamango:

Ukubuyiselwa Kwezinto Zonke

Ukubuyiselwa bubulungiseleli bobupostile nobobuprofeti beXesha Lokugqibela, apho uThixo aya kubuyisela zonke izinto kuKristu Yesu:

“Guqukani ke ngoko, nibuye, ukuze zicinywe izono zenu, ukuze kufike amaxesha okuhlaziya evela ebusweni beNkosi, aze athumele uYesu Kristu, owashunyayelwa kuni kwangaphambili, omele izulu ukumamkela kude kube lixesha lokubuyiselwa kwezinto zonke, awathethayo uThixo ngomlomo wabo bonke abaprofeti bakhe abangcwele kususela kwasekuqalekeni kwehlabathi” (IZenzo 3:19-21). Isigidimi sikaPetros sokubuyiselwa kwempilo sanikelwa ngemvelaphi yendoda eyayisiqhwala eyaphiliswa nguYesu. Ukuphiliswa kwabagulayo kukubonakalisa ukubuyiselwa kwempilo. Ngamandla kaYesu okubuyisela, yonke into ekugqibeleni iya kubuyiselwa kwimeko yayo yokuqala ngaphambi kokuwa. Isigidimi sikaPetros bubungqina bokuba amandla avelisa ukubuyiselwa kwempilo ngawo laa mandla amvusayo uYesu kwabafileyo: ‘Ke nina namkhanyela oyiNgcwele nolilungisa, nacela ukuba ninikwe umbulali, nayibulala iNkosana yobomi, awayivusayo uThixo kwabafileyo, esingamangqina ayo thina. Igama lakhe, ngokukholwa egameni lakhe, limqinisile lo mntu nimbonayo nenimaziyo. Ewe, ukholo oluvela kuye lumnike oku kuphila kugqibeleleyo phambi kwenu nonke’ (IZenzo 3:14-16) Ukuphilisa kwiincwadi zeVangeli kuboniswa njengokubuyiselwa. Igama lesiGrike elisetyenziselwa ukubuyisela kwakhona likwalinye lamagama asetyenziswa ukuchaza ukuphilisa kukaYesu abagulayo: ‘Umthandazo wokholo uya kumsindisa ogulayo, iNkosi imvuse; nokuba ubethe wenza izono, woxolelwa’ (Yakobi 5:15) Ukubuyiselwa kwakhona kuthetha ukuba lowo uwileyo uya kuvuka kwakhona. USimon wathi ngoYesu: ‘Khangela, lo mntwana umiselwe ukuwa nokuvuka kwabaninzi kwaSirayeli’ (Luka 2:34) Igama elithi 'ukuvuka' lisetyenziswa njengegama elifanayo nokubuyiselwa. UYesu umiselwe ukuvuka kwabaninzi. Xa uSirayeli ebuyiselwe, kuya kuba njengobomi obuvela kwabafileyo: “Kuba ukuba ukulahlwa kwabo kukuxolelaniswa kwehlabathi, kuya

*kuba yintoni na ukwamkelwa kwabo, kungekuko ubomi obuvela kwabafileyo?”
(KwabaseRoma 11:15)*

INKosi ikwasiyalela kuDut. 6:4-5 nakuMarko 12:28-30 ukuba:

"...kholosa ngoYehova ngentliziyo yakho yonke, ungaxhomekeki ekuqondeni kwakho. Kuyo YONKE into ekufuneka bamazi, aze Yena azikhokelele iindlela zakho."

Ukubuyiselwa Ngomthi Wobomi

Ukuze siqonde nzulu isithembiso sikaThixo namandla okubuyisela, kufuneka sibone ukubuyiselwa kweBhayibhile ngaphakathi komxholo wemithi emibini eGadini yase-Eden. Imfazwe enkulu phakathi kukaThixo noSathana imelwe nguMthi woBomi kunye noMthi woLwazi lokuLungileyo nokubi ngokulandelelana. Kule mithi mibini sifumana imele konke uThixo aza kukwenza ekubuyiseleni uBukumkani bakhe.¹⁰ Ukubuyiselwa kukaThixo kwezinto zonke kuxhomekeke ekuloyisweni koMthi woBomi, uYesu Kristu phezu kwabo bonke ubumnyama bokomoya, iinkokeli kunye namandla. Kuphela xa sihlala kuYe, uYesu Kristu, inyaniso yakhe iphuma kuthi, ivule amehlo ethu kwaye siyahlukana noMthi woLwazi lokuLungileyo nokuBi (Gen. 2:9). Ukuze siqonde intsingiselo yokubuyiselwa kufuneka sibe nokuqonda okucacileyo ngoMthi woLwazi lokuLungileyo nokubi, kunye nesizathu sokuba uThixo athintele uAdam noEva ukuba batye kuwo emyezweni wase-Eden (Gen.2:17). Amaxesha amaninzi amaKristu enziwa aqaphele iingozi ezikwimeko embi yaloo mthi. Nangona kunjalo, oko kuyinxalenye yenyano kuphela. Ulwazi lokulungileyo lwaluyingozi ngokulinganayo kuluntu njengolwazi lokubi. Kulapho kuvela khona inkohliso, kuba zombini ezi zinto zenza inxalenye yoMthi woLwazi lokuLungileyo nokubi ongavumelekanga. UbuNtu buyindawo eqinileyo eyavela ngenxa yokutya kwisiqhamo salo mthi, ngokugxila kwingqiqo, ukuqika kwabantu kunye nengxoxo. "Ubuqu" bubalulekile kuyo nayiphi na ingxoxo evela kule ngcambu. Akumangalisi ukuba iXesha elitsha libe yinkohliso, njengoko ngokuyintloko likhupha kwicala 'elilungileyo' loMthi woLwazi. Oku kuchasene ngqo noMthi woBomi, uYesu njengesiqhamo esibonelela ngenyaniso, ukukhanya nobomi.¹¹ UYohane 15 uchaza indlela esifanele sitye ngayo kuMthi woBomi, kwaye oko kuya kuzisa ukubuyiselwa. Le yindlela elula kakhulu yokuyijonga, kodwa isabeka isiseko esifanelekileyo sokuqonda ukuba kutheni ukubuyiselwa kuyimfuneko. Ngaphandle koMthi woBomi njengesiseko, akunakubakho themba lokubuyiselwa koluntu kuzo zonke iindawo zobomi emhlabeni.

Indima Yokuguquka Ekubuyiselweni

Ekubeni eyiSiseko soBuyiselo, uYesu unika indlela eya ekubuyiselweni. Emva kokugweba abantu ngenxa yokungathembeki kwabo, uThixo unika izithembiso ezimangalisayo zokubuyiselwa (Isa. 58:1-14; Yer. 31-33; Hos. 14). Nangona kunjalo, phakathi komgwebu wakhe nesithembiso sakhe sokubuyiselwa, abaprofeti bakaThixo bahlala bebeka imeko enye ebalulekileyo: Ukuguquka nokuguquka: "Ukuba niyayeka ukuzila ukutya ngokwesiko lenu nize nizithobe ekuzileni ngokwenene". Injalo iqulethwe kwilizwi lesizwe esililayo: 'Inene, emva kokuguquka kwam, ndaguquka; emva kokuba ndifundiswe, ndazibetha ethangeni; ndaba neentloni, ewe, ndadana. Kuba ndithwenge ihlazo lobutsha bam' (Yeremiya 31:19)

‘Sirayeli, buyela kuYehova uThixo wakho, ngokuba ukhubekile ngenxa yobugwenxa bakho; thabatha amazwi, ubuyele kuYehova; yithini kuye, Susa bonke ubugwenxa; Samkele ngokulungileyo, ngokuba siya kunika amadini ngomlomo wethu.’ (Hoseya 14:1-2) 10 http://remnantbride.com/two_trees/TwoTrees.1.html, p.1 11 www.gloriouschurch.com/pdf/Godpel-of-Self.pdf, iphe. 4 “Guqukani” bekungekho mfuneko yokubuyela kwimizamo yokuzinikela ngakumbi yokukholisa uThixo ngokugcina umthetho okanye ukwenza imisebenzi engcono. Isicelo besisoloko sikukujika kuThixo ngokwakhe - kuye wonke umntu ukuba ahlambulule aze abuyisele¹². (Yer. 31:19; Hos. 14:1). Ngenxa yoko, ukubuyiselwa sisimemo sikaThixo sobubele sokuguqula imeko yokuwa komntu ibuyele kumfanekiso wakhe wokuqala kaThixo, ulwalamano kunye nobudlelwane noThixo. Sisono esisithintelayo ekufikeleleni kwinqanaba esadalelwa lona. Nabani na ofuna ukufumana ukubuyiselwa ebomini bakhe kufuneka amkele isono ebomini bakhe ngolunya, ngaphandle kokuzama ukubongoza naziphi na iimeko ezibangela ukuba angabi natyala kwaye ngaphandle kokufuna ukugxeka omnye umntu. Ukuba sifuna ukukhulula abantu, kufuneka sijongane notshaba olubabambeleyo. Ukuba sifuna ukululeka abantu ukuba babuyiselwe, sisono utshaba esimele sijongane nalo, ukuze uThixo akwazi ukwenza isenzo sokubuyisela: “Bazalwana, ukuba uthe waqutyulwa sisiphoso esithile, nina bangooMoya mlungiseni onjalo ngomoya wobulali, uzilumkela ukuba ungahendwa nawe” (Galati 6:1). Luxanduva lomcebisi ongumKristu ukubuyisela abo bonileyo, ngomqathango wokuba bavuma izono zabo. Nabani na ovulelekileyo ngokupheleleyo nothembekileyo nofuna ngokwenene ukuma ngokufanelekileyo phambi koThixo ngoYesu Kristu, uxolelo luthenjisiwe: ‘Ukuba abantu bam, ababizwa ngegama lam, baya kuzithoba, bathandaze, bafune ubuso bam, babuye ezindleleni zabo ezimbi, ndiya kuva ndisemazulwini, ndibaxolele izono zabo, ndiphilise ilizwe labo’ (2 Kronike 7:14) Ukubuyiselwa njengeXesha lokuVuka nokuHlaziya Ubulungiseleli boBuyiselo beXesha lokuGqibela bunxulunyaniswa namaxesha okuvuka nokuhlaziya kwiindawo ezininzi zehlabathi namhlanje¹³. Kwenzeka ngendlela yokubonakaliswa koMoya kaThixo. UYeremiya wachaza ngokwesiprofeto oku njengokuvuka ebuthongweni obunzulu: “Ndiya kubahlaziya abadiniweyo, ndibanelise abatyhafileyo.” Ndavuka ndajonga-jonga. Ubuthongo bam bebumnandi kum” (Yeremiya 31:25-26) UYeremiya wafumana la mava okuhlaziya ngaphambi kokuba abanjwe entendelezweni yabalindi (Yeremiya 37:21), nangaphambi kokuba iYerusalem itshatyalaliswe. Ngendlela efanayo, uThixo uhlaziya ibandla lakhe ukuya kwinqanaba eliphezulu lozuko, ukuze somelezwe ngokuhamba icandelo lokugqibela lendlela ngaphambi kokufika kukaYesu. Abakhonzi bamandla kaThixo abadiniweyo, abadiniweyo, abadiniweyo kwaye babuyela emabandleni abo beguqukile. Oku kuhambelana nesithembiso seNkosi sokubuyisela uzuko lwayo: “Kuba ihlabathi liya kuzaliswa kukwazi uzuko lweNkosi, njengamanzi egubungela ulwandle” (Numeri 14:21) ‘Suka, khanya; kuba ukukhanya kwakho kufikile; nobuqaqawuli beNkosi bukhanyisele wena. Kuba uyabona, ubumnyama buya kuwugubungela umhlaba, nobumnyama obukhulu buwugubungele abantu; kodwa uYehova uya kuphuma phezu kwakho, nobuqaqawuli bakhe bubonakale phezu kwakho’ (Isaya 60:1-2) ‘Vuka, vuka! Yambatha amandla akho, Ziyon; Nxiba iingubo zakho ezintle, Yerusalem, mzi ungcewele! ... Zivuthulule eluthulini, vuka; hlala phantsi, Yerusalem! Zikhulule kwiimbophelelo zentamo yakho, ntombi ‘yaseZiyon!’ (Isaya 52:1-2) Yizani kum nonke nina nibulalekayo nenisindwayo ngumthwalo, ndoninika ukuphumla. (Mateyu 11:27-29) UThixo unokuzalisa umhlaba ngozuko lwakhe kuphela, nangona kunjalo, emva kokuba elungise izono zabantu. Ukuze afezekise oku, uThixo uphakamisa abalamli kwi-hlabathi liphela ngamandla, igunya kunye nothambiso lokukhokelela abantu enguqukweni nasekuthambiseni iintliziyo zabo ezilukhuni. ¹² Robinson, James. Ukubuyiselwa: Isikhokelo somthandazo. Chichester: I-New Wine Press. 1995, 9-10. Uxolelo olunamandla Uxolelo lokwenyani luqala ukwenzeka phakathi kweentlanga apho iingxabano zobuhlanga zazilawula ixesha elide kwimbali. Indlela kaThixo icacile kwaye iyahambelana nokubuyiselwa: Apho isono sihlanjwa khona kwaye uxolelo lwenzeka, uThixo uzisa amaxesha angaphezu kwawemvelo okuhlaziya. Njengoko isiphelo seXesha sisondela, kukho ukwanda kwehlabathi

lonke kolu xolelo lwesiprofeto, kulandelwa kukuthululwa okutsha koMoya oyiNgcwele. Njengoko imeko-bume yokomoya iqala ukuvuleka”, uThixo uphendula ngokuthumela amaza amatsha obukho bakhe azisa ukubuyiselwa¹⁴.

Iindawo Zokubuyiselwa

Ngokwenene sibona ukuzalwa kwexesha elitsha. AmaKristu kwihlabathi liphela atyhila uvuyo olutsha, ulindelo, kunye nochulumanco njengoko ebona ixesha elitsha liqala ukwenzeka. Abantu baqala ukuqonda ukuba uThixo wenza into entsha, kuyo yonke indawo, nakuwo onke amacandelo obomi bomntu. Abantu bayahlaziywa kwaye bavuswa; bafumana impumelelo engaphaya kwendalo ehlabathini nasebandleni ngamandla okubuyisela kaYesu. “Ngokuba ndiya kukubuyisela impilo, ndiphilise amanxeba akho,” utsho uYehova, “ngenxa yokuba bakubiza ngokuba ungumntu ogxothiweyo, besithi, ‘Le yiZiyon, akukho mntu uyifunayo’” (Yeremiya 30:17). Icebo likaThixo lokubuyisela ubomi emhlabeni lithetha ukubuyiselwa komgangatho wobomi emhlabeni uThixo awayecinga ngawo kwasekuqaleni. Ke ngoko, ukubuyiselwa okupheleleyo phakathi kwamasebe okholo lwamaKristu angamaYuda nabeeNtlanga yinxalenye ebalulekileyo yokubuyiselwa okupheleleyo. Ngokukodwa, ukubuyiselwa kwezi "zinti" zimbini ezivela kwiingcambu ezifanayo zokomoya, kubandakanya ukubuyiselwa kwiindawo ezintlanu:

Ukubuyiselwa kweTabernakele kaDavide

Nangona kunjalo, kukho umda kwinto uPetros awayeyishumayela ngokubuyiselwa. Funda ngakumbi ngokubuyiselwa komnquba kaDavide kwiZenzo 15. Oko kuza kubuyiselwa kuquka kuphela ezo ndawo uThixo azityhile ngabaprofeti. Bonke abaprofeti bathetha ngazwi

linye ngokubuyiselwa. Bonke abaprofeti bathetha ngokubuyiselwa kweentlanga zaseMbindi Mpuma. Isishwankathelo sikaPetros sazo zonke izinto ezazithethwe ngabaprofeti ngokubuyiselwa, sachazwa ngokuthi: ‘...kude kube ngamaxesha okubuyiselwa kwezinto zonke, awathetha ngazo uThixo ngomlomo wabo bonke abaprofeti bakhe abangcwele ukususela ekuqaleni kwehlabathi’ (Izenzo 3:21) Abaprofeti banikwa imibono kaSirayeli ophinde wahlanganiswa kunye neParadesi ebuyiselweyo - ubukumkani boxolo emhlabeni. IYerusalem iya kuba ludumo lomhlaba. Umnquba kaDavide uya kwakhiwa kwakhona (Izenzo 15:16-18). Izibhalo ezininzi zibhekisa kumnquba kaDavide, odla ngokubizwa ngokuba yi "Ziyon", intaba yaseYerusalem (Yoweli 2:1; Hebhere 12:22). Ukubaluleka okukhulu komnquba kaDavide kwakukwinto yokuba ityeya, ubukho bukaThixo, yayibuyile phakathi kwabantu baseYerusalem. Ukubuyiselwa komnquba kaDavide kuthetha ukuphelisa ukubambelela emthethweni, ukugweba, ukugwetywa, nokuguqukela kubantu ababuhlungu bebandla nehlabathi ngeengalo ezivulekileyo zikaThixo onothando (Hebr. 10:1-25). INkosi imema bonke ukuba babuyele kuYe, bamvumele asule izono zabo, baze bafumane ukuhlaziywa okuvela ekubeni sebusweni beNkosi (Izenzo 3:19). UDavide wakha umoya wobuhlobo kwakhona phakathi kwabantu noThixo.

Ukubuyiselwa komfanekiso kaThixo

UThixo wasidala ukuba sihlale eParadesi. Sayonakalisa iParadesi ngesono sethu nangokuvumela uSathana ukuba asixhaphaze. Icebo likaThixo losindiso lijonge phambili ekubuyiselweni kwayo yonke into uThixo ayinike umntu eParadesi, yonke into eyayikho ekuqaleni kwendalo. Ulsaya (4:2-3) 14 Dawson, John. Ukuphilisa Amanxeba aseMelika. Ventura: Iincwadi zeRegal. 1994, p.15 Ithetha “ngeSebe likaDavide elilungileyo” eliza kuhluma. Njengokuba umnquba kaDavide umele ukubuyiselwa kobudlelwane noThixo obalahleka e-Eden, umfanekiso weSebe umele ukubuyiselwa komfanekiso kaThixo – ubuThixo kunye nolwalamano losapho noThixo. Elo Sebe nguKristu, iNtloko yebandla lokwenyani. Ezinye izibhalo ezininzi zigxininisa ukuba, kuKristu, uThixo ubuyisela abantu bakhe kobudlelwane bukaYise nomntwana obaphulwa kukuthobela kuka-Adam. Bonke abakholwayo kuYe babuyiselwa endlwini kaThixo (Efese 2:19) kwaye bamiselwe ukuba bafane nomfanekiso wakhe (Roma 8:29). “Lo ngumthi wosapho loluntu: Xa uThixo wadala uluntu, walwenza lwafana noThixo, lunendalo efana noThixo. Wadala indoda nomfazi, wabasikelela, lonke uluntu.” (Genesis 5:1-2) Ukubuyiselwa koBuhlobo obusondeleyo (Uthando loBudlelwane) noThixo INkosi ibonisa ukubuyiselwa kobudlelwane bayo nabantu bayo ngomfanekiso woMtshakazi noMyeni. Isiqendu esikwiSityhilelo 19:7-9 sibonisa umsitho womtshato weMvana, uYesu, xa ibiza umtshakazi wayo, ibandla, emva kokuba izilungiselele Yena. UPawulos uchaza indlela umtshakazi aza kuzilungiselela ngayo: ngokuzithoba kuThixo nangokuvuma ukuba ahlanjululwe ngokuhlanjwa liLizwi lakhe (Efese 5:25-27). Xa umtshakazi elungisiwe kwaye uYesu ebuya ngenxa yakhe, ubudlelwane obuqhekekileyo emyezwani buya kubuyiselwa ngokupheleleyo, kwaye umntu uya kuphinda abe mnye noKristu kunye noThixo, ephendula umthandazo kaYesu woMbingeleli oPhakamileyo (Yohane 17). Kodwa, njengakwi "mtshato" wokuqala phakathi kuka-Adam noEva, umtshakazi kufuneka abe lithambo lamathambo akhe nenyama yenyama yakhe - oko kukuthi, kufuneka abe njengaye. Akayi kubuyela kumtshakazi ongcolileyo, owoyisiweyo. Kwinkonzo yokubuyisela yexesha lokugqibela, uThixo ulungiselela umtshakazi ngobuhle namandla, enxibe uzuko lwakhe. Igama elithi "ukwazi" lithetha ukwazi uThixo ngokusondeleyo. Ukwazi uThixo, akufani nokwazi izenzo zikaThixo. IBhayibhile liLizwi likaThixo – elinye lamatye esiseko sokholo lwethu. Umntu unokuba nolwalamano olusondeleyo (lothando) noThixo kuphela xa sele eyazi iindlela zikaThixo. Simele sizame ukuhlala sinolwalamano olusondeleyo noThixo okokuze ekugqibeleni lube yindlela yokuphila.

Oku kuya kuba luphawu oluphambili lwebandla lesi-8 – ibandla elizukileyo elinobuqaqawuli nobuhle bokwenene.

Oku kwahluke kakhulu kwisigidimi sikaYesu esifikelela kumabandla asixhenxe kwiSityhilelo 2 no-3:

“Asingabo bonke abathi kum, Nkosi, abaya kungena ebukumkanini bamazulu, kodwa ngabo bahambayo ukuthanda kukaBawo osemazulwini. Abaninzi baya kuthi kum ngaloo mini, Nkosi, Nkosi, asiprofetanganga egameni lakho, sakhupha iidemon egameni lakho, senza imisebenzi emininzi yamandla egameni lakho? Ndize ndithi kubo ngokuphandle, Andizange ndinazi: mkani kum, nina nenza okungendawo ningayinanziyo imiyalelo yam” - (Mateyu 7:21-23)

Ukubuyiselwa koButata boMoya

Ukubuyiselwa kobutata bokomoya, ekuthanjisweni nguEliya ngomoya, yinxalenye yokulungiselela ukubuya kukaYesu. Abafundi babuza uYesu, emva kwesityhilelo kwiNtaba yoTshintsho, ukuba kutheni 'ababhali bomthetho' besithi uEliya kufuneka eze kuqala, ngaphambi kokuba uMesiya abonakale. Emva koko uYesu waphendula wathi: “Ewe, uEliya uyeza aze abuyisele zonke izinto. Ke ndithi kuni, uEliya sele efikile, kodwa abamazanga, kodwa bamenze konke abakuthandayo...” (Mateyu 17:11-12) UYesu waqinisekisa ukuba uEliya uza kufika kuqala. Ukubuyiselwa kufuneka kufike kuqala ukuze uYesu akwazi ukungena kumsebenzi wakhe njengoKumkani onguMesiya. Ngoko ke ukubuyiselwa sisicwangciso sesenzo sesiprofeto esenzeka kwixesha elingaphambi kokubuya kukaYesu. Oku kubandakanya umntu ongumntu oza kwenza izenzo zesiprofeto ngaphambi kokuba uYesu eze (Mat. 17:11). UEliya weza ngexesha apho uSirayeli wayephantsi ngokomoya, nangokwenza imimangaliso enamandla. Wabuyisela uloyiko lukaSirayeli ngoThixo ngokubonakaliswa kozuko lukaThixo. Wabuyisela isibingelelo esasidilikile; wabuyisela ubulungiseleli bobuprofeti; waziwa njengomphilisi wobudlelwane bosapho ngokunika unyana ofileyo kunina. Kuzo zonke izenzo zakhe wangqina ubungqina bokuba wayeyindoda kaThixo ebuyiselweyo. UThixo wamzisa uEliya kwinqanaba lokukhula ekuqondeni kwakhe icebo likaThixo lokubuyisela. Kungale ndlela uYesu awayethetha ngayo ukuba umoya kaEliya ubuye ngaphambi kokubuya kukaYesu okwesibini. Oku kubhekisa kumadoda nabafazi abaziswe nguThixo kwinqanaba elifanayo lokukhula nokuqonda iinjongo zikaThixo zoxolelaniso. Ngoko ke ubulungiseleli bukaEliya ngokusisiseko bukhulu koMzimba kaKristu kwiHlabathi liphela. “Wathi uYesu kubo, Inene, ndithi kuni, ekuzalweni kwezinto zonke, xa uNyana woMntu ehleli etroneni yakhe ezukileyo, nina nindilandeleyo niya kuhlala nani ezitroneni ezilishumi elinambini, nigweba izizwe ezilishumi elinambini zakwaSirayeli” (Mateyu 19:28). Igama elithi “ukuhlaziywa” ligama lesiGrike elithi paliggenesia, elithetha ‘ukuba kwakhona’ kwaye le yinto uYesu awayeyibiza ngokuba kukuhlaziywa kwendalo yonke, nto leyo ethetha ukuba yonke into iya kubuyiselwa kwakhona. Ukubuyiselwa okupheleleyo kuza nokubuya kukaYesu: ‘Uyabona, zonke izinto ndizenza ntsha’ – (ISityhilelo 21:5) Igama lesiGrike elithi ‘okutsha’ apha ngu-kainos elithetha ukutsha kwisimilo kunye nomgangatho, okuquka ukubuyiselwa kwenene. Xa uPawulos ekhuthaza amakholwa ukuba ‘aguqulwe ngokuhlaziywa kwengqondo yenu’ ilizwi lakhe (Roma 12:2), ubhekisa ekuhlaziyweni kwinto endala, uThixo unokudala into entsha ngokupheleleyo kwisimilo kunye nomgangatho – oko kukuthi ukubuyiselwa. UThixo uthi wenza yonke into ibe ntsha kwisimilo – isuswe ekuboleni, ekugugeni, konke okugugileyo lixesha, iimeko okanye ukuhlaselwa lutshaba. Kanye njengokuba konke kwakulungile ekuqaleni, kuba njalo

kwakhona, kutsha (“kainos”) kwaye kutsha (“neos”) njengaxa kwakudalwa okokuqala¹⁵.

Okuqulethwe yiSivumelwano seBhayibhile

Umnqophiso kaThixo ngumnqophiso wegazi (imizekelo ka-Abraham noMoses), umnqophiso wothando (uDavide noYonatan) kunye nomnqophiso odluliselwa (uEliya noElisha). Umnqophiso uhlala ubonakaliswa ngomlilo kwaye umlilo udinga idini esibingelelweni. UPawulos usixelela ukuba sizinikele njengedini eliphilayo (Roma 12:1-2). KwiZibhalo sifumana iminqophiso emininzi yembali etyhila umnqophiso weBhayibhile kaThixo nabantu bakhe. Imizekelo ibandakanya umnqophiso noAdam, uNowa, uAbraham, uMoses, uDavide kunye noYesu Kristu. Kuthi phantsi "koMnqophiso oBuyisiweyo", igazi likaYesu lelona sithembiso nesiqinisekiso sokuthululwa koMoya, ngabanye nakwinqanaba loluntu¹⁶.

Isivumelwano Segazi

Njengakwiminqophiso yonke, umnqophiso weBhayibhile nawo utywinwe ngegazi¹⁷. Igazi likaYesu kwakufuneka liphume ukuze libe bubungqina phakathi kukaThixo nathi. Umzekelo ogqibeleleyo wesivumelwano segazi kukuphalala kwegazi xa uThixo wenza umnqophiso noAbraham (Gen. 15:8-10). Ukuphalala kwegazi kwakuluphawu lomnqophiso kaThixo noAbraham. Sifumana oku kwakhona kumnqophiso kaThixo noAbraham ngolwaluko olwaluluphawu emzimbeni ukubonakalisa umnqophiso noThixo (Gen. 17:10-14). Kumnqophiso wethu noThixo ukuba 15 Sjöberg, Kjell. Olu phawu lubonakaliswa ecaleni likaThixo ngamanxeba kaYesu: "Kwaye nina, ngenxa yesivumelwano sam segazi kunye nani, ndiya kubakhulula ababanjwa benu kwiiseli zabo ezingenathemba. Buyelani ekhaya, babanjwa abazele lithemba! Namhlanje ndivakalisa ibhonasi ephindwe kabini—konke enikulahlekileyo kubuyiselwe kabini! UYuda ngoku sisixhobo sam, isaphetha sam ndiya kusitsala, ndimise uEfrayim njengotolo kwintambo. Ndiya kubavusa oonyana bakho, Ziyoni, ukuba balwe noonyana bakho, Owu Greece. Ukususela ngoku abantu bangamakrele am. (Zekariya 9:10-12)

Umnqophiso woThando

Kukumnqophiso womtshato apho uThixo atyhila khona indalo, umgangatho kunye nobunzulu bothando lwakhe ukuze alungiselele umtshakazi onomdla oza kunikezelwa kuNyana wakhe. Lo mnqophiso wothando ubonakaliswe kwangaphambili kumnqophiso

omdala ngomnqophiso kaDavide noYonatan (1 Sam. 18:1-4; 2 Sam. 1:23, 26). Kukufanekisela kwangaphambili uthando lukaYesu “olufanayo” kuMtshakazi wakhe eCaweni. UMtshakazi ucelwa ukuba aphuhlise uhlobo olufanayo lothando ngokweyoku-1 kwabaseKorinte 13:4-7. Luthando oluzinikela ngokupheleleyo, lulandela umfanekiso kaYesu owazinikela ngenxa yecawe yakhe (Efese 5:25) waza wazikhupha ngokupheleleyo (2 Kor. 8:9). ‘Yibani nale ngcinga kuni, eyayikho nakuKristu Yesu, owathi, nangona wayekwimo kaThixo, akakubalelanga ukulingana noThixo njengento yokuphangwa, kodwa wazihluba, wathabatha ubume bomkhonzi, wenziwa wafana nabantu. Uthe ke, efunyenwe enobuntu, wazithoba ngokuthobela kwada kwasa ekufeni, ukufa emnqamlezweni’ (Filipi 2:5-8) Ingubo uJonathan ayinika uDavide ifanekisela ukhuseleko uYesu, uMyeni, alunika iBandla lakhe, uMtshakazi. Olu hlobo lothando olunomdla oluzinikela ngokupheleleyo luthando uThixo afuna ukulukhulula kwibandla lakhe leXesha lokuGqibela ukuze alivumele libonakalise ubuntu bukaKristu. Olu thando lunomthombo womoya kwaye lubuyisela umnqophiso wokwenene wothando lukaThixo. Intando yakhe yandisa ubudlelwane bothando phakathi kwabantwana bakaThixo. Olu thando luhamba xa amalungu omzimba edibene ngothando kuba ephinde axhunyaniswa nesiqu somdiliya. Ngabo banxulumano bokwenene othandweni oluvela kuThixo. Bavumela incindi ukuba ihambe ukuze umthi wobomi uvelise isiqhamo ngonaphakade kuthi. Lulo thando oluvumela ukukhululwa kokuphiliswa okuvela kumasebe omthi (ISityhi. 22:2; Hez. 47:12). Kwakhona ngexesha lesidlo somthendeleko, sihlaziya umnqophiso wethu noThixo. “Ngexesha lesidlo, uYesu wathabatha isonka, wasisikelela, wasiqhekeza, wanika abafundi bakhe: Thabathani, nidle. Ngumzimba wam lo. Ethabatha indebe, ebulela uThixo, wabanika yona: Selani oku, nonke. Ligazi lam eli, umnqophiso omtsha kaThixo othululwa ngenxa yabantu abaninzi ukuze kuxolelwe izono. “Andisayi kusela wayini kule ndebe kwakhona, kude kube yiloo mini intsha, xa ndiya kusela nani ebukumkanini bukaBawo.” (Mateyu 26:25-27)

Isivumelwano sokudluliselwa

Umnqophiso kaThixo nathi ngumnqophiso apho ukudluliselwa kweempawu, amandla kunye negunya kusebenza ngathi ngenxa yethu, njengoko kwenzeka kubudlelwane nabantwana. Yiyo loo nto ingumnqophiso kwingqiqo kaEliya noElisha apho umsebenzi kaYise uqhubeka ngoonyana. Kwakhona ngumnqophiso obuyisela intliziyo kaYise kubantwana Bakhe. Ngumnqophiso wobuzali bukaThixo, owafezekiswa ngumnqophiso phakathi kukaEliya noElisha. Ngumnqophiso wokudluliselwa ngaphandle kokufuna ukuzingca. Uvuyo lukaEliya kuphela yayikukwazi ukuba uthambiso awayelufumene lwaluza kuhlala ixesha elide kuElisha. UEliya wayesazi ukuba uElisha wayeza kufumana olu thambiso luphindwe kabini (2 Kumkani 2:9-10). Kodwa asinakwambathiswa ngolo hlobo ukuba asingenanga kumnqophiso noYise. Sikwafumene uthambiso oluphindwe kabini ngokwesithembiso sikaYesu: “Inene, inene, ndithi kuni, Lowo ukholwayo kum, imisebenzi endiyenzayo mna, naye uya kuyenza; nemisebenzi emikhulu kunale uya kuyenza; ngokuba mna ndiya kuBawo.” (Yohane 14:12) Uthe ngenxa yokuthanjiswa okudluliselweyo ababeza kukufumana abo bakholwayo kuYe. Olu thanjiswa oludluliselweyo oluvela kuYise lwakhululwa kubafundi njengoko babethandaza kwigumbi eliphezulu. Luza kuvumela abafundi ukuba baqhubeke nomsebenzi kaYesu wokwakha iCawa. Singangena kuphela kwimisebenzi yokwakha ngokutsha uThixo ayibizayo kwiCawa ukuba sifumana olu thanjiswa ludluliselweyo oluvela kuBawo. Luza xa simiswa kwakhona kumnqophiso wobutata18.

Ukuba thina njengabacebisi babapostile sifuna ukukhokela kwinkqubo yokubuyiselwa kweCawa kaThixo yeXesha lokuGqibela, kufuneka sibuyisele isiseko sokwenene sobuKristu beTestamente eNtsha esabekwa ngabapostile nebandla lenkulungwane yokuqala. Ukususela ekuthululweni koMoya oyiNgcwele ngePentekoste, uThixo wabuyisela ulwimi ukuze bonke abakholwayo kwihlabathi liphela bakwazi ukuthetha ulwimi olunye baze baqondane. Eso sisiseko sobunye beCawa uYesu awabuthethelela ngomdla ngaphambi koKufa Kwakhe (Yohane 17). Isipho seelwimi, esanikwa abafundi ngomhla wePentekoste, sanikwa njengophawu olunike nguThixo lokubuyiselwa kolwimi olunye (1 Kor. 14:22). Olu phawu lwaluyingxelo enamandla yokuba ibandla laliza kuba yinto echasene neNqaba yaseBhabheli apho ulwimi lwabantu lwalusasazeke khona. IYerusalem imi ngqo echasene neBhabhiloni nomoya woMchasi-Kristu owatshabalalisa ubunye phakathi kukaThixo nabantu Bakhe naphakathi kwabantu Bakhe. Ngesipho seelwimi abantu abavela kuzo zonke iintlanga neelwimi bahlanganiswa libandla ukuze bathethe ulwimi olulodwa olunokumanyanisa abantu, umyalezo wobunye nozuko kuKristu Yesu. UliLizwi likaThixo, uNxibelelwano oluvela kuThixo. Ngaye bonke abantu baya kuhlanganiswa kwakhona kubunye obugqibeleleyo obuya kuzisa uzuko kuThixo. Nangona kunjalo, ukususela kwiCawa yenkulungwane yoku-1, esiseko sayo sabekwa phezu kwenyaniso yolwimi olunye kunye nobudlelwane bokwenyani phakathi koThixo nomntu, iCawa, ngelishwa, yasuka kude kakhulu nobunye bokwenyani. Ngezizukulwana ezilandelayo kunye namaxesha embali, amakholwa kwihlabathi liphela ahlukana ngenxa yokunikezelwa kwevangeli. Njengabashumayeli bexesha lokugqibela besigidimi soxolelaniso, kufuneka sigxile kwizithembiso zikaThixo zokuba uya kubuyisela zonke izinto, kwaye njengabalamli abaprofetayo luxanduva lwethu ukulungiselela indlela yokubuyiselwa. Oku kwenziwa ngokuzibonakalisa inguquko. Eyona nto iphambili kule nguquko kukuvuma ukuba isiseko sevangeli sasekwa kuMthetho nakuBaprofeti, nokuba uYesu weza kuzalisekisa umthetho kungekhona ukuwuthatha indawo yawo (Mat. 5:17-18). Inkqubo Yokubuyiselwa (Ukubethelelwa Emnqamlezweni Ukuze Ubuye) Ukubuyiselwa kukunyukela phezulu ukusuka ebuqaqawulini ukuya ebuqaqawulini, ngendlela efanayo naleyo ukwehla kokwehla koluntu kwenzeka ngayo. Le nkqubo iqala ngohambo lwethu oluphezulu ukusuka eMnqamlezweni naseVukweni, ngenkqubo yenyathelo nenyathelo ukuya ekubuyeni kukaYesu (2 Kor. 3:18). Ukuwa okuphambili koluntu kwaqala ngokuwa kuka-Adam noEva emyezwani wase-Eden. Oku kunokubonwa njengokuwa okubalulekileyo okwathatha uluntu ukuya ezantsi kancinci ngesiphumo soMkhukula onokubonwa njengokuwa kwesibini kwaze kwakhiwa iNqaba yaseBhabheli njengokuwa kwesithathu. Oku kwehla kwaphumela ekubeni umntu alale engenakuzinceda ezantsi; kodwa kulapho kanye, ezantsi apho abawileyo balele khona, apho uThixo asinika khona uxolelwano. Ukusuka kuxolelwano olupheleleyo olwenzelwe thina nguYesu, indlela eya ezulwini ivuliwe kwaye singenza indlela yethu inyuke inyathelo nenyathelo ukusuka kwelinye inqanaba ukuya kwelinye, de uYesu afike 19.

Mhlawumbi umzekelo ongcono wokubonisa umsebenzi womcebisi wobupostile unokufumaneka kumntu nakumsebenzi kaNehemiya. Ingakumbi ngokubhekisele kumcebisi wobupostile njengomntu olungiselela ibandla kunye noluntu lweXesha lokuGqibela ukubuya kukaYesu, icebo likaNehemiya linika umzekelo obalaseleyo. Amanqanaba ahlukeneyo okucebisa achazwa kakuhle ngesicwangciso sikaNehemiya sokwakha iYerusalem emva kokutshatyalaliswa kwayo. Incwadi kaNehemiya inika isikhokelo esifanelekileyo sokwakha ubomi bomntu ngamnye kunye namaziko. Ichaza ukwakhiwa kwakhona kwesixeko samandulo esasiphukile, satshatyalaliswa kwaye sizaliswe ngabantu abaphukileyo. Inkqubo yokwakha kwakhona yenzeka ngezigaba ezibini ezidibeneyo. Kwinqanaba lokuqala, uThixo wabuyisela itempile kunye nesibingelelo saseYerusalem, nto leyo eyayifanekisela ukubuyiselwa kokunqulwa ngabantu bakaThixo. Oku kubhekisa ngqo kwinkqubo yokwakha kwakhona ibandla leXesha Lokugqibela. Ukubuyiselwa konqulo lwethu kuThixo, ngokudumisa nokubulela kuya kuhlala kubeka isiseko sokubuyiselwa kwazo zonke ezinye iindawo zobomi bethu. Nangona kunjalo, emva kokuba itempile yakhiwe kwakhona,

kwakufuneka kwenziwe uhlaziyo olongezelelekileyo. Abantu babesalimale kwaye bephukile ngenxa yelifa labo elilahlekileyo kunye nezizukulwana zokuthinjwa. Babefuna umntu oza kubanceda ekwakheni kwakhona isixeko esasiphukile. Kukule nqanaba lenkqubo yokubuyiselwa, apho uxanduva lokunika iingcebiso zabapostile luba lubalulekileyo. Kutheni le nto isixeko sasibaluleke kangaka? Isixeko sasiluphawu lokholo namandla abo. Sasikwayindawo yabo yokhuseleko, indawo yokuhlala kunye nendawo yokuphumla. Kukho iimbekiselo ezininzi kwiZibhalo apho iYerusalem ibizwa ngokuba yindawo yokuphumla kaThixo, indawo yakhe yokuhlala. Abaprofeti abaninzi nabo baprofetha ngexesha lokuthinjwa ukuba uThixo uya kuyibuyisela indawo yabo yokuhlala, kwaye abantwana babo baya kuphumla (Iindumiso 61; 82; 88; Isa. 44:26; 49:6; 58:12-14; 60:4-5,8-12; 61:4; 66:8-10; Yer. 27:22; 42:12; Hez. 29:10-14; Yoweli 3:1; Zek.10:6). Ukudibana komsebenzi wokubuyiselwa kukaEzra noNehemiya ngumzekelo ogqibeleleyo wendlela ubulungiseleli bobuprofeti nobobupostile obusebenza ngayo kunye. Phantsi kokuthanjiswa kwesiprofeto iLizwi likaThixo liba ngundoqo kwaye abantu babuyela kwiindlela nentando kaThixo. Phantsi kokuthanjiswa kwesiprofeto uThixo wakha kwaye wabuyisela izixeko, uluntu kunye neentlanga. Enye ilungiselela enye indlela. Yiyo loo nto sihlala sisiva ngeentshukumo zikaThixo ezidibeneyo zobupostile nesiprofeto. Iimbiza Eziphukileyo Njengomzekeliso Wokubuyiselwa Oko uThixo wakudala ekuqaleni yayibubuchule bombumbi ngobuhle baso kunye noyilo lwaso. Isono sethu saqhekeza esi sitya sodongwe sigqibeleleyo, sihle. UYeremiya wayengumprofeti owanikwa imibono ecacileyo yokubuyiselwa, kwaye wayengomnye wabo baprofetwa ngesicwangciso sikaThixo sokubuyisela. Lo mbono uchazwe kakuhle kuYeremiya 29-33. Wayekwabizwa ngokuba 'ngumprofeti olilayo', owayeqonda imigaqo emibini yokomoya echaphazele indalo yokuqala: okokuqala, ukuqhekeka kwesitya sodongwe kwaye okwesibini, ukuhlenganiswa kwakhona kweziqwenga eziqhekekileyo zibe sisitya esibuyiselweyo. UYeremiya wayeqonda ukuba uThixo ngobabalo lwakhe uzimisele ukuqala kwakhona; kodwa unokukwenza oko kuphela ngabantu ngabanye kunye nezizwe ezizimisele ukuguquka: "Ukuba ndithe ndavakalisa uhlanga okanye ubukumkani ukuba buya kuncothulwa, buchithwe, butshatyalaliswe, luze olo hlango ndilulumkisileyo luguquke ebubini balo, andiyi kuzisola, ndingayi kulwenza intlekele endandiyicebe." (Yeremiya 18:7-8) Umthetho wokutyunyuzwa kwembiza yodongwe usasebenza kude kube lixesha apho umntu eguquka kwiindlela zakhe ezimbi; yilo xesha apho ukubuyiselwa kuqala khona. Kwiminyaka emininzi kamva umpostile uPawulos wakhankanya nomfanekiso wesitya esiqhekekileyo okanye imbiza yodongwe apho uThixo wayefake khona ubutyebi bakhe, uMoya wakhe oyiNgcwele: 'Kodwa esi butyebe sibuphethe ngezitya zodongwe, ukuze incasa yamandla ibe yekaThixo, ingabi yekathi' (2 Korinte 4:7). UPawulos wayeyiqonda le mithetho mibini yokomoya esebenza ekudalweni kukaThixo. Umthetho wesono nokufa uchaphazela yonke into ukususela ekuweni, kodwa umthetho woMoya wobomi usebenza ukususela ngexesha uYesu avuka ngalo kwabafileyo. Xa umthetho woMoya wobomi usebenza kuthi, kukho ukubuyiselwa nokuphiliswa kwesitya esaphukileyo. Xa uYobhi wayejongene namaxesha anzima kakhulu kwaye elahlekelwa yiyo yonke into awayenayo, wathabatha iqhekeza lesitya sodongwe esaphukileyo ukuze azikrwele ngaso, waza wahlala phantsi eluthuthwini. Nangona kunjalo, iNkosi yamphilisa uYobhi yaza yamsikelela kakhulu ngeegusha ezili-14 000, iinkamela ezingama-6 000, iinkomo ezili-1 000 kunye neemazi zeeesile ezili-1 000. Ngaphezu koko, wayenoonyana abasixhenxe neentombi ezintathu.....waza wafa uYobhi, emdala kwaye enelisekile ziintsuku. (UYobhi 42:12-17) Indima yoMthandazo wokuNcenga ekuBuyiselweni Ubulungiseleli bokubuyisela bubulungiseleli obahlukileyo njengobulungiseleli bokukhulula. Luhlobo lobulungiseleli bomthandazo wesiprofeto. Imithandazo iluhlobo olwahlukeneyo, kodwa uhlobo oluthile lomthandazo apho sisebenzisana noThixo lubizwa ngokuba kukuthethelela. "Ukuthethelela sisenzo sokuthethelela (ukungenelela okanye ukuxolelanisa) phakathi kwamaqela amabini. Kwinkolo yobuKristu ngumthandazo kuThixo egameni lomnye umntu. - ukuma esithubeni ngenxa yomnye umntu." Oku kunokubizwa ngokuba ngumthandazo wokubuyisela. Ukuze siqonde le mithandazo, kufuneka sifunde ulwimi lokubuyiselwa. UDavide, uNehemiya noDanyeli yimizekelo yeBhayibhile yabameli abathandazela ukubuyiselwa kwabantu babo. UYobhi ngomnye umzekelo wommeli ³³weBhayibhile. UYobhi wabuyiselwa xa

wayethandazela abahlobo bakhe, kuba babengathethanga kakuhle ngaye, okanye ngeNkosi: “UYehova wakubuyisa ukuthinjwa kukaYobhi, xa wayethandazela abahlobo bakhe; uYehova wamnika uYobhi kabini ngaphezu koko wayenako ngaphambili” (Yobhi 42:10). Ukubuyiselwa kukaYobhi kuthetha ukuba wayemsulwa kuzo zonke izityholo ezingenasihlahla ezazibekwe nxamnye nokuziphatha kwakhe okungcwele. Ukubuyiselwa kuza ngokuvumelana nobabalo lukaThixo nesisa sakhe, kwaye unika imbuyekezo ephindwe kabini. Xa iNkosi ibuyisela, sihlala sifumana okuphindwe kabini koko besikulahlekile - oko kususiseko sokubuyiselwa kokwenene: ukuba ngcono kunokokuqala. Xa iNkosi ibuyisela uSirayeli, ithi: “Endaweni yehlazo labo, abantu bam baya kufumana isabelo esiphindiweyo, endaweni yehlazo baya kuvuyela ilifa labo; ngoko baya kudla ilifa eliphindiweyo ezweni labo, novuyo olungunaphakade luya kuba lwabo” (Isaya 61:7). Izibhalo ezithetha ngomthandazo wokubuyiselwa zininzi. INdumiso 126 ngumzekelo omnye wendlela abantu ababethandazela ngayo ukukhululwa ekuthinjweni. INdumiso 80 kunye ne-85 zezinye zemizekelo yomthandazo wokubuyiselwa. Imithandazo yeTestamente eNtsha yokubuyiselwa ifumaneka kwabase-Efese 1:17 nakwabaseFilipi 1:6. Umthandazo wokubuyisela izinto esizifunayo yindlela uThixo asebenzisane ngayo nabantwana bakhe ukuze azalisekise icebo lakhe. Njengoko sifunda indlela uThixo asebenzisa ngayo izicwangciso zakhe zokubuyisela abantu bakhe, siyabona ukuba oku kwenziwa ngokusebenzisana phakathi kwabaprofeti nabalamli. Yayingabaprofeti ababephethe imibono yethemba lokubuyiselwa. Nokuba imeko yayinjani na apho uhlanga lwakwaSirayeli lwaluzifumana lusesichengeni, umprofeti ngamnye wayezisa umyalezo weNkosi nangona kungekho mntu uwumameleyo. Ezi miyalezo ziqulathe iindaba ezilungileyo, zendlela iNkosi eyayiza kuzisa ngayo ukubuyiselwa. Kwanabaprofeti, abamyalezo wabo wawuphathelele ukutshatyalaliswa kukaSirayeli nokuthinjwa, babenombono weNkosi yokwakha kwakhona izixeko ezidilikileyo nokuqokelela kwakhona abantu bayo. Babeyiqonda icebo likaThixo lokubuyisela izinto esizifunayo kwaye yaba ngumyalezo wabo weendaba ezilungileyo: “Abo baphuma kuwe baya kwakha iindawo ezindala ezichithakeleyo; uya kuvusa iziseko zezizukulwana ngezizukulwana; uya kubizwa ngokuba nguMlungisi weeNgxaki, uMvuseleli weZitrato zokuhlala” (Isaya 58:12). ‘Ndiya ... ndinibuyisele kule ndawo ... Niya kundibiza, nize nithandaze kum, ndiniphulaphule ... ndiya kufumaneka kuni, utsho uYehova, ndinibuyise ekuthinjweni. Ndiya kuniqokelela ezintlangeni nasezindaweni apho ndanigxothela khona, utsho uYehova, ndinibuyisele endaweni endanifudusela kuyo’ (Yeremiya 29: 12-14) Umthandazo wokubuyiselwa ubonakala ngokuphuka nokuguquka; kukujongana nemiphumo yokuwa komntu. Ukubuyiselwa kuhlala kuqala ekwakhiweni kwakhona kwesibingelelo, kwaye ngokwenza oku silandela umzekelo kaEzra umbingeleli. Emva kokuba isixeko saseYerusalem satshatyalaliswa, inyathelo lokuqala kwinkqubo yokwakha kwakhona eyaqalwa nguEzra noNehemiya yayikukubuyiselwa kwesibingelelo (Ezra 7-10). Oku kufanekisela ukuguquka kwezono nokubuyela kwiindlela nentando yeNkosi. Kubalulekile ukuqonda ukuba sisoloko sisono esisenza siphile ngaphantsi komgangatho uThixo asicebele wona kwindalo yakhe, kwaye ke ngoko, kufuneka sithandazele uxolelo nobabalo ngaphambi kokuba ukubuyiselwa kwenzeke. Umzekelo omhle ufumaneka kwiNdumiso 51, ebonisa indlela uDavide aguquka ngayo kwisono sakhe. Xa kwafika ixesha lokuba icebo likaThixo lokubuyiselwa lisebenze, kwafika ixesha lokuba abalamli babambe isandla sabaprofeti. Olu nxibelelwano phakathi kwabaprofeti nabalamli yinto ebizwa ngokuba yinkonzo yomthandazo wesiprofeto. Ukuncenga kwabaprofeti kuquka nokuchongwa okunzulu kwesiprofeto nabo bawileyo. Kuyo yonke imithandazo kaYeremiya noNehemiya sifumana indlela abazichonga ngayo izono zabantu. Umzekelo, xa uNehemiya wafumana ingxelo yokuba iindonga zaseYerusalem zidilikile kwaye amasango atshiswe ngomlilo, wayekwimo yokuchongwa okunzulu kweemvakalelo okwabangela umthandazo wakhe wokubuyiselwa (Neh. 1:1-4). Umthandazo kaNehemiya wawusisivumo sesono egameni lakhe nabantu bakhe (:6-7), walandelwa kukukhumbuza uThixo ngesithembiso sakhe sokubuyiselwa. UHezekile naye wazichonga nentlungu entliziyweni kaThixo: ‘UMoya wandiphakamisa wandisusa, ndahamba ndikakra, ndinomsindo womoya wam, isandla esinamandla sikaYehova siphezu kwam’ (Hezekile 3:14) Kubalulekile ukuqonda ukubonakaliswa okunzulu kwesiprofeto kumthandazo wokubuyiselwa – okubizwa³⁴ ngokuba kukuguquka kokubonakaliswa –

njengoko yenye yeendlela zokuphilisa ezinamandla nezisebenzayo zomcebisi wabapostile ngexesha 'leeseshoni zokubonisana' ezihlangeneyo. Siphila kumaxesha oxinzelelo olukhulu ehlabathini namhlanje. Sibona abantu bevukela uThixo kwaye besiya nzulu esonweni. Kwangaxeshanye siyazi ukuba izigwebo zikaThixo phezu kwaboni ziyasondela. Sidinga ulwimi oluqinileyo ukuze sizifanise naboni abaya kude noThixo. Njengoko iXesha Lokuphela lisondela, siya kufuna indlela yeBhayibhile yokubonakalisa usizi, inguquko kunye nokuguquka. Sifunda amaxesha ngamaxesha indlela abakrazula ngayo iingubo zabo, basasaza uthuthu entlokweni zabo baze balile ngeengubo ezirhwexayo (jonga uEksodus 32:19; uDuteronomi 9:18-19; uHezekile 3:14-15; uDaniyeli 9:3; uEzra 9:3-4). Ukukrazula iimpahla zethu kunokuba sisenzo sokholo, ingxelo yokuzihlukanisa nokungakholwa nokukhanyela, njengoYoshuwa noKalebhi (Numeri 14:4-6). Isiseko somthandazo wokubuyiselwa kukuthandaza kuThixo egameni labantu. Kukuba nolwazi ngesono esibangele ukuba siwele. Singubukumkani bababingeleli – inxalenye yobubingeleli bobukumkani bookumkani nababingeleli (1 Petros 2:9) kunye nomsebenzi oyintloko kunye nobizo loxolelaniso egameni labantu bakaThixo nehlabathi. UPawulos ugxininisa ukuba sifumene olu lungiselelo loxolelaniso (2 Kor. 5:18-21). Njengabacebisi babapostile, kuya kuba luxanduva lwethu ngakumbi ukukhokela, njengenxalenye yolungiselelo lwabapostile bexesha lokugqibela uThixo axakekileyo ukuyakha kwihlabathi liphela, ukukhokela ekuthandazeleni uluntu lwethu, izixeko kunye neentlanga.

Isahluko 5: Ukubuyiselwa Ngebhalsam yaseGiliyadi

Intsingiselo Yokwenene Yebhalsam YaseGiliyadi Ngaphambi kokuba siqonde iBalm yaseGiliyadi njengomzekelo opholeleyo wengcebiso yokubuyisela, kufuneka sazi intsingiselo yembali, ebonakalayo kunye neyokwenyani yeBalm yaseGiliyadi. “IBalm yaseGiliyadi yibalm (into yokunyanga) eyenziwe nge-resinous gum ye-balsam poplar (Populus candicans). Ngumthi omncinci we-resinous waseMpuma Ekufutshane yamandulo. Elinye igama le-balm yi-“resinous Balsam Poplar”.²⁰ Kwimihla yeTestamente eNdala yeBhayibhile, i-balm yaseGiliyadi yayizisa ukuphiliswa nokuthomalalisa abantu bakwaSirayeli. Ilizwe laseGiliyadi nelasePalestina lamandulo lalityebile ngeziqholo kunye nemithi ye-gum enuka kamnandi eyayinika le balm ukusetyenziswa kwasekhaya nokuthunyelwa kwamanye amazwe. Umthi wayo udla ngokuba mkhulu kakhulu kwaye uchuma kakuhle ecaleni komlambo. Ivelisa iintyatyambo ezinevumba elimnandi elifana nelesityalo se-eucalyptus. Ekuqaleni le balm yayisetyenziselwa unyango lwezifo zesikhumba kunye ne-eczema, nangona kamva yanda ukuze isetyenziswe kwezinye iindlela zonyango. Phantsi kweemeko ezilungileyo, umthi ungakhula ufikelele kwiinyawo ezili-100 ubude. Lo mthi we-gum, ohlala kwiZiqithi zaseCanary kule mihla, ngoku utyalwa kakhulu eYurophu yanamhlanje naseMntla Melika. Lo mthi awukhuli lula, nangona kunjalo amazwe amaninzi afana neSaudi Arabia, iYiputa, iSudan ne-Ethiopia aphumelele ekulimeni. Igama lanamhlanje elifana nelithi balm 'yioyile ekhethekileyo'. Ekuhambeni kwexesha, le balm ibe liyeza elihle kakhulu lomphimbo obuhlungu, ukukhwehlela, i-laryngitis kunye ne-bronchitis engapheliyo. Ngaphandle iyaphilisa ukudumba okubangelwa yi-rheumatism kunye ne-arthritis kwaye ingasetyenziselwa ukulunywa yinyoka, ukusikwa. Ikwasetyenziswa ngempumelelo kunyango lwemibimbi kunye namaqhuquhuva. Le mifuno ingasebenza njengesikhuthazi.²¹ Ibhalsam yayiliyeza abantu abalidingayo ngenxa yamanxeba abo ngenxa yoonyana babo bonqulo-zithixo. Ngokutsho kukaJosephus, ibhalsam yaseGiliyadi yaqala ukwaziswa kuSirayeli xa uKumkanikazi waseShebha wayinika uSolomon njengesipho. Emva koko umthi webhalsam watyalwa eNtabeni yaseGiliyadi. Ummandla waseGiliyadi waphawulwa ngokukhawuleza ngoogqirha bawo kunye nebhalsam yawo yokunyanga. Ngaphandle kwamandla ayo okuphilisa, iBalm yaseGiliyadi ineentsomi ezithile ezijikeleze yona. Kukholelwa ukuba inamandla okukhupha imimoya emibi, kwaye iyakwazi ukuhlanganisa kwakhona abathandi abahlukeneyo. Ikhankanywa kakhulu eBhayibhileni njengomphilisi. "Kukho iBalm eGiliyadi, yokwenza abenzakeleyo baphile" yintetho edumileyo eye yadlula kwiinkulungwane kubuKristu. KwiTestamente eNdala sifumene iimbekiselo ezininzi ngale Balm. IBalm inevumba elimnandi elenza ukuba ibe sesinye sezipho ezixabisekileyo nabani na anokuzixabisa - kwanoKumkanikazi waseShebha wanika uKumkani uSolomon isihlahla sasentlango esinevumba elimnandi iBalm yaseGiliyadi. Olu hlobo lweBalm oluxatyiwe kakhulu noluhlonitshwayo lunqabile kakhulu kule mihla kwaye xa lufunyenwe okanye lukhuliswe, aluvumelekanga ukuthunyelwa kwamanye amazwe ngezizathu zoqoqosho nezopolitiko. Ngamafutshane, iBalm yaseGilead sisihlahla esixabisekileyo esiphilisayo, sithomalalise kwaye sivumelanise umsebenzisi nendalo. Ayinakubekwa njengeyeza, kuba ivela kwindalo. Nangona kunjalo, amandla ayo ahlala ekho. Ngokuchasene nale mvelaphi, ngoku sinokujonga ukubaluleka kokomoya kweBalm yaseGilead eBhayibhileni. Intsingiselo Yokomoya Yebhalsam YaseGiliyadi Ngomprofeti uYeremiya, iNkosi ililela iYerusalem, isixeko esinendawo ekhethekileyo entliziyweni Yayo, nesibizwa ngothando ngokuthi “intombi yabantu bam”. <http://www.bible.ca/ef/expository-jeremiah-8-22.htm>, p.1 ²¹<http://www.red-oak.org/the-healing-balm-of-gilead.html>, p.1 ²²<http://www.christianchallenge.org/hebraic-foundations/HF123.html>, p.120 <http://www.christianchallenge.org/hebraic-foundations/HF123.html> http: IYerusalem yaba sisixeko esingendawo. Esi sixeko sasidume ngobuxoki, ukunqwenela izinto ezimbi, ukuziphatha okubi kunye nokunqula izithixo. Esi sixeko sasigula kwaye silimele kwaye siza kufa²³. UYeremiya

wayedandathekile, edanile, kuba iimeko zabantu zaba zimbi kakhulu. Abantu babelimele ngenxa yezono zabo kunye nonqulo-zithixo kwaye kwakufuneka babuyiselwe. Oku kwaphuka kuthelekiswa nezifo zomzimba kunye nokuphiliswa komzimba ukubonisa indlela eyayibuhlungu ngayo ngokungeyomfuneko. Kungekudala isixeko esichaseneyo saseBhabheli sasiza kuwela phezu kweYerusalem size siyitshabalalise. UYeremiya wakhala egameni likaThixo ngenxa yeYerusalem: ‘Kutheni na aba bantu behlehla, Yerusalem, ngokuphambuka okungapheliyo? Babambelele enkohlisweni, abavumi ukubuya? Ndibavile, ndeva, kodwa abathethi kakuhle. Akukho mntu uguqukileyo ebubini bakhe, esithi, “Ndenze ntoni na?”’ (Yeremiya 8:5-6)

UYeremiya wabuza lo mbuzo buciko udumileyo:

‘Akukho bhalsam na eGiliyadi? Akukho gqirha na apha? Kutheni na ke ingapholiswanga impilo yentombi yabantu bam?’ (Yeremiya 8:21-22)

Iimeko ezimbi zabantu ezazibabangele ukuba badinge amafutha ebhalsam zityhilwa kukubandezeleka kwentliziyo kaThixo ngoYeremiya:

“Ngenxa yokwaphuka kwentombi yabantu bam, ndaphukile; ndizilile, ndibanjwe kukukhwankqiswa.” (Yeremiya 8:20-21)

Akufuneki buchule buthile ukuze uve intlungu yentliziyo kaThixo xa esithi:

“Abantu bam bazimisele ukundishiya ... Ndingathini na ukukulahla Efrayim? Intliziyo yam iphendukile ngaphakathi kwam, zonke iimfesane zam ziyavutha”’ (Hoseya 11:8-9)

Xa uThixo wagqiba kwelokuba ahambe phakathi kwabantu, siphinda sive intlungu efanayo yentliziyo:

“Yerusalem, Yerusalem, wena ubulala abaprofeti, ubagibisele ngamatye abo bathunywe kuyo! Kukangaphi na ndifuna ukunibuthela ndawonye, njengokuba inkukhu ibuthela amantshontsho ayo phantsi kwamaphiko ayo, anavuma? Yabonani, indlu yenu ishiywa nani ingenanto! Kuba ndithi kuni, ukususela ngoku aniyi kundibona nide nithi, “Makabongwe lowo [uYesu] uzayo egameni leNkosi” – (Mateyu 23:37-39)

Wayethetha ukuthini uYeremiya xa ebuza ukuba akukho bhalsam eGiliyadi? Kukho intsingiselo yokomoya kule ngxelo:

Kutheni na aba bantu behlehla umva, Yerusalem, ngokuphambuka okungapheliyo? Babambelele enkohlisweni, abavumi ukubuya. Ndivile, ndeva, kodwa abathethi kakuhle. Akukho mntu uguqukileyo ebubini bakhe, esithi, “Ndenze ntoni na?” Wonke umntu ujika aye ekhondweni lakhe, njengehashe libaleka liye ebubini... Ningathini ukuthi “Sizilumko,

nomthetho kaYehova unathi... ngoko ke banobulumko buni na?” (Yeremiya 8:8-9)

Ioli Ephilisayo YaseGiliyadi

Ngaphesheya koMlambo iJordan, kufutshane neYerusalem, kwakukho ilizwe elibizwa ngokuba yiGiliyadi. Lalidume ngeziqholo zalo, amafutha okuthambisa kunye namayeza emifuno. Abantu babefuna ibhalsam yaseGiliyadi ukunceda izifo zabo kangangeenkulungwane. Lingumfuziselo kwaye liyisiprofeto ukuba abathengisi abathengiswa kubo uYosefu “Bevela eGiliyadi neenkamela ezithwele iziqholo, ibhalsam, nemore, besiya nazo eYiputa”. (Genesis 37:25) Okumangalisayo kukuba, uYosefu waphoswa neziqholo kunye ne-balm, njengenyane nje impahla. Sekunjalo abantwana bakhe babeza kungena ngelinye ilanga baze balithathe ilizwe laseGiliyadi, kwaye i-balm yalo yayiza kuba yeyabo ukuze bafumane ubutyebi (Yoshuwa 17:1). Xa uYosefu wathumela abantakwabo ukuba babuye.

Umntakwabo oseleyo uBhenjamin, uyise uYakobi wayalela oonyana bakhe ukuba bathabathe ezona mveliso zibalaseleyo zelizwe. Phakathi kwezi zipho kwakukho neBalm yaseGiliyadi: “...ukuze ndimthwalele indoda njengesipho, intwana yebhalsam” - (Genesis 43:11) Emva kokuthinjwa xa uSirayeli wabuyiselwa kwilizwe lakhe, iGiliyadi, kwicala elingasentshona yeJordan, yabandakanywa kwaye yaba yindawo yokuhlala yesizwe sakwaGadi. Urhwebo lwebhalsam lwaba ngumthombo wokuchuma kwezoqoqosho kuSirayeli, ngenxa yeempawu zalo ezikhethekileyo (Hez. 27:17). Lo mthi uqulethe i-turpentine ekhutshwe njenge-resin - imveliso yendalo yokuphilisa efunwa kakhulu. Kuthiwa le balm yayixabisa kabini ubunzima bayo ngesilivere. Ngoko ke le yenye yezinto ezihlekisayo ezikwibali leBhayibhile, ukuba uYosefu waphoswa neziqholo kunye ne-balm, njengenyane nje impahla. Sekunjalo abantwana bakhe babeza kuza ngelinye ilanga baze balithathe ilizwe laseGiliyadi, kwaye i-balm yalo yayiza kuba yeyabo ukuze bafumane ubutyebi (Yosh. 17:1). Kodwa sibuyela eYerusalem ngexesha likaYeremiya, njengoko iNkosi icinga ngokugula ngokomoya apho. Kakade ke, amafutha okwenyani aseGiliyadi ayengenakuphilisa izilonda zokomoya zaseJerusalem. Kodwa kanye njengokuba babenokuya eGiliyadi ukuyophilisa izilonda emizimbeni yabo, ngoko babenokuya kugqirha waseGiliyadi yokomoya (ezulwini) ukuze bafumane unyango lwezifo zabo zokomoya.²⁴

Ioli Yokomoya YaseGiliyadi

I-balm yaseGiliyadi yayisetyenziswa njengesiseko seziqholo kunye ne-oyile yokuthambisa ephilisayo. Abantu babekhohlwa ukuba yayinamandla okunyanga angummangalisano. Emva kukaKristu, kwabekwa isiqalekiso kuye nawuphi na umHebhere owayenika iresiphi ye-balm kumntu weentlanga. Ngoko ke sine-oyile ebiza kakhulu nexabisekileyo eyayinevumba elimnandi kwaye amandla ayo okuphilisa ayaziwa kulo lonke uBukhosi baseRoma. Yayibiza kakhulu kangokuba akukho mntu uqhelekileyo owayenayo. Kulapho ke kufuneka siye khona kwintsingiselo enzulu yokomoya ye-balm yaseGiliyadi. Kudala abaprofeti babebonwa njengoogqirha bokomoya. Babesoloko bezisa iLizwi likaThixo eliphilisayo nobulumko kwimiphefumlo yabantu abagula sisono. Ngaloo ndlela isazi sathi: “Ulwimi lwezilumko luyaphilisa (IMizekeliso 12:18). Isigidimi somprofeti sasilinda ngokuquka ukumangaliswa kukuguquka. Abaprofeti bamandulo babefundiswa ukuba inguquko yayiluhlobo lonqulo xa kufikwa kubomi bemihla ngemihla. Kwindlela yokuphila yemihla ngemihla, inguquko

yayikukwenza nje utshintsho oluncinci ekugcineni ikhondo lobomi elilungileyo. Kwakukho namaxesha ohlengahlengiso olukhulu kwaye kulapho ugqirha womprofeti wayenokufunyanwa ephethe “i-balm” ephilisayo kwabo baguqukayo. Ngoko ke sinentetho ethi, “Akukho balm na eGiliyadi?” Kodwa iGiliyadi yayidlulele ngaphaya kwemilinganiselo. Ibalm yokomoya yayilahliwe. Abemi babengene nzulu kunqulo-zithixo. Babengenandaba nesigidimi somprofeti sokuguquka: “Ngaba babeneentloni ngenxa yamasikizi abawenzileyo? Ngokuqinisekileyo abazange babe neentloni, kwaye babengazi ukuba bahlazeke njani, ngoko ke baya kuwa” – (Yeremiya 8:12) “...uYehova uThixo wethu usigwebile, wasinika amanzi anetyhefu ukuba sisele, kuba sonile (ngokuqhubekayo) kuYehova – (Yeremiya 8:14) “Ukuvuna kudlulile, ihlobo liphelile, kwaye asikasindiswa” - (Yeremiya 8:20)

UYesu njengeBalm engunaphakade

Ngoku masingenise oku kumnqophiso omtsha. Igazi likaYesu liyi-balm yezulu. Igazi lakhe lodwa elinokuzisa ukuphiliswa kwezulu kumphefumlo owonakeleyo esonweni. Imiphumo yoMoya oyiNgcwele

//www.simplybible.com.au/f123.htm p.124 http:

25 <http://www.christianchallenge.org/hebraic-foundations/HF123.html>, p.1 ukuphiliswa, kodwa ke lulwimi lwabalungileyo apho ukuphiliswa kuphuma khona. Ngaloo ndlela simva uYesu esithi ngabantu bakaThixo abazelwe phezu: “Ukuvuna kudlulile, ihlobo liphelile, kwaye asikasindiswa” - (Yeremiya 8:20) “Lowo ukholwayo kum, njengoko sitshoyo isibhalo, kuya kuphuma embilini wakhe imilambo yamanzi aphilileyo” (Yohane 7:38) Wonke umntu okholwayo unamandla okuzisa amanzi aphilayo, aphilisayo, okanye i-balm yasezulwini, kubomi bomoni okanye kubomi bomntu okholwayo oye wabuyela esonweni. I-balm yasezulwini yenzelwe ukuzisa ubomi naphi na apho ukufa kusebenza khona. Inyaniso kukuba amakhohla kufuneka abe ngabaphilisi bakaThixo bokomoya emhlabeni. Amanzi obomi kunye ne-balm ephilisayo yasezulwini ziindlela ezimbini nje zokuthetha into enye. Simele sizise i-balm yasezulwini kwimiphefumlo ehluphekileyo. Ngale ndlela onke amakhohla anokuthathwa njengabagqirha bokomoya - bezalisekisa umyalelo wesiprofeto seCawa. Kuthekani ke ngokulila kukaThixo, inceba kunye nokukhathazeka? Ngaphakathi entliziyweni yomntwana ngamnye kaThixo kukho ezo mvakalelo zifanayo ngomntu olahlekileyo nangomKristu obuyele umva. Nangona kunjalo, amaKristu amaninzi aphazanyiswe ngomnye umyalelo - njengabashumayeli bethelivishini abavakalisa umyalelo ongaqhelekanga malunga nokuchuma, ukuchuma, ukuchuma!²⁶ Okumangalisayo ngale miyalezo inye kukuba ngokweZibhalo, le miyalezo idla ngokuba ngomnye wemiyalezo echazayo, umprofeti wobuxoki nomfundisi wobuxoki. Uninzi lwabantu bakaThixo lutsalwa ecaleni yimiyalezo engeyiyo evela ezulwini. INkosi iyalila ngebandla ngokwalo. Uyakhumbula na isivumo sebandla laseLawodike? ILawodikeya yathi “Ndisisityebi, ndityebile, andiswele nto (ISityhi. 3:17). Kwakhona qaphela ukuba iNkosi ingaphandle kwebandla layo. Ingqongqoza emnyango icela ukuba ingeniswe. Kubonakala ngathi ibandla laseLawodikeya lalifikelele kwindawo apho babengaswelanga nto, kwaye akukho nto iquka neNkosi, nokuba babengayiqondi loo nto. Apha sinecawa eyimfama, ehamba ze kwaye itshiza amehlo efunekayo enokumela i-balm yasezulwini enikwa umntu okholwayo oguqukayo.

I-balm ligazi likaYesu elizisa amandla alo omoya amangalisayo onyango emphefumleni. Umpostile uYohane wathi into efanayo kakhulu:

“Ukuba sithi sinobudlelane naye, sibe sihamba ebumnyameni, siyaxoka, asiyezi inyaniso; ke ukuba sihamba ekukhanyeni, njengokuba yena esekukhanyeni, sinobudlelane omnye nomnye, negazi likaYesu uNyana wakhe liyasihlambulula kuso sonke isono” (1 Yohane 1:6-7). Ukuba sithatha ezi nxalenye zimbini zeZibhalo kunye, sibona ibandla lizivakalisa likunye neNkosi, kodwa oko yayikukuvuma nje okwenziwayo. Kwakungeyonyani. Kuyenzeka nakwabakholwayo namhlanje - kuyenzeka kwaye kuyenzeka²⁷. “Lowo ukholwayo kum, njengoko sitshoyo isibhalo, kuya kuphuma embilini wakho imilambo yamanzi aphilileyo” – (Yohane 7:38) Akukho sono sinzulu kangangokuba igazi likaYesu alinakukwazi ukusihlambulula nokusihlambulula. Umphumo wegazi leMvana lisetyenziswa ngumphefumlo ozele yimpilo kunye nokuqonda okupheleleyo. Ukuqonda isono (isono) akusekho. Isono singathi asizange senzeke. Unjalo umphefumlo ohlanjululweyo, kwaye kwakhona ikholwa elibuyiselweyo liqala ukuziva iinkanuko zikaKristu ngomntu olahlekileyo. I-balm yaseGiliyadi ingashwankathelwa: 26 <http://www.christianchallenge.org/hebraic-foundations/HF123.html>. iphe. 2

‘Lumkani kungabikho mntu usilelayo elubabalweni lukaThixo, kungabikho ngcambu yobukrakra ihlumayo, ibakhathaze, baze abaninzi bangcoliswe yiyo.’ (Heb. 12:15) I-balm yendalo ibonisa i-balm yokomoya ngendlela entle necacileyo. UYesu livumba lobomi (2 Kor. 2:16) kunye noMyeni wethu othandekayo (Ingoma yeeNgoma 1:2). Kodwa uphawu olubaluleke kakhulu lwe-balm yokomoya yaseGiliyadi yile: UYesu liyeza lesono kunye "nolwamvila lokufa" lukaSathana. Xa uYesu wafayo, uSathana wayekholelwa ukuba uphumelele – kodwa eneneni, wayemlume isithende soNyana kaThixo (1 Kor. 15:54-57). UThixo wamvusa uYesu ngamandla amakhulu (Roma 1:4). Ekoyiseni ulwamvila lokufa, uYesu waba liyeza okanye i-balm ephilisa amanxeba ethu kwaye isikhusele. Ungumthi wobomi omagqabi awo “awokuphilisa iintlanga” (ISityhi. 22:2). Ngamandla kaThixo, uYesu waba “lizibulo” lovuko (1 Kor. 15:20). Ekupheleni kwexesha lonke, bonke abo bakhokelwe lukholo ukuba bathathe inxaxheba ekufeni, ekungcwatyweni nasekuvukeni kukaKristu ngobhaptizo nabo baya kuvuswa, bangaze bafe – kuba baphumle kuLowo uliyeza lokufa (Roma 6:3-10). Ukufa lutshaba lokugqibela oluza kutshatyalaliswa (Kor. 15:26), kwaye uYesu yiMbewu ethenjisiweyo ukususela ekuqaleni kwexesha onokukwenza oko. Nguye kuphela “onamandla okunyathela” akhankanywa kuyo yonke iBhayibhile. Ngomhla womgwebho, siya kumbona uYesu egqibezela isenzo sokugqibela soloyiso. Sithandwa kwaye sikhuselwe, siya kuma simangalisiwe, njengoko uThixo woxolo etyumza uSathana (ukufa) phantsi kweenyawo zethu (Roma 16:20). “NgoThixo siya koyisa, aze yena azinyathele phantsi iintshaba zethu” (INDumiso 108:13) Ukunyathela utshaba akunazo iingozi zako. Ekubeni uYesu wayenesabelo kubantu bethu, umzimba wakhe wobuntu wafumana amanxeba, imivumbo, kunye nokuhlalywa ngabantu abalwelwe (Isaya 53). Ubungqina bezinto zakudala bakutshanje bubonisa ukuba abanye abantu ababethelelwe emnqamlezweni ngeli xesha imilenze yabo yayijike ecaleni kwaye izikhonkwane zibethelwe ezithendeni zabo, kungekuphela nje ezinyaweni zabo. Asazi ukuba uYesu wabethelelwa ngolu hlobo na, kodwa xa sicinga ngale nyaniso kunye nesiprofeto sokuba isithende sikaYesu sasima okanye

satyunyuzwa, kubonakala ngathi kusengqiqweni. Kwakhona, iBhayibhile ibonisa ukuchaneka kweemeko zayo zembali kwaye ibonisa ukuphefumlelwa koMoya oyiNgcwele²⁸. Ibhalsam yaseGiliyadi Njengomthambiso Okhethekileyo Sifanele sicinge ngento uYesu, iBalm yaseGiliyadi emangalisayo, asenzele yona:29 ‘Emva koko [uYesu] wajika wajonga kumfazi wathi kuSimon, “Uyambona lo mfazi? Ndingene endlwini yakho. Awundinikanga manzi eenyawo zam, kodwa yena umanzise iinyawo zam ngeenyembezi zakhe waza wazisula ngeenwele zakhe. Awundanganga, kodwa lo mfazi, ukususela ngexesha endingene ngalo, akayekanga ukwanga iinyawo zam. Awundithambisanga ngeoyile entlokweni yam, kodwa yena uthambise iziqholo ezinyaweni zam. Ngenxa yoko ndithi kuwe, izono zakhe ezininzi zixolelwe – kodwa uthande kakhulu. Kodwa lowo uxolelwe kancinci uthanda kancinci. “Waza uYesu wathi kuye, “Izono zakho zixolelwe”. Abanye abamenyiweyo baqala ukuthi omnye komnye, “Ngubani na lo uxolela nezono?” UYesu wathi kumfazi, “Ukhohlo lwakho lukusindisile; hamba ngoxolo” - (Luka 7:36-45) Xa uYeremiya wabuza lo mbuzo ungasentla, wawusebenza kakhulu kwaye ufanelekile. Abantu abathengisa nge-balm banokugula njani kangaka? Kakade ke, i-balm yokwenene yaseGiliyadi yayingenakuphilisa amanjeba okomoya aseJerusalem. Wayezama ukusebenzisa umzekeliso ongokwenyama ukuze acacise ingongoma yokomoya. Wayezama ukubaxelela ukuba kanye njengokuba babenokuya eGiliyadi ukuze bafumane i-balm ukuze baphilise izilonda emizimbeni yabo, ngoko babenokuya kugqirha (uThixo) eGiliyadi yokomoya (ezulwini) ukuze bafumane unyango lokugula kwabo ngokomoya. ²⁸ <http://www.thebelotefamily.info/starrynight/Balm.htm.p.3>; <http://www.jesus.org/is-jesus-god/names-of-jesus/jesus-is-our-balm-of-gilead.html.p.1> ²⁹ <http://www.thebelotefamily.info/starrynight/Balm.htm>. iphepha 3 Umbuzo wokwenene uThixo awayewubuza emva komzekeliso ongasentla ngulo: “Kutheni ningezi kum ukuze niphiliswe imiphefumlo yenu?” Abantu bakaThixo, abanoMthetho phakathi kwabo, babe nesono kangaka! Sisiphi isisombululo sokufumana iBalm yoMoya yaseGiliyadi, ke ngoko?

-
- Ukuya kugqirha wasezulwini ukuze uphiliswe ngokomoya
 - Ukusebenzisa ibhalsam (uMthetho) xa kubhekiselwa kumaYuda, nokuguquka ekungathobeleni kwawo nokubuyela ekuthobeleni uMthetho kaThixo
 - Kwabase-Yiputa uYeremiya wasebenzisa isafobe esifanayo ukuze afumane unyango lokwenene:

“Nyuka uye eGiliyadi, uze uthathe ibhalsam, ntombindini, ntombi yaseYiputa; uza kuzama amayeza amaninzi, kuba akuyi kunyangwa” (Yeremiya 46:11) Ingxaki kukuba, nangona amaKristu esazi apho angamfumana khona ugqirha wasezulwini nendlela yokusebenzisa eli chiza ukuze afumane unyango nokubuyiselwa eBomini bawo, ayala eli thuba. Ukuba sicinga

ngemeko yebandla laseLawodike, ifana neengxaki ezifanayo phakathi kwamakholwa amaninzi namhlanje: ‘Ndisisityebi, ndityebile, andiswele nto, awazi ukuba ulusizi, ulusizana, ulihlwempu, uyimfama, uhamba ze. Ndikucebisa ukuba uthenge kum igolide esulungekisiweyo emlilweni, ukuze ube sisityebi, neengubo ezimhlophe, ukuze wambathe, ukuze ihlazo lobuze bakho lingabonakali; ne-oli yamehlo ukuze uthambise amehlo akho, ukuze ubone’” - (ISityhilelo 3:17,18) Ngokufana kakhulu noSirayeli wamandulo kunye ne-balm yaseGiliyadi, iLawodike yayikumgama weemayile ezili-13 kuphela ukusuka kwisikolo esaziwa ngolwazi lwaso lwezonyango, ingakumbi isithambiso saso samehlo. Ngoko ke kukho imifanekiso eyahlukeneyo esetyenziselwa ukubonisa ingxaki efanayo - ubumfama bokomoya kunye nokuhamba ze. Kuyahlekisa njengoko abantu bentywilisela esonweni ngelixa unyango lusondele kangaka! Izizathu Zokwala Ibhalsam Yasezulwini YaseGiliyadi Umbuzo usahleli: Kutheni abantu, mhlawumbi mna nawe, singezi kugqirha wasezulwini ukuze sifumane unyango lokomoya? Zintathu izizathu ezinokwenzeka:

1. Isifo Asibonwa

EKorinte ukugula ngokomoya kwaqhubeka phakathi kwamaKristu. Bekufanele ukuba babezihlola ngokomoya (1 Kor. 11:28-30). Ukungazihlolisisi kuyingozi. Okukhona umntu ebona ukugula ngokukhawuleza; kokukhona kulula ukuphiliswa. Ngendlela efanayo, uDavide, emva kwesono sakhe noBhatshebha, akazange asiqonde isono sakhe, de uNatan wasichaza ngobuchule (2 Sam. 12:1-15). Sifumene impendulo kaDavide emva kokuqonda isono sakhe kwiNdumiso 51, apho abongoza khona esithi: Ndibuyisele kuvuyo losindiso lwakho, undixhase ngomoya wakho wobubele - (INdumiso 51:12)

2. Unyango Alwaziwa

Ungayibona isifo, kodwa ungayazi indlela yokusinyanga. Kukho ugqirha omkhulu kunye ne-balm eGiliyadi yasezulwini. Bonke abaprofeti bathetha ngokubuyiselwa kwezizwe zaseMbindi Mpuma. Isishwankathelo sikaPetros sayo yonke into eyayithethwe ngabaprofeti ngokubuyiselwa, sachazwa ngokuthi: ‘...kude kube ngamaxesha okubuyiselwa kwezinto zonke, awathetha ngazo uThixo ngomlomo wabo bonke abaprofeti bakhe abangcwele ukususela ekuqaleni kwehlabathi’ - (IZenzo 3:21) IGiliyadi, apho kukhula khona imithi enamagqabi okuphilisa iintlanga. Nangona kunjalo, okubuhlungu kukuba, abantu abaninzi bayazi ukuba bayagula, kodwa abazi ukuba iBalm yaseGiliyadi ikhona ukuze ibaphilise (Luka 5:31-32; ISityhi. 22:1-2).

3. Unyango alusetyenziswa

Nangona unokuyibona kwaye uyazi indlela yokunyanga, usenokungaphumeleli ukuyisebenzisa. Ezi ziindaba ezimnandi, kwaye uPetros unika imiyalelo ecacileyo yokuba ungayisebenzisa njani le Balm yaseGiliyadi. Kwabo bangengomaKristu uthi: ‘Guqukani nibhaptizwe egameni likaYesu Kristu, ukuze nixolelwe izono zenu, namkele isipho soMoya oyiNgcwele’” (IZenzo 2:38)

KumaKristu uthi:

Guqukani ebubini benu, nithandaze eNkosini ukuba inixolele - (IZenzo 8:22) Olu nyango luvela ngokholo kuYesu Kristu owafayo, waza weva ubunzima ukuze siphiliswe esonweni. Sekunjalo abaninzi abalusebenzisi olu nyango. Kunokubakho izikhubekiso zokuba kutheni amaKristu nabangengawo amaKristu bengayisebenzisi le nyaniso ngokholo. Esi siseko seBhayibhile seBalm yaseGiliyadi siyimfuneko ukuze kuphuhliswe umzekelo ophелеleyo wokuphiliswa nokubuyiselwa kwamanxeba okomoya, eemvakalelo nawomzimba wabantu bakaThixo ngengcebiso yabapostile. Ukuze sixhotyiswe njengoMkhosi weXesha Lokugqibela weNkosi, kubalulekile ukuba siphile ubomi bokunqoba kwaye sibe ngabanqobi kuzo zonke iinkalo zobomi bomntu. Ukuze sifezekise le njongo, kufuneka siqonde indlela iBalm yaseGiliyadi engasetyenziswa ngayo kwigumbi leengcebiso nakwiziko leengcebiso.

Isahluko 6: Ukubuyiselwa ngeModeli yeBalm yaseGiliyadi

Nangona kunjalo, kufuneka siqale sichonge size sichaze izithako ezahlukeneyo okanye izinto zeBalm yaseGiliyadi ezingasetyenziswa kwingcebiso. Zonke izithako zeBalm yaseGiliyadi luhlobo oluthile lokuthambisa. Kwinkcazo elula kakhulu, igama elithi ukuthambisa libhekisa kumandla athululelwa nguThixo ukuphumeza umsebenzi othile okanye isabelo sokuphucula uBukumkani bukaThixo emhlabeni. Ngelixa "uzuko lweNkosi" lubhekisa kubuhle bobukho beNkosi, "ukuthambisa" kubhekisa kumandla obukho beNkosi. Njengoko kuya kugxininiswa ngokuphindaphindiweyo kule khosi, akukho msebenzi woMzimba kaKristu onokwenziwa ngempumelelo nangemiphumo ehlala ihleli ebomini babantu ngaphandle kokuthambisa kweNkosi: 'Kuya kuthi ngaloo mini, umthwalo wakhe ususwe egxalabeni lakho, nedyokhwe yakhe entanyeni yakho, nedyokhwe iya kwaphulwa ngenxa yeoli yokuthambisa' – (Isaya 10:27) Ezinye iivesi zeZibhalo ezahlukeneyo ziyaqinisekisa oku kukhululwa kwedyokhwe ngokuthanjiswa (INdu. 81:6; Isa. 9:4; 14:25; 30:23; 52:2; 55:2; Hez. 30:18; Nah. 1:13). Ngoko ke ukusebenzisa ingcamango 'yokuthanjiswa' kumxholo wengcebiso othetha ngokubuyiselwa kwimeko-bume kuyasebenza kwaye kufanelekile. Xa kusetyenziswa iBalm yaseGiliyadi, intsingiselo kukuba isithako ngasinye okanye inxalenye yeBalm ngokwenene luhlobo oluthile lokuthambisa. Xa zonke ezi "zithambiso" zidityaniswe kunye, zibonelela "ngeyeza" elipheleleyo elinokusetyenziswa ukujongana nemiba eyahlukeneyo yokunika iingcebiso kumanqanaba ahlukene, kuxhomekeke kwinqanaba apho umcebisi asebenza khona. Kukho izithako ezi-5 okanye iThambiso, ezihambelana namanqanaba amahlanu obomi bomntu, oko kukuthi ukubuyiselwa komntu kumanqanaba amathathu, umoya, umphefumlo nomzimba, ukubuyiselwa kosapho, ukubuyiselwa kweCawa, uluntu kunye neentlanga. Xa kusetyenziswa kwizenzo zokunika iingcebiso, ukuthanjiswa okuphindwe kahlanu kufuneka kudityaniswe. Ngenxa yoko, kukho amanqanaba amahlanu okucebisa, aqala kwingcebiso yobuKristu kwinqanaba lokuqala okanye elisisiseko, ukuya kwingcebiso yokubuyisela amaziko, kunye noNyango loSapho kwinqanaba elilandelayo, emva koko ingcebiso yoMfundisi, emva koko ingcebiso yoluntu okanye yesiprofeto kwaye ekugqibeleni ingcebiso yabapostile yokubuyisela uluntu neentlanga.³⁰

Kwinqaku lam lomntu:

Amagama athile alo ngalinye lala mahlandla mahlanu okuthanjiswa, kunye nesalathiso seZibhalo sokuba kutheni kufanele lihambelane kwinqanaba elithile, andinikwe ngokuthe ngqo ngokufundiswa nguMoya oyiNgcwele. Eli yayilithuba elimnandi kwaye landikhuthaza njengoko ndandiqonda ukuba kubaluleke kangakanani kwaye kuxabiseke kangakanani eNkosini ukuba abantu baKhe bafumane ukuphiliswa okupheleleyo nokuhlala ixesha elide kunye nokukhululwa ebukhobokeni! Isityhilelo sokuba iBalm yaseGiliyadi ineentlobo ezi-5 zamandla angaphezu kwawemvelo avela kuMoya oyiNgcwele afumanekayo ukuze aphiliswe kwaye abuyiselwe, sasimangalisa. Hayi indlela uThixo omangalisayo esimkhonzayo, ofuna ukubandakanyeka ngokuthe ngqo nangobuqu kubomi babantu baKhe! Oku kuxabiseke ngaphezu kwayo nayiphi na igolide okanye ubutyebi obunokunikelwa leli hlabathi! Okulandelayo ngumfanekiso wemodeli edibeneyo yokuthanjiswa okuhlanu kweBalm yaseGiliyadi. Ukulandela lo mzekelo, ukuthanjiswa ngakunye kuya kuchongwa kuze kuchazwe. Imodeli Edibeneyo Yebhalsam YaseGiliyadi 30 La manqanaba ahlukene eengcebiso zobuKrestu kunye nendima yawo ehambelanayo kwiingcebiso ziboniswe ngokwesicwangciso kwiSahluko 1.

1. Ukuthambisa kuka-Omega ukuze kubuyiselwe abantu ngabanye

Injongo kaThixo ngoluntu ibisoloko ikukuba sixolelaniswe kuYesu Kristu size sibuyiselwe kuMfanekiso wakhe, sibe nobudlelwane bokwenene nabo ngoMoya kaThixo, sibamkele ekhaya size sibamise kwakhona njengeendlalifa kunye noKristu etroneni.³¹ Sidalwe ngokomfanekiso kaThixo, kodwa ngenxa yokuwa loo mfanekiso walahleka kangangokuba ukuze siphinde sifumane umfanekiso wakhe kufuneka sizalwe ngokutsha size siguqulwe ngokupheleleyo. Kuthetha ukuthini ukudalwa ngokomfanekiso kaThixo?

- Ukudalwa njengezidalwa ezingunaphakade, ngaphandle kokufa, ukubola okanye intshabalalo
- Ukuba nendalo kaThixo, oko kuthetha ukuba ngcwele, uzele luthando, ubulungisa noxolo
- Sadalwa sinomnqweno wokuba ngabalungileyo size sivumelane nokuthanda kukaThixo
- Sabelana ngobulumko bukaThixo

Intsingiselo yokuwa yayinzulu kakhulu. Ngenxa yokuwa salahlekelwa yindalo yethu ngokomfanekiso kaThixo. Oku kwaphumela ekulahlekelweni bubudlelwane bethu kunye nolwalamano noThixo, salahlekelwa bubulumko bethu obuyinyaniso bolwalamano lwethu kunye nokushiywa nobulumko obulinganiselweyo bemiphefumlo yethu. Isono sokuvukela kwethu sasisusa kwintando kaThixo elungileyo negqibeleleyo saza sasishiya nengxabano yangaphakathi yokwenza ububi endaweni yokwenza okulungileyo. Ukulahlekelwa bubuntu bethu bobuthixo kwakuthetha ukulahlekelwa bubugqibeleleyo beempawu zobuthixo zikaBawo wethu osezulwini. Kucacile kumzekeliso kaPetros ukuba ukubuyiselwa kwethu kumfanekiso kaThixo kusebenza kanye kwezo ndawo apho loo mfanekiso wonakaliswe kukuwa. Ngokubuyiselwa siyasinda ekonakaleni okusebenze ngaphakathi kwethu ngeminqweno emibi: ‘...njengoko amandla akhe obuThixo esinike zonke izinto eziphathelele ubomi nokuhlonela uThixo, ngokumazi lowo wasibizayo ngozuko nesidima, esinikwe ngazo izithembiso ezinkulu nezixabisekileyo, ukuze ngazo nibe ngamadlelane nemvelo yobuThixo, nisinde ekonakaleni okusehlabathini ngenkanuko’ – (2 Petros 1:3-4) Enye indawo apho uThixo afuna ukusibuyisela khona ukuze sibonakalise uzuko lwakhe kukubuyiselwa kobulumko bukaThixo.

- Zithini iimpawu zobulumko bukaThixo?³²
- Ubulumko kukuqonda intando neenjongo zikaThixo ehlabathini - Ubulumko kukwazi iindlela zikaThixo - indlela uThixo acinga ngayo, azenza ngayo izinto aze agqibe ngayo
- Imizekelo ifumaneka kubulumko bukaThixo bukaDaniyeli noSolomon - Babenobulumko obaneleyo bokuthandazela ukwanda kobulumko ukuze bacinge baze benze njengoThixo kwiimeko zobomi bomntu. Kuzo zombini ezi meko uThixo wayiphendula imithandazo yabo waza wongeza kubo inxalenye enkulu yobulumko bakhe bobuthixo nobugqibeleleyo. UDaniyeli wafumana ubulumko obuvela kuThixo ukuze achaze uphuhliso lwembali. USolomon wathandazela ubulumko obungobobukumkani obuzayo. Ngokholo³³ wabanga yonke into uThixo

awayeyithembise uluntu ngaphambi kokuwa. Ubulumko bobuthixo buphindwe kalishumi - UThixo usinika inxalenye kalishumi yobulumko bobuthixo ukuba sihamba kwinkqubo yokubuyiselwa inyathelo ngenyathelo.

- Ubulumko bukaThixo ngamanyathelo aqhubekekayo okubuyisela izinto - Njengoko abantu bengena kwinkqubo yokubuyisela izinto, baya kufumana ubulumko obungaphezulu bukaThixo obuya kubaxhobisela ukulwa okuzayo nobukumkani boMchasi-Kristu.
- Ubulumko bukaThixo bulungiselela iXesha Lokugqibela - UThixo uyazi ukuba siza kuyidinga ingqiqo kaThixo ukuze sijongane notshaba kwiXesha Lokugqibela ngaphambi kokubuya kukaYesu.
- Ubulumko bukaThixo buza kutyhilwa ngeCawa - Ngebandla, uThixo uza kutyhila ubulumko bakhe phambi kwala mandla eedemon aceba ukuphanga uluntu

31 Sjöberg, Kjell. Ukubuyiselwa: Isikhokelo Somthandazo. Chichester: I-New Wine Press. 1995, iphe. 64-65 32 Sjöberg, Kjell. Ukubuyiselwa: Isikhokelo Somthandazo. Chichester: I-New Wine Press. 1995, iphe. 72-77 yobulumko bukaThixo aze abuthathele indawo ngobulumko bobudemon: 'Injongo yakhe yayikukuba ngoku, ngalo ibandla, ubulumko bukaThixo obuziintlobo ngeentlobo bubonakaliswe kubalawuli nabasemagunyeni abakwiindawo zasezulwini' - (Efese 3:10) I-Omega Anointing ibhekisa kuloo "sithako" kwiBalm yaseGiliyadi esiya kwenza abantu ngabanye bakwazi ukugqiba imisebenzi. Inxalenye yobulumko obungenamda obufumaneka kwibandla leXesha Lokugqibela, lifikile ixesha lokuba amakholwa ngamanye afumane uthambiso lukaThixo ukuze azalisekise umsebenzi wawo emhlabeni uThixo awadalela ukuba awufeze. Kwakhona, kunye nabo bonke abantu bakaThixo, siyaludinga olu thambiso ukuze sigqibezele umsebenzi wobuthunywa. UYesu wayekho ekuqaleni kokudala, kodwa uya kuba khona ekupheleni kwale mihla. Ngokuhambelana nesiqu sakhe, ngokwenene ungu-alpha no-Omega. Amakholwa anokukhuseleka ngokupheleleyo phambi kwakhe kwixesha Lokugqibela, kuba kulapho siya kufumana khona amandla, inkuthazo kunye nokuphefumlelwa kokunyamezela nokugqibezela umyalelo wethu esiwunikwe nguThixo emhlabeni. Kukufumana olu thambiso lwe-Omega apho siya kuba namandla okugqiba umsebenzi wethu - ngabanye nanjengebandla liphela. U-Omega Anointing ucela abantu ukuba bamzukise uThixo ngokuzalisekisa ubizo lwabo. Apha uPawulos usinika umzekelo omhle kakhulu. Ubungqina bakhe buyindlela ebalaseleyo yokuphumeza u-Omega Anointing: "Ndizamile umlo olungileyo, ndiwugqibile ugqatso, ndilugcinile ukholo lwam. Okokugqibela, ndibekelwe isithsaba sobulungisa, eya kundinika sona iNkosi, uMgwebi olilungisa, ngaloo mini, kungendim ndedwa, kodwa nabo bonke abakuthandayo ukubonakala kwayo" - (2 Timoti 4:7-8) Njengabacebisi, ukuthambisa kuka-Omega kusizisa phambi komngeni kunye noxanduva lokunceda nokukhokela abantu ekufezekiseni yonke imisebenzi yabo. Apho amava eentlungu, iingxaki kunye noxinzelelo lwengqondo adlulileyo esachaphazela ubomi babantu kwaye ebabuyisela emva ekufezekiseni isabelo sabo abasinikwe nguThixo, luxanduva lomcebisi ongumKristu ukujongana nale micimbi kunye nokunceda abantu ukuba bajike kwiintlungu kunye nentlungu zangomso, kwaye bagxile kwizinto ezizayo. UPawulos wayichaza kakuhle kakhulu le nto: "Asikuko ukuba sele ndifikelele, koko ndiqhubeka ndizama, ukuze ndikwazi ukukubamba oko andibambise kona uKristu Yesu... Andizibaleli ekuthini ndikubambile, kodwa ndenza into enye: ndizilibala izinto ezingasemva, ndize ndisolulele phambili kwizinto ezingaphambili. Ndizabalazela ukufumana umvuzo wobizo lwaphezulu lukaThixo kuKristu Yesu" - (KwabaseFilipi 3:12-14) Ngoko ke ukuthanjiswa kwe-Omega kuthanjiswa kokuqala okanye isithako kwiBalm yaseGiliyadi esithulula amandla kaThixo okubuyisela umntu. Ngamana ubungqina bukaPawulos bungaba yindlela esizigcina ngayo ezintliziyweni nasezingqondweni zethu njengoko sijongene nemisebenzi yethu engagqitywanga kwaye sigxile ekugqibezeleni umsebenzi wethu kwi-End Time Army: "Ndingazenza zonke izinto, ndinguKristu ondomelezayo" (KwabaseFilipi 4:13) Umsebenzi woMthambiso we-Omega kukunceda umntu ngamnye ukuba afumane aze afezekise injongo yakhe yokuhlangula, ukuba adlulele ngaphaya kokwenzakala komntu kunye namava akhe adlulileyo ukuze azalisekise injongo yakhe emhlabeni. Imingeni ekufuneka yoyiswe luloyiko, ukudakumba, umsindo owavela ngenxa yokonzakala kunye nengxaki. Ukuthanjiswa kwe-Omega kubandakanya ukubuyiselwa komntu wonke, ukuze abonakale egqibelele, engenasiphako ekufikeni kweNkosi, umoya, umphefumlo kunye nomzimba (1 Tes. 5:23).

Ukubuyiselwa komoya kubandakanya ezi zinto zilandelayo, ekufuneka zijongwane nazo kwiNgcabiso yabaPostile:

- Ukuhlaziywa kwengqondo

Oku kufuna ingxoxo engakumbi, kuba ukubuyiselwa komzimba kukwayinto ebalulekileyo kwi-hlabathi kwaye kuyinxalenye yengcinga yeXesha Elitsha, kunye nexesha elininzi kunye

nemali echithwa kwiinkqubo zokuzinceda ukuze umzimba ube sempilweni. Umzimba osempilweni nomhle ngomnye wemixholo ephambili kwishishini lokuthengisa namhlanje. Kubalulekile kakhulu ukuba amakholwa azilungiselela ukubuya kweNkosi uYesu, angahlali ekungazini. Utshaba lusebenzisa ngakumbi ixabiso lembonakalo yangaphandle kuluntu lwethu lwanamhlanje. Ukuthanda izinto eziphathekayo kudla ngokuhamba kunye nokunqula umzimba. Ishishini lezempilo nobuhle lelinye lawona macandelo makhulu engeniso iyonke yelizwe (BBP). Amakholwa azilungiselela ukubuya kweNkosi, kwaye afuna ukuphuhlisa inkcubeko yokumamkela njengoKumkani emhlabeni, kufuneka abe nokuqonda kunye nobulumko obuninzi bokubonisa umzimba osempilweni njengedini eliphilayo eNkosini kungekhona ulonwabo lomntu.

I-Omega Anointing inika amaKristu ulwalathiso ngezi ndlela zilandelayo:

- Kubalulekile ukugcina umzimba usempilweni ngezizathu ezifanelekileyo

- Sebenzisa iindlela zokunyanga zendalo kunye namayeza okunyanga kuphela xa kuyimfuneko
- Amajoni eXesha Lokuphela aya kwazi ukubaluleka kokutya ukutya okunempilo nokunesondlo, kwaye aya kuzilolonga rhoqo ukuze abe namandla xa kufika ixesha lokulwa ngokwasemzimbeni, imfazwe kunye nokusinda ngexesha lobunzima.

2. Ueliya Uthambisa Ukubuyiselwa Kosapho

Ukuwa koluntu kuye kwavelisa iziphumo ezinemiphumo eyandayo. Okokuqala, kuyamchaphazela umntu ngamnye njengoko sibonile kwingxoxo engentla. Ukusuka apho kwaqhubeka nokuba nemiphumo emibi kubomi bosapho luka-Adam. Ukuqhekeka kobudlelwane bosapho kwaqala ngokubulawa kuka-Abheli ngumntakwabo uKayin okwakusekelwe kumona kuba idini lika-Abheli lalamkelekile kuThixo kunelakhe. Ukuqhekeka kweentsapho luphawu olwakhelwe ngaphakathi lwendalo yomntu yesono, oluqhubeka nanamhlanje ngeengxabano kunye nokhuphiswano phakathi kwabazalwana noodade. Iingcambu zisafana nemeko kaKayin noAbheli: umona, umsindo nentiyo, ubukrakra, ikratshi kunye nesimo sengqondo sokulawula. Ukuwa kwabangela ukuba usapho lonke luphawulwe ngesono esifanayo kwizizukulwana ezininzi. ULameki wayelindele ukuba usapho lwakhe luqhubeka nomzabalazo wegazi ngokufuna impindezelo: ‘Ndimbulele umntu ngenxa yokundenzakalisa, umfana ngenxa yokundenzakalisa. Ukuba uKayin uya kuphindezelwa kasixhenxe, ngoko uLameki uya kuphindezelwa kamashumi asixhenxe anesixhenxe’ - (Genesis 4:23-24) Ekugqibeleni ukuwela kubangela ukuba lonke inzala, ukusuka kwisizukulwana ukuya kwisizukulwana, iphawulwe ngokutshatyalaliswa kwesono. UMoses uthi usapho okanye lonke lunokuba nengcambu ekrakra ekhula ize ityise lonke (Dut. 29:18). Izono zosapho lolona hlobo lwezono ezisibamba lula, kwaye kulula kakhulu ukuzifaka kuzo kuba zidluliselwa kwisizukulwana ukuya kwesinye. Xa uDavide wawela ekukrexzeni, uThixo wamxolela, kodwa oonyana bakhe uAbhisalom noSolomon babamba lula kakhulu kwiindawo ezifanayo zesono njengoyise. Imephu kaYesu yokubuyisela ubudlelwane bosapho lonke ifumaneka kuMateyu: ‘Weza ke uPetros kuye wathi, “Nkosi, umzalwana wam wondona kangaphi na, ndimxolela? Koda kube kasixhenxe”? UYesu wathi kuye, “Anditsho kuwe, koda kube kasixhenxe, kodwa koda kube kamashumi asixhenxe anesixhenxe” - (Mateyu 18:21-22) Ukubuyiselwa kwenzeka xa amalungu osapho afumana ukukhululwa ekwazi ukuxolelana. Kule meko kuyathakazelisa ukuqaphela ukuba unyaka weJubilee, okwabizwa nguYesu njengonyaka wobabalo oluvela eNkosini, ngumyalezo wokubuyiselwa³³. Unyaka weJubilee uthetha ukuba uThixo, ngobabalo lwakhe, unika uluntu isiqalo esitsha kwinkululeko: ‘Yingcwaliseni⁴⁹ iminyaka engamashumi amahlanu, nivakalise

inkululeko kulo lonke ilizwe kubo bonke abemi balo. Yoba yiJubhile kuni: elowo kuni makabuyele kwilifa lakhe, elowo kwintsapho yakhe’ – (Levitikus 25:10) Kuyo yonke iJubilee iintsapho zahlanganiswa zaza zahlanganiswa kwakhona. Ngokufanayo, uBukumkani bukaThixo buza kuqala ngokubuyiselwa kweentlanganiso zeentsapho kunye nokuhlanganiswa kwakhona kolwalamano oluqhekekileyo. Xa uSirayeli efumana uYesu njengoMesiya wakhe, kuya kuba ngokumamkela ziintsapho. KwiTestamente eNdala kuyacaca ukuba abantu bamaJuda bayazi kakuhle iintsapho. Babeqonda ukubaluleka kweentsapho. Xa uSirayeli esiza elusindisweni, iintsapho kunye neentsapho 33 Sjöberg, Kjell. Ukubuyiselwa: Isikhokelo Somthandazo. Chichester: New Wine Press, 1995, p.105 baya kuhlangana ukuze baguquke kunye ngomthandazo (Zakariya 12:10-14). Kule nto sifunda lukhulu ngentliziyo kaThixo: Akakhathali ngokusindisa imibutho, imibutho okanye amaqela ezopolitiko kuBukumkani Bakhe, kodwa ukusindisa abantu ngabanye, iintsapho kunye nebandla Lakhe. Yiyo loo nto ezi ndawo zobomi babantu zichongiwe kule khosi njengeendawo eziphambili apho ukubuyiselwa kufuneka kwenzeke khona. Ezi zizinto ezichazwe ngokweBhayibhile zobomi bomntu. Iintlanganiso zomthandazo zentsapho ziyindawo ebalulekileyo yokuqalisa kokubuyiselwa, njengoko ukuhlanganiswa kwakhona kwabo basasazekileyo kungumgaqo obalulekileyo ekubuyiselweni. Ngoko ke akumangalisi ukuba ukuthambisa kukaEliya kugxile ekubuyiselweni kweentsapho. Umyalezo ophambili umprofeti uEliya awawunika abantu bakwaSirayeli kukuvumela uxolelwaniso lukaThixo phakathi kwamalungu osapho, ngakumbi phakathi kootata noonyana. UEliya wagxininisa ukubaluleka kobawo, okunokusetyenziswa nakootata bokomoya. Ingakumbi uxanduva lwalo naliphi na ingcali yentsapho yamaKristu ukugxila kwingcebiso yabo ekuphuhlisweni kobawo bendalo nobokomoya. UBukumkani bukaThixo bubuyiselwa kwisizwe ngeentsapho eziphilisweyo nezisikelelweyo, kwaye zinokubambana ekuxolelaneni. Ukulungiselela ubukumkani boMchasi-Kristu kungokungqubana kweentsapho kunye noqhawulo-mtshato.

UThixo unomyalelo, indlela, apho intsikelelo inikwa umntu:

‘Hlonipha uyihlo nonyoko, ukuze ube nexesha elide elizweni uYehova uThixo wakho akunika lona’ (Eksodus 20:12) Xa uThixo emsikelela umntu, ukwenza oko ngabazali bakhe. Kubalulekile ke ngoko ukuba nesimo sengqondo ukuze ufumane intsikelelo evela kuThixo ngabazali bakho. Enye yezona ndlela zibalaseleyo zentsikelelo ezivela kumzali ukuya emntwaneni kukubeka izandla emntwaneni nokumthandazela umthandazo wentsikelelo. Ukuguqula iintliziyo zooyise ebantwaneni neentliziyo zabantwana kooyise kukudala iimeko eziqhubekayo apho isizukulwana esidala siya kukwazi ukusikelela abancinci. Xa iintliziyo zabo zixinene, abanakuthandaza kunye. Uthambiso lukaEliya luyimfuneko ukuze siguqulele iintliziyo zethu omnye komnye kwiintsapho, ukuze unxibelelwano olunzulu, olungenamazwi, lubuyiselwe, kwaye ukuze intsikelelo iqhubeke nokugeleza kwisizukulwana esilandelayo: ‘Yabonani, ndiya kunithumela umprofeti uEliya, ingekafiki loo mini inkulu neyoyikekayo yeNkosi, abuyisele iintliziyo zooyise kubantwana babo, neentliziyo zabantwana kooyise; hleze ndize ndilitshabalalise ilizwe ngesiqalekiso’ – (Malaki 4:5-6) Kungokusetyenziswa

koMthambiso kaEliya apho ilizwe liya kusindiswa khona kwezi zinto zikhankanyiweyo apha ngasentla. INkosi iza ngobungcwele nangomsindo nxamnye nesono. Ngokwembono kaThixo ukwehla kobomi bentsapho kwisizwe kubaluleke kakhulu njengoko eceba ukutshabalalisa eso sizwe ukuze singabikho kwimephu yehlabathi. Ukusebenza kwiMthambiso kaEliya kuthetha ukuqonda ukuba ukuba ndingayilungisa into ebangela umsindo kaThixo kwiintsapho, ilizwe linokusindiswa kwisiqalekiso. Umoya namandla kaEliya asetyenziswa yiNkosi ukuguqula iintliziyo zethu kwicala elifanelekileyo xa sele ziphambukile omnye komnye.

Igama lesiHebhere elithetha ukubuyiselwa lisetyenziswa kwintetho yomprofeti ethi ‘ukubuyisela intliziyo kubantwana’:

“Yabonani, ndiza kunithumela uEliya umprofeti ngaphambi kokufika kwemini enkulu neyoyikekayo yeNkosi, kwaye uya kubuyisela iintliziyo zooyise kubantwana, neentliziyo zabantwana kwiintsapho zabo...” (Malaki 4:5-6) Ukubuyiselwa kukubabuyisa ekuthinjweni; ukubuyela ekhaya kwindawo ababekade bekho kuyo kwaye beziva bekhuselekile. Ubudlelwane bosapho buya kubuyiselwa ngoonyana neentombi ezilahlekileyo bebuyela ekhaya kooyise. Ootata abashiye iintsapho zabo baya kubuyela emakhaya. Kufuneka ukuthanjiswa nomoya kaEliya ukuze oku kwenzeke. Ukuvuswa kweentsapho kunye nokuhlanganiswa kwazo ziimpawu zokulungela ukuza kukaYesu. UYohane uMbaptizi wanikwa umsebenzi kaEliya wokulungiselela indlela yokuza kukaYesu kokuqala; umsebenzi wethu wokulungiselela ukuza kwakhe okwesibini ufana nowethu: ‘Uya kuhamba phambi kweNkosi, enomoya namandla kaEliya, ukuze abuyisele iintliziyo zooyise kubantwana babo, nabangathobeliyo ebulumkweni bamalungisa, alungiselele iNkosi abantu abalungisiweyo’ – (Luka 1:17) Kwimihla yokugqibela, ngaphambi kokufika kukaYesu, uxinzelelo luza kwanda kuzo zonke iindlela. Uxinzelelo oluvela kongendawo luya kwanda, kodwa noxinzelelo lozuko lukaThixo luya kwanda. Uzuko lweNkosi luza kusinika ubulumko obuphakamileyo kunye no-Eliya Anointing. Usapho lubonelela ngokhuseleko kumntu ngamnye, kwaye umntu ongenalo ubudlelwane obuhle nosapho lwakhe akanalo olu khuseleko. Xa umsindo kaThixo uthululelwa emhlabeni, usinika isilumkiso sokuba sizimele: ‘Hambani, bantu bam, ningene emagumbini enu, nizivalele iingcango emva kwenu; zifihleni umzuzwana, ude udlule umsindo wakhe’ – (Isaya 26:20) Njengomcebisi woSapho, enye indlela yokusebenza kwi-Elijah Anointing kukukhuthaza abo bacebisayo ukuba bababophelele kwiintlanganisano zomthandazo wosapho. ‘Ndiza kuthululela phezu kwendlu kaDavide nabemi baseYerusalem umoya wokuthandaza nokubongoza. Baya kundijonga mna, lowo bamhlabileyo, baze bamlilele... Ngaloo mini isililo eJerusalem siya kuba sikhulu... Ilizwe liya kuzila, intsapho nganye iyodwa... intsapho yendlu kaDavide nabafazi bayo... nazo zonke ezinye iintsapho nabafazi bayo’ – (Zekariya 12:10-14) Abantu balungiselela kakuhle ukuza kukaYesu, xa iintliziyo zamalungu osapho zijika zijonge, kwaye zivulelekile omnye komnye. Ngokwahlukileyo koko, ubukumkani boMchasi-Kristu buzilungiselele ngokuhlasela usapho kunye nemvisiswano yosapho. Ngoko ke ngumsebenzi womcebisi woSapho lwamaKristu ukuguqula izicwangciso kunye neenjongo zoMchasi-Kristu ngexesha leeseshoni zokunika iingcebiso kunye nabacebisi babo, ngokubakhuthaza nokubacebisa ukuba bafune imbuyekezo kunye nokubuyiselwa kuThixo. Ingcali yoSapho kufuneka iqonde kwaye isebenze kwi-Elijah Anointing ukuguqula inkqubo yokutshatyalaliswa kobomi bosapho kunye nokunceda iintsapho zamaKristu ukuba zifumane indlela yokubuyela ekubuyiselweni nasekupheleleni.

3. Ukuthambisa kukaSamson ukuze kubuyiselwe iBandla

Ukudalwa kokuqala kweCawa kwenzeka ngokuthululwa koMoya kaThixo ngomhla wePentekoste, kwaqhubeka nabapostile namaKristu eenkulungwane zokuqala ezimbalwa eza kunikela ngobomi bawo njengabafeli-nkolo ngenxa kaYesu, kwaphela ekuthinjweni kweCawa eBhabhiloni okwaqhubeka ukususela kwinkulungwane yesine ukuya kwixesha loHlaziyo. Xa amandla obukhosi afumanisa ukuba akanakoyisa iCawa ngentshutshiso, abalawuli bamaRoma bakwazi ukuguqula iCawa ibe sisixhobo sabo sokuthobela, ababenokusilawula ngokusenza inkolo karhulumente. Ukususela kuMartin Luther kunye nabaHlaziyi, intshukumo emva kwenye iye yafika yaza yabuyisela kwiCawa iinyaniso ezazilityalwe³⁴. Isantya sokubuyiselwa sakhawuleza emva kokuqala kwenkulungwane yama-20. Intshukumo yokubuyiselwa idla ngokuthatha inyaniso ethile yeBhayibhile ize iyilande de iphumelele ngokupheleleyo. Ekuqaleni le ntshukumo iyaphikiswana, kodwa njengoko 34 Hamon, Bill (dr.) Abapostile, Abaprofeti kunye neentshukumo ezizayo zikaThixo. Shippensburg: Abapapashi beDestiny Image. 1997, iphe, 189-200 iyaqhubeka – kunye nayo yonke ingxabano kunye nokwahlukana ngaphakathi kweCawa okubandakanyekileyo – ekugqibeleni iyavuthwa kwaye ilungelelaniswe kwaye yamkelwe ngabo bonke abakholwayo.³⁵ Intshukumo yokuqala yayikukubuyiselwa kokholo kwiLizwi likaKristu nakwimfundiso yezibhalo kuphela. Le ntshukumo ibizwa kwimbali yeCawa njengentshukumo yoHlaziyo lwamaProtestanti eyayikhokelwa nguMartin Luther noJohn Calvin. Ngentshukumo yamaProtestanti ukubuyiselwa kweCawa kwaqaliswa emva kweenkulungwane zobumnyama bokomoya ngexesha lexesha elibizwa ngokuba yiMinyaka Ephakathi okanye yoBumnyama kwimbali yeCawa. Kwintshukumo elandelayo yokubuyiselwa, ngempembelelo yabantu abanjengoJohn Wesley, ingqwalasela yayikukuphila ubomi bobuKrestu obungcwele nobungcwalisiweyo. Ekuqaleni kweminyaka yoo-1900 ngentshukumo yamaPentekosti, kwakukho ukubuyiselwa kwamava amandla kaThixo. Le ntshukumo yazisa ukubuyiselwa kobulungiseleli beCawa, kwaqala ngokubuyiselwa kobulungiseleli bokuphilisa, kwalandela umkhuba wokubeka izandla kunye nesiprofeto. Le ntshukumo yeMvula yokuGqibela yaphinda yazisa umkhuba wokunqula ngomculo, izandla eziphakanyisiweyo, ukuqhweba izandla nokudanisa. Le ntshukumo yalandelwa yintshukumo yothando, kunye nobhaptizo lomoya olusasazeka kuzo zonke izithintelo zecawa nezeecawa. Ngale ndlela kwafika ukubuyiselwa kweziphosothando kunye nobunye obutsha phakathi kwamalungu oMzimba kaKristu. Intshukumo yokholo eyalandelayo yagxininisa ukuthembeka kweLizwi likaThixo, ithetha ngokweLizwi likaThixo nangokholo kunye nokuvuma ukholo. Le ntshukumo yabuyisela inqanaba elitsha lokholo lokuba iBandla likaThixo lifanele liphumelele kwaye liphumelele. Intshukumo elandelayo yayikukubuyiselwa kobulungiseleli bobuprofeti eCaweni kunye nokufikelela kwabavangeli. Oku kwaqalisa ukubuya kwemfazwe yomthandazo kumaqela abantu abangafikelelwanga kwaye ukuncenga kwabaprofeti kwabuyiselwa ukuze kusebenze njengenkxaso kubafundisi, abavangeli kunye nabasebenzi bevangeli ukuba basebenze ngakumbi. Imfundiso ngemfazwe yomthandazo ibuyisele iBandla kwimeko yokulungiselela imfazwe yokomoya yexesha lokugqibela ngaphambi kokubuya kukaYesu. Yonke intshukumo yokubuyisela ngokwenene idlule kwinkqubo efanayo yembali kunye nemijikelo. Ezi ntshukumo zokubuyisela zibe nefuthe elikhulu ekubuyeni kobulungiseleli bobupostile eCaweni - ubulungiseleli bokugqibela obuhlanu bokomoya kuMzimba kaKristu. Ukubuyiselwa kobulungiseleli bobupostile, obusebenza umsebenzi wobuvulindlela ecaweni, kuzise ubunye obutsha kuMzimba kaKristu³⁶. Ukubuyiselwa⁵² okudibeneyo kobulungiseleli babapostile

nobobuprofeti kwimbali yeCawa kubalulekile ekwandiseni ubulungiseleli bokucebisa amaKristu. Kwabeka isiseko sokuba ukucebisa amaKristu kukhule ngaphaya kwengcebiso yeBhayibhile neyePastor nganye ukuze kusekwe ubulungiseleli bokucebisa abapostile. Ngaphandle kokubuyiselwa kobulungiseleli babapostile, ukubhalwa kwekhosi entsha yokufundisa eguqukayo neyakhayo malunga nokucebisa kwamaKristu okuphambili, njengale khosi kwingcebiso yabapostile, ngeyingenakwenzeka konke konke. Ubulungiseleli bokucebisa abapostile bunxulumene ngokuthe ngqo nokubizwa kompostile ngexesha lokugqibela ukulungiselela indlela yokubuya kukaYesu. Nangona ukukhula kwebandla kunye nokumiselwa kwamabandla amatsha asekuhlaleni kubaluleke kakhulu njengenxalenye yobulungiseleli babapostile, kubaluleke ngokufanayo kubapostile, ngakumbi umsebenzi womcebisi wabapostile, njengomkhosi womthandazo nomlamli, ukugxila ekubuyiselweni kwamabandla asekuhlaleni amadala nasele ezinzile.

a. Ukubuyiselwa kweCawa yeXesha lokuGqibela

Kukho iindawo ezahlukeneyo zokubuyiselwa kweCawa yeXesha lokuGqibela

- Ukubuyiselwa kobunye kuMzimba kaKristu
- Ukubuyiselwa komthandazo weqela (Mat. 21:13)

35 Sjöberg, Kjell. Ukubuyiselwa: Isikhokelo Somthandazo. Chichester: I-New Wine Press. 1995, iphe. 161 36

beDestiny Image. 1997, p.3; 206; 211

- Ukubuyiselwa kokukhula kwamanani kunye nobumoya
- Ukubuyiselwa kwimfazwe yomthandazo kwiindawo zejografi
- Ukubuyiselwa kubomi bomthandazo obuneziqhamo ngabanye nasebandleni
- Ukubuyiselwa kokuzala nokwanda ngokukhula ukusuka kwicawa engumama ukuya kwiicawa ezingoonyana
- Ukubuyiselwa kwabalwi bomthandazo, abalamli abaprofetayo kunye nabacebisi ukuze baphule iinqaba zotshaba phezu kwesixeko okanye isizwe, ukuze izithembiso zizaliseke
- Ukubuyiselwa ekukhuleni ngokuthe ngcembe ngokufumanisa kwakhona iinyaniso ezintsha zeBhayibhile nangona kukho ukujongana nokuchaswa. Oku kunxibelelana nemfazwe yomthandazo ukuze ubukumkani bobumnyama “buthandazelwe kude” ngokuchonga iingcambu zokomoya zengcinezelo yeedemon.
- Ukubuyiselwa kwemephu yokomoya njengenxalenye yemfazwe yomthandazo: Kufuneka kwenziwe uphando ukuze kuchongwe kwaye kujongwane neenqaba zotshaba kwindawo ethile. Iingcambu zeedemon kufuneka zisuswe kwaye imeko yokomoya kufuneka isuswe kuzo zonke izidalwa ezimbi ngaphambi kokuba uBukumkani bokukhanya bamkelwe kwindawo ethile.
- Ukubuyiselwa kwenyaniso yokuphumelela ngokomoya njengenqubo eqhubekakayo: UThixo unguThixo wokuphumelela, kodwa impumelelo yokomoya esebenzayo kufuneka ilungiselelwe ngomthandazo oqhubekayo wokuncenga.

b. Ukubuyiselwa kwecawa esebenzayo nesebenzisanayo

Ibandla elisebenzayo nelisebenzisanayo lithetha ibandla eliqhubela phambili uBukumkani kwaye lilawula noKristu; ibandla elikwindawo ephakathi kweziganeko kwaye lidlala indima ebalulekileyo kuluntu. Utshaba lunokuqhubela phambili ubukumkani balo kuphela ukuba lunokufumana abantu bokukhonza iinjongo zalo. Ongendawo uyazi ukuba ekugqibeleni ibandla liza kulawula noKristu. Ngoko ke abantu abanokubafumana ukuba bakhonze iinjongo zalo ngabahlehlayo, okanye ngebandla elimshiyayo uKristu. Kubaluleke kakhulu ukuqonda ukuba lonke ukuqhubela phambili kotshaba kufezekisiwe ngokusebenzisa ubuthathaka bebandla okanye ukuvumelana kwalo. Umphik'ukristu uza kusebenzisana nabahlehlayo nabakreqileyo. Inyathelo ngalinye kwinkqubo yokuwa kuKristu lenzeke ngokubambisana nebandla elihlehlayo, oko kukuthi, ibandla elimshiyileyo uKristu. Ukuze sihambe ngomoya ochaseneyo, oko kukuthi, sihambe kwicala elichaseneyo necebo likaSathana, abacebisi babapostile njengabalwi bomthandazo nabalamleli kufuneka baphule ukwahlukaniswa kwebandla. Oku kuthetha ukuphuma kwindawo eqhelekileyo okanye kwindawo yokuzola yezakhiwo zecawa kunye neentlanganiso zecawa zasekhaya. Kubalulekile ukulandela intliziyo kaYesu kule nkqubo yokubuyisela ibandla. Sifanele silungiselele indlela yesimemo sokugqibela kwisidlo somtshato sikaYesu. UYesu wayalela ngokucacileyo abafundi bakhe ukuba bameme undwendwe lomtshato ezitalatweni nakwiindawo zemarike. UYesu waphilisa abagulayo esidlangalaleni, kwaye uPetros waphilisa abagulayo egameni likaYesu ezitalatweni zesixeko. Kule nto kufuneka sifunde isifundo sokuba kufuneka sibe neentlanganiso zethu zomthandazo ecaweni, kodwa oko akwanelanga. Sifanele siphume ezitalatweni siyokuthandaza. Ezi hambo zomthandazo kusasa okanye ebusuku kakhulu ezitalatweni kufuneka zibandakanye umthandazo embindini wedolophu kwindawo ephambili. Ngale hambo zomthandazo siphula ukwahlukaniswa kwebandla ngokomoya. Sisenzo sokuthobela ukuphuma uye ezitalatweni kwaye umeme iindwendwe zomtshato ukuba zize esidlweni. Elinye inyathelo kwinkqubo yokubuyiselwa kukuba iinkonzo zokomoya ziphuma kwindawo yazo yokwahlukaniswa ngaphakathi kwezakhiwo zecawa zize zifikelele kuzo zonke iindawo zoluntu: icandelo lezoshishino, ishishini lorhwebo, indawo yokusebenza, iiofisi kunye nazo zonke iindawo zobomi boluntu. Phakathi kwabaprofeti, uDanyeli ngumzekelo womprofeti woluntu. Ngelixa uYeremiya, uIsaya, uHezekile kunye noZekariya bethathwa njengabaprofeti basetempileni, uDanyeli - owayengumprofeti owayekhonza ukumkani waseBhabheli - akazange aprofete kwiinkokeli zonqulo. Nangona abaprofeti becawa bebaluleke kakhulu ebandleni, ukubuyiselwa kwexesha lokugqibela kwe Icawa kufuneka izise abaprofeti boluntu kunye nabaprofeti boshishino. Kude kube oku kwenzeke, icawa ayizukukwazi ukuqhawula ukwahlukana nehlabathi. Ngaloo ndlela abaprofeti becawa kunye nabaprofeti boluntu babaluleke ngokulinganayo, njengoko kunjalo nangabapostile becawa kunye nabapostile boluntu. Kukule meko apho abacebisi babapostile banendima ebalulekileyo ekufuneka bayidlale ukuzisa ubunye bokwenyani kuMzimba kaKristu³⁷. Ngokucebisa kwiindawo zomtshato, iindwendwe zomtshato ezivela ezitalatweni nakwiindawo zemarike ziya kuba nethuba elilinganayo lokufumana ibhunga elingcwele ngeengxaki zazo. Njengoko sifuna uBukumkani bukaThixo kwihlabathi lemfundo, urhulumente kunye necandelo lezoshishino, kufuneka sibeke isiseko esiqinileyo ngokucebisa kwabapostile, ukutyala nokwakha iziseko ezintsha zotshintsho olukhulu-ukubuyiselwa kunye notshintsho. Oku kuya kwenziwa ngempumelelo kakhulu kwindlela yeqela apho zonke iinkonzo ezintlanu ecaweni zibandakanyeka ekufikeleleni kwabo kuluntu, izixeko kunye noluntu ngokubanzi.

c. Icawa edibeneyo yeMilambo emibini ehambelanayo

Ukususela ekupheleni kwenkulungwane yeshumi elinesithoba, sinokubona iintshukumo ezimbini ezicacileyo zokubuyiselwa emhlabeni jikelele. Njengoko iNkosi ibuyisela abantu

bamaJuda ngokubabuyisela kwiLizwe Lesithembiso, kwangaxeshanye kukho ukubuyiselwa okwenzekayo ebandleni. Njengoko uSirayeli ebuyiselwe umhlaba wakhe ngokwezithembiso zikaThixo, ngokufanayo sinokubona indlela ibandla eliye lahambela phambili ngayo kwiindawo ezintsha ekuzalisekiseni uMyalelo Omkhulu, kunye nokuvunwa okutsha kunye nokuvuka eBandleni. Namhlanje sinokubona ngokucacileyo le mijelo mibini yokubuyiselwa ihamba ngaxeshanye. Ngenye imini xa uYesu wamisa ulawulo lwakhe lweminyaka eliwaka emhlabeni esetroneni yakhe eYerusalem, siya kubabona bemanyene kwaye behamba kunye kuSirayeli osindisiweyo kunye neBandla elibuyiselweyo. Ekubeni iCawa yazalwa ngomhla wePentekoste, isixeko sayo esikhulu yayiyiYerusalem. Nangona kunjalo, ngenxa yentshutshiso, isixeko esikhulu seCawa saba yiRoma, kunye nenkcubeko yamaGrike, iipatheni zengcinga kunye nengqiqo. Kwiinkulungwane ezininzi iCawa yayisekelwe kwifilosofi yamaGrike, eyatshintsha kakhulu ubuntu babo kunye nendlela abakhokela ngayo. Okwangoku iCawa imi kwindawo yokwahlukana kweendlela phakathi kweAthene neYerusalem, phakathi kobuntu kunye nokutyhilwa nguThixo. Ngentando kaThixo elawulayo, wenza iYerusalem yaba sisixeko sakhe esikhethiweyo apho amise khona igama lakhe ngonaphakade. Kukuyo iYerusalem apho uYesu aya kubuya khona. Ikamva lethu linxulumene nomhla apho iYerusalem iya kuba yinto yokudunyiswa emhlabeni, kwaye zonke iziprofeto malunga noSirayeli neYerusalem ziya kuzaliseka e. Ukubuyiselwa Kwamaqhawe Adiniweyo KaThixo Ukubuyiselwa kweCawa kudla ngokwenzeka ngamaxesha anzima. Omnye wemizekelo emihle yokubonisa oku kukuphila nokufa kukaSamson. Nangona wayeneziphene neziphene, wagqiba ubomi bakhe ethandazela ukubuyiselwa: ‘USamson wabiza uYehova, wathi: “Nkosi yam, Thixo, ndikhumbule, ndiyathandaza; ndiqinise, ndiyathandaza, okwesi sihlandlo sodwa, Thixo, ukuze ndiziphindezelele kumaFilisti ngesibetho esinye ngenxa yamehlo am omabini!” (Abagwebi 16:28) Kwixesha lokugqibela uThixo uza kuphakamisa amaqhawe aze awathumele edabini. UThixo uza kuwaqokelela kwiindawo angalindelanga kangako kuzo. Njengokuba kunjalo nakuSamson, uza kuwalanda edabini apho amaqhawe awile khona. Uninzi lwawo ludiniwe kwaye ludiniwe. Lushiywe ngabantu balo, amanye awile kwaye alele elimele edabini. UThixo nguMalusi ojikeleza edabini, ebopha amaxeba amaqhawe awileyo kwaye uza kuwabuyisela ngeBalm yaseGiliyadi. “Unika amandla odiniweyo, andise amandla kwababuthathaka” (Isaya 40:29) 37 KwiCandelo lesi-3 lale khosi ukusetyenziswa kweBalm of Gilead kuza kuthethwa kakhulu malunga nokusekwa kwamaZiko eengcebiso asekelwe kuluntu. NjengoSamson odiniweyo, iBandla elidiniweyo neliyekileyo, ekugqibeleni liza kuzisusa iintambo zokubopha nothuli, lize libuyiselwe ebomini lize livuke ngamandla obugorha. USamson usinika umfanekiso webandla elithotyweyo eliye lashiya ukuzinikela kwalo eNkosini laza ngaloo ndlela lalahlekelwa ngamandla alo. Ibandla elinjalo, elilahlekelwe sisityhilelo sesiprofeto, liyimfama kwaye kufuneka lichithe ixesha elininzi entolongweni yalo. Ibandla elingenamandla liba yinto yokugculelwa njengoko lidlala indima yokuhlekisa phambi kwehlabathi, lisazi ukuba alisenamvume kaThixo. Nangona kunjalo, eso asiso sahluko sokugqibela kwimbali yeCawa. UThixo uza kuhlaziya ukuzinikela kwebandla kunye nokwahlukana kwalo kuye kuphela. Njengoko ibandla lifumana amandla okungekho mthethweni nobumnyama, liza kuthandaza lisithi: ‘Nkosi, sibuyisele kwakhona, ungavumeli utshaba lusoyise; sibuyisele kumandla esasiwanandipha ngaphambili, sisebenzise kwidabi lokugqibela ukuze sibone lonke ulwakhiwo lwamandla lukaSathana luwa ngesibetho esinye’. Ngokubhekiselele kumbono wesiprofeto kaHezekile (Isahluko 37), uThixo uza kuphakamisa isizukulwana esitsha, esingcwele nesizinikeleyo esiya kukhokela iBandla kwindawo yalo efanelekileyo kwiXesha Lokugqibela. Njengoko kwakunjalo ngoSamson, lo Mkhosi weNkosi weXesha Lokugqibela uza kubamba ulwakhiwo lwamandla obumnyama kwindawo efanelekileyo. Kwimizuzu yakhe yokugqibela emhlabeni, uSamson wenza kanye oko uThixo afuna ukukwenza kwimizuzu yokugqibela yeBandla yale mihla. Xa uYesu Kristu ebuya, uya kuza njengendoda yemfazwe. Uya kuphelekwa ngumkhosi wasezulwini, ukuzisa umgwebu ngobulungisa. Ibandla elilungisiweyo liya kuba nomoya ofanayo wokulwa, kwaye liya kuphila ngolindelo olukhulu kuYe njengoMtshakazi waKhe. Eli bandla linamandla, njengoSamson, liza kuqonda kakuhle izakhiwo zobumnyama ezigubungela iintlanga, lize likhwele kunye naye ngoloyiso olupheleleyo okokugqibela ngaphambi kokuba lilawule naye

ezitroneni eYerusalem. Ukubuyiselwa kwecawa mhlawumbi yeyona ndawo ingaqondwa kakuhle yokubuyiselwa. Nje ukuba le nyaniso yamkelwe ngabantu bakaThixo, utshintsho olukhulu luya kuqala ukwenzeka. Kule nkqubo abacebisi babapostile baya kudlala indima ephambili. Ukugcoba kukaHosana ukuze kubuyiselwe uluntu Emva kwayo yonke ingxaki yoluntu, kukho isisombululo sokomoya. Imiba enzima abantu, amazwe kunye noorhulumente abajongene nayo, iqinisekisa ukudideka kwehlabathi okungenakubethwa ngoyaba. Ulwaphulo-mthetho, urhwaphilizo, ukugula, izifo, ukungabikho kokusesikweni, ukungavisisani kwezopolitiko kunye nezentlalo kuxhaphakile namhlanje. Imiba yoluntu ejongene nehlabathi lethu ziimpawu nje zengxaki enkulu. Nangona kunjalo, abantu balangazelela utshintsho, nangona kunjalo, utshintsho abalufunayo, kuqala lolokomoya. Ubomi obungenalo ukuzinikela kokomoya buzimisele ngakumbi ukwamkela iimpendulo zoluntu kunye neimpendulo kwiingxaki zomoya. Ubomi obuphukileyo abunakulungiswa ziinkqubo zentlalo zodwa. Kubalulekile ukuba ingcebiso yabapostile iphumelele, ukuvuma le nyaniso yokuba utshintsho oluhlala luhleli lunokwenzeka kuphela ukuba iingcambu zeengxaki azijongwanga. Kungokombono apho ingcebiso edibeneyo iba yimfuneko ukuze kuqinisekise ukubuyiselwa okuphumelelayo. Ukuze sibe nokholo lokuthandazela ukubuyiselwa koluntu, kufuneka sifunde impembelelo yokuwa koluntu. Ukuwa komntu kwadala iipateni ezithile okanye iimodeli zokubola kunye nokonakala eziye zaqhubeka nokuzala ngokuhamba kwexesha kwaye zisabonakala kuluntu lwethu lwanamhlanje. Isiphumo sokugqibela sobukumkani boMchasi-Kristu siya kuba luluntu oluyingxubevange yeepateni ezivela eYiputa, eSodom, eBhabhiloni naseJerusalem. Zonke ezi nkcazo zikhankanyiwe kwinkcazo yeXesha Lokuphela: 'Ke kaloku, xa begqibile ubungqina babo, irhamncwa eliphuma enzonzobileni liya kubahlasela, liboyise, libabulale, izidumbu zabo zilale esitalatweni somzi omkhulu, ekuthiwa ngokomfuziselo yiSodom neYiputa, apho neNkosi yabo yabethelelwa khona emnqamlezweni – (ISityhilelo 11:7-8) Iintlobo ezintlanu ezahlukeneyo zemibutho zibizwa apha, eziza kuba zezona ntlobo zintlanu eziza kuxutyushwa kwesi sahluko, ukuze kuqondwe indlela iingxaki kuluntu lwanamhlanje ezisuka ngayo kwenye okanye ngaphezulu kwezi ntlobo. Kwixesha lokugqibela, uSathana uza kubeka unyuke iqonga lakhe lokulwa ngokuhlanganisa ezi ndlela zine zoluntu. Uluntu lwesihlanu luluntu olubuyiselweyo, olubonelela ngesisombululo kuzo zonke iinzame zikaSathana kunye nokuvuthwa kwisono esipheleleyo kuzo zonke ezi ntlobo zine zoluntu. Nangona kunjalo, ngokuqonda indlela apho ukuwa kuye kwakhokelela khona uluntu, sinokukwazi ukusebenzisana noThixo size sifumane umbono wakhe ngoluntu, ukuze lubuyiselwe. Kwiziqendu ezimbalwa ezilandelayo, nganye kwezi ndlela zoluntu iza kuchazwa ngokweempawu okanye iimpawu zayo eziphambili; isigwebo sikaThixo phezu kwazo; kunye nokubuyiselwa kwendlela nganye. Ukubuyiselwa koluntu nguThixo kuquka nokuphiliswa kwiingxaki ezine eziphambili zoluntu ezibangela iingcambu zeminye imiba emininzi abacebisi ekufuneka bayiwalasele. Ukubaluleka kwengcebiso yabapostile kunxulumene ngokuthe ngqo nokuchongwa nokubuyiselwa kweengxaki zoluntu kunye nokuzisusa ukuze kuphiliswe abantu ngabanye, iintsapho, icawa, kunye nezixeko zethu, uluntu kunye neentlanga.

Umbutho waseBhabhiloni

IBhabhiloni, njengesixeko nanjengohlobo loluntu, ibe nefuthe elikhulayo kuluntu kuyo yonke iminyaka eyiwaka. Imbali yeBhabhiloni iqhubeka ngqo eBhayibhileni kwaye iya kusilandela kude kube lixesha lokugqibela. Ngaphambi kokuba uluntu loBukumkani bukaThixo lubuyiselwe emhlabeni, iBhabhiloni kufuneka iwe.

Ibandakanya:

- Imvelaphi yemvukelo ehleliweyo nxamnye noThixo, ekhokelwa nguNimrod. Olu vukelo, oluchazwe kwiNdumiso 2, luya kufikelela esiphelweni sokufika koMchasi-Kristu. UNimrod, owakhokela olu vukelo, wayengumakhi oyintloko weBhabhiloni.
- UNimrod wayesaziwa ngokuba ngumntu othanda ingwe kwaye wayenxiba ulusu lwengwe njengophawu lwamandla ebantwini. Oomongameli abaninzi baseAfrika, iinkosi zezizwe kunye neenkulumbuso kunye namayeza azifanisa nengwe njengesilwanyana esinamandla, bahlala befana noNimrod kunye nomfanekiso wakhe wengwe. Oku kunika ithuba elivulekileyo kwiinkokheli zobudemon zokugcina ingcinezelo kulo lonke ilizwekazi laseAfrika.
- NgoMkhukula ukholo loobawomkhulu lwatshayelwa nguNimrod owakhokelela abantu kumoya omtsha wokuzimela geqe kuThixo nokukhululeka ekoyikeni iNkosi nemigwebo yasezulwini.
- INqaba yaseBhabheli yakhiwa ngaphakathi kolu moya kwaye isekelwe kwimigaqo yamandla omlingo efana nokugxila kwamandla omlingo eePiramidi.
- Inqaba yaseBhabheli yayiyindawo yamandla emimoya kunye nendawo yokunqula inkolo. Iqonga ngalinye lenqaba lalinikezelwe komnye woothixo abasixhenxe beepelanethi, uSaturn encotsheni, emva koko uVenus, uJupiter, uMercury, uMars, uthixo wenyanga kunye nothixo welanga. Encotsheni yenqaba kwakunqulwa uthixo welanga.
- Zonke ezinye izixeko ezakhiwa nguNimrod zazifana neBhabheli, zakhiwe ngemigaqo efanayo yomlingo, oothixo bobuxoki kunye neendawo zamandla.
- Isango ngalinye laseBhabhiloni nezinye izixeko ezakhiwa nguNimrod, lalizinikele kuthixo walo obalulekileyo. Olu qheliselo lwalulungiselele ukuhlanganiswa koothixo abaninzi bobuxoki kwaye iBhabhiloni yaba yindawo yokuhlanganisana, indawo yokulahla inkunkuma, yabo bonke oomoya ababi: Iwile! Iwile iBhabhiloni Enkulu! Ibe likhaya leedemon nendawo yokuhlala yoomoya ababi bonke, indawo yokuhlala yazo zonke iintaka ezingcolileyo nezinyanyekayo” (ISityhilelo 18:2)
- Amandla aqhubayo ekwakhiweni kweBhabhiloni yayingabantu ababefuna ukuzenzela igama. Umlawuli waseBhabhiloni waqinisekisa ukuba igama lakhe liqoshwe kuzo zonke izitena ezenziweyo, ukuze akhunjulwe. ‘Umoya’ waseBhabhiloni ngulowo wayefuna ukuba ‘sisixeko esikhulu’, esikhulu, esibalaseleyo nesaziwayo kwihlabathi liphela. Kwakusemoyeni weBhabhiloni apho uNebhukadenetsare wadanduluka wathi: “Ayisiyiyo na iBhabhiloni enkulu?”

Ndiwakhile njengendlu yobukhosi, ngamandla am amakhulu, nangenxa yozuko

lobungangamsha bam?” (Daniyeli 4:30)

- IBhabheli yayilisixeko sokuqala ukwakhiwa kusetyenziswa ucwangciso lwedolophu oluyimilingo. Ngokusebenzisa ucwangciso lwedolophu oluyimilingo, umnatha okanye isigqubuthelo sibekwa phezu kwabemi besixeko, kwaye ngale ndlela banokubalawula okanye babaqondise nakweyiphi na indlela efunwa yinkokeli yoyimilingo.
- Kukho umnatha womlingo obekwe phezu kwabantu neentlanga ukuze ubavalele kwaye ubalawule. Oku kuthethwa yiBhayibhile xa isithi ihlabathi liphela liphantsi kolawulo longendawo (1 Yohane 5:19). Ichaza inkqubo yokusebenzisa amandla.
- USathana unecebo lokugcina umhlaba uhlalwe ngabantu. Icebo lakhe liza kutyhilwa ngokupheleleyo kwaye liphazanyiswe yiMkhosi yeNkosi ngaphambi kokuba uYesu abuye. Kufuneka sithandazele ukuqonda ngakumbi icebo lotshaba kunye nezakhiwo zobubi, ukuze kucinywe iziphumo zezi zakhiwo: Kule ntaba [iNkosi] iya kuyitshabalalisa igqubuthelo eligubungela zonke izizwe, ilaphu eligubungela zonke iintlanga; iya kuginya ukufa ngonaphakade - (Isaya 25:7-8)
- Ilizwi likaIsaya likhomba phambili kuloyiso lukaYesu emnqamlezweni nasekuvukeni kwakhe. Ubomi buphumelele phezu kokufa. Isigqubuthelo sokufa siya kususwa, ngenxa yoloyiso lukaYesu. Esi sigqubuthelo siyindlela yokulawula abantu ngokusebenzisa imibutho eyimfihlo egcina abantu bengaboni kwaye bengazi ngoloyiso lukaYesu.
- Uphawu oluphambili kuluntu lwaseBhabhiloni kukuba iipateni ezithile zobugqi zenziwa njengoko kwakudalwa uthungelwano phakathi komlingo kunye neendawo zamandla. Uthungelwano lobugqi lwadityaniswa nesakhiwo esithile. Intsingiselo yalo mbandela inkulu kakhulu: njengoko iFreemasonry yayithatha inxaxheba ekusekweni kwesixeko kwasekuqaleni, babeka namatye esiseko kunye neembombo zekona.
- Ukuba siyayiqonda intsingiselo yokomoya yamatye esiseko kunye namatye embombo (indawo ephezulu yesakhiwo, umz. uYesu njengeLitye eliyiNtloko yekona yesakhiwo sokomoya esiyicawa yakhe ayiNtloko yayo), siqala ukuqonda ukuba kutheni izixeko ezithile kwisicwangciso sazo sokuqala zizinikele kuthixo othile wobuxoki kunye nesakhiwo semilingo. Ngokwezifundo zokuqala zembali yedolophu yokuqala yocwangciso lwesixeko, kubaluleke kakhulu ukwazi ukuba amaFreemason abeke amatye esiseko seecawa ezininzi, izakhiwo zikawonke-wonke, ii-obelisk kunye nezikhumbuzo kwizixeko ezininzi zasentshona, uluntu kunye nezizwe, ezifana neMelika, iOstreliya, iYurophu kunye noMzantsi Afrika.
- Ukubaluleka okukhulu kokomoya kunxulunyaniswa noku, ngokwembono yokuthandazela isiprofeto kunye nomthandazo wesixeko okanye uluntu. Sifanele senze imephu yokomoya kwaye sisebenzise amaqhinga athile okucebisa abapostile afana nemfazwe yomthandazo, kubandakanya ukuhamba ngomthandazo, ukuhamba kukaYesu, njl. Umthandazo kunye nokuthandazela abapostile, njengenye yeendlela eziphambili zokucebisa abapostile malunga nemiba yengcebiso yenkampani okanye edibeneyo, kuya kuxoxwa ngazo kwiCandelo lesi-3 lale ncwadi.

UNimrodi, umakhi wokuqala wobukumkani, owabeka iziseko zeBhabhiloni neNineve waza wenza umnqophiso nokufa, waprofetwa ngaye nguIsaya:

“Yabona, ndibeka ilitye eZiyon, ilitye elivavanyiweyo, ilitye lembombo elixabisekileyo, lowo ukholwayo akayi kunkwantya” (Isaya 28:16) Siyazi ukuba ilitye lembombo nguYesu, lowo abakhi bamgatyayo. Ngokubeka isiseko egameni lomnye uthixo, isixeko silungiselelwa uMchasi-Kristu endaweni kaYesu. Uthixo wamaFreemason akangoThixo noYise kaYesu Kristu. EBukumkanini bukaThixo yonke into iyangcwaliswa kwaye ibekelwe iNkosi. Ngumsebenzi wethu ukwamkela uYesu kuqala nangokuba ngcwele thina, kodwa nangokungcwalisa izakhiwo, izitalato kunye nezikwere. Ekubeni izixeko zethu zakhiwe ngenxa kaLusifa endaweni kaYesu, abathetheli kufuneka benze ngokufanelekileyo ukuze izixeko zingachithwa zize zitshatyalaliswe xa ubukumkani bukaThixo bubuyiselwa: “Izixeko zawa. UThixo wayikhumbula iBhabheli Enkulu waza wayinika indebe ezele ywayini

yomsindo wengqumbo yakhe” - (ISityhilelo 16:19) Intsingiselo yesiBhalo iyacaca njengoko sifumana ukuqonda indlela izixeko zethu ezasekwa ngayo ngomoya kaNimrod, owakha iBhabheli neNineve.

1. Isigwebo sikaThixo phezu kweBhabhiloni

Ukudideka kweLwimi njengoMqobo ochasene noBunye kwiMvukelo INkosi yadida iilwimi zabantu ukuze bathintelwe ekwakheni uhlobo lomanyano oluvela xa abantu bejoyina ukuvukela uThixo. Ukungakwazi ukuqondana yenye yezigwebo eziphelela kuKristu. UThixo owabeka imiqobo ukuze abantu bangakwazi ukuthetha iilwimi zomnye nomnye nguThixo omnye, ngomnqamlezo kaYesu, onokudiliza iindonga ezahlulayo ukuze abantu bakwazi ukufezekisa umanyano kunye. Ukuthululwa koMoya oyiNgcwele yayisenzo sikaThixo sokubuyisela ngokunxulumene ngqo nomgwebo weBhabhiloni owabangela ukuba abantu bangaqondi intetho yomnye nomnye. Kwinkqubo yokubuyisela, abantu abavela kumaqela eelwimi ezahlukeneyo bazaliswa nguMoya oyiNgcwele kwaye baqondane ngomoya. KuMoya, kukho ubudlelwane phakathi kwabantu neentlanga ezahlukeneyo.

Ukudideka kunye nokuSasazeka

INkosi yagweba iBhabheli, kwaye isohlwayo sabantu bayo sasiza kusasazeka emhlabeni wonke (Gen. 11:8). Esi sohlwayo esifanayo asinika uluntu oluvukelayo njengeBhabhiloni: “Lowo uchithachithayo unyuke phambi kwamehlo enu” (Nahum 2:1) Ngenxa yokuba uSirayeli wangena ekunquleni oothixo bobuxoki nakwimilingo, wasasazeka phakathi kwezizwe, kodwa asinguye uSirayeli kuphela ogwetywe ngaloo ndlela: “Ndiza kuwachithachitha amaYiputa phakathi kweentlanga, ndiwasasaze emazweni” – (Hezekile 30:23) Isizwe emva kwesinye siye sawiswa phantsi yile mgwebo, xa abantu belandela oothixo bobuxoki. UThixo ugweba iintlanga ngenxa yezono zaseBhabhiloni (Isaya 24:1) aze xa esenza njalo, azisasaze. Emva koko, xa ezibuyisela, uzihlanganise kwakhona aze azivumele zihlale ngokukhuselekileyo. Umbono wobukumkani uchazwe kuIsaya 65:21-22: “Baya kwakha izindlu, bahlale kuzo; baya kuceba izidiliya, badle iziqhamo zazo; abayi kuphinda bakhe izindlu, abanye bahlale kuzo, okanye batyale, abanye badle.” Ukubuyiselwa kukufika kweNkosi njengomalusi nokuqokelela iintlanga ebandleni layo. Nangona la mazwi ayesemlonyeni wakhe, isigwebo sikaThixo savakaliswa phezu kwekratshi lakhe. Ookumkani baseBhabheli babefuna ukunqulwa ngexesha lobomi babo kwaye bakhunjulwe emva kokuba befike - ngoko ke izikhundla kunye nezikhumbuzo zazibekwa njengembeko yabo. Imfazwe yomthandazo ngexesha lokuhamba komthandazo ihlala igxile kwezi ndawo zamandla omilingo, njengoko ziphethe isitshixo sokulawula ummandla wokomoya wesixeko okanye wesizwe.

2. Ukubuyiselwa nguThixo ngeYerusalem

KwiLizwi likaThixo, umbono wokubuyiselwa koluntu lwaseBhabhiloni uhlala ungowaseJerusalem, isixeko apho iNkosi ngokwayo ibeka khona igama layo phezu kwezitena namatye kwaye apho ikhunjulwa khona, ngokuchaseneyo nekratshi laseBhabhiloni: “Andibonanga tempile kuloo mzi, kuba iNkosi uThixo uSomandla neMvana yitempile yawo” – (ISityhilelo 21:22) Akuyi kubakho mfuneko yetempile. Rhoqo, xa kwakhiwa itempile okanye icawa, kwenziwa ukuze umakhi akhunjulwe. Itempile idla ngokubizwa ngegama lokumkani, ukumkanikazi, isixeko okanye umntu owakhayo. Bangaphi abantu abafumana udumo olufanele uThixo, ngoko sinokukufumana kubonakalisiwe kwizixeko zethu? Abantu, kunye noothixo bobuxoki, babeke amagama abo kwiindawo apho eneneni: “Itrone kaThixo neyeMvana iya kuba semzimbeni, abakhonzi bakhe bamkhonze. Baya kubona ubuso bakhe, negama lakhe libe semabunzini abo” – (ISityhilelo 22:3-4)

UThixo uya kuziqokelela iintlanga phakathi kwabantu bakhe:

“*Liveni ilizwi leNkosi, zintlanga; livakaliseni kwiindawo ezikude: “Lowo wachithachitha uSirayeli uya kubaqokelela aze alinde umhlambi wakhe njengomalusi”*” – (Yeremiya 31:10) “*Itsho iNkosi uNdikhoyo ukuthi: - Lowo uqokelela abathinjwa bakwaSirayeli: Ndiya kuqokelela abanye kubo ngaphandle kwabo sele beqokelelwe*” - (Isaya 56:8) “*Phakamisani amehlo enu ngeenxa zonke; hlanganisanani nize kuni; oonyana benu beza kude neentombi zenu zithwalwe ngeengalo. Niya kwandula ukubona, nikhazimle, intliziyo yenu iya kuduma, idumbe ngovuyo; ubutyebi bolwandle buya kuziswa kuni, kuwe, ubutyebi beentlanga buya kuza kuni*” – (Isaya 60:4-5)

2. Umbutho wamaSodom

Ezi mpawu ziphambili zezi zilandelayo:

- ISodom luluntu apho isono sikhula ngokupheleleyo, silungele umgwebo. Isono siyaqhubeka sikhula lonke ixesha de sikhule ngokupheleleyo size sifikelele kwisiphumo saso sokugqibela. UThixo ubeke imida yokuziphatha ekufuneka uluntu luyigcine; xa uluntu ludlula kwezi zinto, emva koko kulandela umgwebo: Emva koko iNkosi yathi, “Isikhalo nxamnye neSodom neGomora sikhulu kakhulu kwaye bona kakhulu kangangokuba ndiya kuhla ndiye kubona ukuba oko bakwenzileyo kubi na njengesikhalo esifikileyo kum” - (Genesis 18:20-21)
- Umzekelo kaLote: Ngoko ke iNkosi yathumela iingelosi ezimbini eSodom zaza zamenywa endlwini kaLote njengeendwendwe. Nangona kunjalo, ezi ngelosi, ezazihlala endlwini kaLote ubusuku bonke, zazisendleleni eya kuzibeka esichengeni sokudlwengulwa ngabantu besini esinye ngamadoda aseSodom (Gen. 19:4).
- Kubalulekile ukuqonda ukuba isono sobungqingili siyakhula xa kudlwengulwa abantu besini esinye kwaye akukho migangatho yokuziphatha eluntwini yokukuthintela. Kwezi ndawo apho kukho khona ingxolo yesondo, abantu abalungileyo badla ngokoyika kakhulu baze baguqukele ekubeni bangenzi nto baze bathule.
- Ngenxa yokuba iidemon zazigcinwa endaweni yazo ngokugcina umoya woloyiko, ukuqhatha nokulawula, akukho mntu wayenesibindi sokungenelela. Umzekelo ogqibeleleyo unokufumaneka ngokugqwetheka kwamadoda aseSodom awayengabantu abathandana nabobulili obufanayo. Babengenamthetho, kwaye babengalamkeli igunya lokugweba nabani na. Ngenxa yokuqina kokomoya koloyiko, ukuqhatha nokulawula, ubungqingili yayiyinto eqhelekileyo kuluntu kwaye wonke

umntu wayenyanzelekile ukuba ayamkele imeko. Kule mimandla yonke izizukulwana zithatha inxaxheba, kwaye nangona amadoda aselula enza izono zobungqingili, amadoda amadala awayi kwenza nto ukuzama ukuthintela abancinci. Udlwengulo lwabantu abathandana besini esinye luyenzeka nakwiimeko ezivaliweyo zasejele, apho amabanjwa aphantse afika aye anyanzelwa ukuba athathe inxaxheba kwizenzo zobungqingili okanye zobungqingili.

- Ngokuphathelele oku, wonke umntu kuluntu, idolophu okanye isixeko apho indlela yoluntu yaseSodom ilawula khona, uyabandakanyeka kwaye uthatha inxaxheba, nokuba ngokwenza izenzo zobuqu okanye ngokuba ngumbukeli njengoko amadoda aseSodom ayephila iinkanuko zawo. Oku kuthathwa njengokuzonwabisa okanye ukonwabisa kwabo babukeleyo. Isona esipheleleyo sibonakala xa abantu kwezi ndawo okanye kwiindawo besenza ezi zinto ngaphandle kokuba neentloni, ekuhlени phambi koluntu lonke.
- Uluntu lwaseSodom alunazo izithintelo, akukho nto yokuthintela umsinga wobubi. Ukuba bekukho amadoda alishumi alungileyo eSodom awayenokuma abhikishe aze azame ukunqanda ongendawo, lonke idolophu ngebelinokusindiswa. Nangona kunjalo, okubuhlungu kukuba, indlela yokuphila yobungqingili yayisele ithathe indawo kangangokuba akukho mntu wayenesibindi sokubhikisha. Amadoda aseSodom ayengavumi ukuba uLote aphakame njengomgwebi wezenzo zawo. Aqhubeka ecinezela uLote aze aqhubeka phambili ukuze aphule ucango. UThixo wangenelela ngemithandazo yobulungisa kaLote kwaye isigwebo sakhe sabachaphazela bonke, kwaye bonke, bathathwa bubumfama ziingelosi.

Isigwebo SikaThixo Kuluntu LwaseSodoma

ISodom yayiluluntu olwaluphantsi kwesigwebo sikaThixo sokutshatyalaliswa. Iingelosi zazithunyelwe ukuba zitshabalalise iSodom, zaza zabongoza uLote ukuba abaleke ngoko nangoko kuloo ndawo kunye nosapho lwakhe (Gen. 19:14-17) ukuze basindiswe ekutshatyalalisweni kwesixeko. Apha sibona ubabalo lukaThixo kwakhona: Akafuni ukutshabalalisa amalungisa kunye nabantu abangamhloneliyo uThixo nabangendawo kuluntu. Ngoko ke isigwebo sikaThixo ngezono zoluntu lwaseSodom sasikukutshatyalaliswa ngokupheleleyo, ngokungafaniyo nokubhideka kolwimi, ukusasazeka kunye nokusasazeka kuluntu lwaseBhabhiloni. Oku kusizisa kwiintlobo ezimbini zeendawo zokuhlala kwixesha lokugqibela: enye ekufuneka sibaleke kuyo, enye isixeko esikhululekileyo apho sibalekela khona. Ukubuyiselwa nguThixo kuMbutho wamaSodoma Umbono wokubuyiselwa koluntu oluthanda abesilisa nabesifazane kukuba kufuneka lube yindawo yokusabela, indawo apho kukho indawo yokusabela kubantu balo kwaye nendawo apho abo babalekela kuyo besuka kwiindawo ezinengxaki neziphithiphithi banokukhuseleka khona (2 Petros 2:6-10). Kuluntu ngalunye kukho umbono wokubuyiselwa. ISodom yayiluluntu olwaludilizwa yintlekele yendalo, kodwa iLizwi likaThixo lithembisa ukuba izixeko ezidilikileyo ziya kwakhiwa kwakhona. Abacebisi babapostile babelana ngobizo noxanduva lokwakha kwakhona izixeko ezidilikileyo: “Abantu bakho baya kwakha amanxuwa amandulo, bavuse iziseko zakudala; uya kubizwa ngokuba nguMlungisi weendonga eziqhekekileyo, uMvuseleli weZitrato ezinezindlu” (Isaya 58:12). “Baya kwakha amanxuwa amandulo, balungise iindawo ezichithakeleyo, bahlaziye imizi echithakeleyo, ebichithakele kwizizukulwana ngezizukulwana” (Isaya 61:4) Luxanduva lomcebisi wobupostile, ngomthandazo wobupostile kunye nokuthandazela, ukuba yinxalenye yobulungiseleli beXesha Lokugqibela boxolelaniso nokubuyiselwa kwezinto zonke (IZenzo 3:21). Kubalulekile ukwazi ubizo lwethu, umyalelo kunye nokuhamba kwethu ekuthanjisweni kobupostile ukuze sifeze lo msebenzi.

3. Umbutho waseYiputa

Iimpawu eziphambili zolu hlobo loluntu zezi zilandelayo:

- Inkcubeko ebalaseleyo yoluntu lwaseYiputa kukunxulumana okusondeleyo kunye nokunxulumana nobukumkani bokufa. [Ngokwahlukileyo kuluntu lwaseBhabhiloni, apho
Ookumkani baseBhabhiloni babengakhathali nje kuphela ngelifa labo emva kokufa kwabo, kodwa bakha izakhiwo apho babenokuhlonitshwa kwaye bahlonitshwe ngexesha lolawulo lwabo. Izikhumbuzo, izakhiwo zezikhumbuzo namatye, ii-obelisks kunye nezinye izakhiwo zikawonke-wonke zakhiwa njengeendawo zonqulo ngelixa belawula, ukwakha iindawo apho amagama abo ayenokuphakanyiswa kwaye ahlonitshwe. Emva kokufa kwabo ezi zakhiwo zazikwasebenza njengezikhumbuzo zokubakhumbula].
- Ngokwahlukileyo koko, kwinkcubeko yamaYiputa, abantu babexhalabele kakhulu ukufa. OoFaro base-Egypt kunye nabantu abazizityebi babesebenza ubomi babo bonke ukuzakhela amangcwaba afanelekileyo. Bakha iiphiramidi ukuze zibe ngamangcwaba abo amahle. Ngaphandle kweephiramidi, amaYiputa asebukhosini natyebileyo nawo akha amangcwaba ngendlela yeebhotwe okanye amagumbi okungcwaba ematye. Bachitha ubomi babo bonke besakha ezo ndawo, apho izinto zabo negolide zazinokungcwatywa khona. Babengaxhalabelanga kangako ukunqulwa ngexesha lokuphila kwabo - njengoko kwakukho oothixo abaninzi ababefuna ukunqulwa - kodwa ukwakha izakhiwo zikawonke-wonke zokukhumbula emva kokufa kwabo kwakubaluleke kakhulu. Babefuna ukukhunjulwa ngezikhumbuzo zabo zokufa ezifana neephiramidi.
- Inkcubeko yamaJiphutha ikwaphawulwa lunqulo lobuxoki. AmaJiphutha ayenoothixo abaninzi. Ayenqula uthixo welanga ngamagama ahlukeneyo kunye neemo ezahlukeneyo, ayebona ukutshona kwelanga ngakunye njengokufa kwelanga, ukuze azalwe ngokutsha ekuphumeni kwelanga ngosuku olulandelayo. I-obelisk luphawu lokufa olusetyenziswa ekuhombiseni amangcwaba. Ababhali bamaYuda babebona iJiphutha njengegama elifanayo nobukumkani bokufa. 'Ukuya eJiphutha' yayilibinzana elithetha ukungena ebukumkanini babafuleyo. Inkcubeko yobukumkani bokufa ibeka impembelelo yayo kubugcisa, ukuhombisa, uncwadi, imibongo kunye nomculo.
- Kukho unxibelelwano olusondeleyo phakathi koluntu lwaseBhabhiloni nolwaseJiphutha. Ngokwembono yobuKristu, kufuneka sikhumbule ukuba sifuna ugqozi lwethu oluvela phezulu, apho uYesu ehleli ngasekunene kukaYise.
- Imibhiyozo yokomoya ziintengiselwano ezenzeka ngokuqaphela kwihlabathi lemimoya. Oku kusebenza kwimibhiyozo yomlingo kunye nemibhiyozo emiselwe yiNkosi - ebizwa ngokuba yiMibhiyozo yeNkosi (Lev.23). Imibhiyozo isetyenziselwa iinjongo ezahlukeneyo ebukumkanini bobumnyama nasebukumkanini bukaThixo.
- Imithendeleko yonyaka yemimoya ebukumkanini bobumnyama zizivumelwano zokomoya ngokwemvelo noothixo bobuxoki ukuze babakhusele, bababonelele baze bavelise iziqhamo kunyaka olandelayo. Ngalo ndlela, umthendeleko othile wemimoya ubanjwa ukuhlonipha uthixo othile. Le mithendeleko yeedemon inokubonwa njengokuvuselelwa kwesivumelwano sikaSathana nabantu ukuze iingelosi zakhe eziwileyo zikwazi ukwenza imisebenzi yazo kunyaka olandelayo kwaye zandise ubukumkani bobumnyama. Ngexesha lee-carnivals kunye nemithendeleko yokuhlonipha oothixo bobuxoki, amaKristu akuloo ndawo adla ngokuva ubumnyama obukhulu, kuba lixesha apho uhlaselo lweedemon kunye

nentshutshiso zihlala zifikela abavangeli kunye neecawa, kwaye imiqondiso neemimangaliso zeedemon zihlala zenzeka³⁸.

Isigwebo phezu kweYiputa

Isono, xa sikhulile ngokupheleleyo, sizala ukufa. Kuluntu lwaseJiphutha, apho amandla okufa ayelawula khona, umgwebo kaThixo weza ngendlela yokufa. Kule meko kufuneka sithlekise umahluko kumgwebo kaThixo kuluntu lwaseBhabhiloni, lwaseSodom nolwaseJiphutha. IBhabhiloni yagwetyelwa ukudideka, umahluko kwiilwimi nokusasazeka; iSodom yagwetyelwa ukutshatyalaliswa; kodwa iJiphutha yagwetyelwa indlu yosizi, nomntu omnye efile kuyo yonke indlu njengoko uMtshabalalisi ephuma phakathi kwabantu. Ukufa kuya kuba kokugqibela phakathi kwazo zonke iintshaba zakhe ukuhluthwa amandla ako. Ukufa kuchazwa eBhayibhileni njengobuntu, omnye weentshaba zikaYesu; kwaye kukho ingelosi yokufa (Eks. 12:23, 29-30). ³⁸ Sjöberg, Kjell. Ukubuyiselwa: Isikhokelo Somthandazo. Chichester: I-New wine Press. 1995, iphe. 215-21;6 Xa uphawu lwesine luphuliwe (ISityhi. 6:7), ukufa kuya kudlula phezu kwehlabathi, kulandele ubukumkani bokufa. Baya kunikwa amandla phezu kwesahlulo sesine somhlaba, benikwe umyalelo wokubulala. Naphi na apho umntu enze khona izivumelwano nokufa, unelungelo elisemthethweni lokufumana amandla. Ufumana amandla ngazo zonke iimpawu zokufa okanye inkcubeko yobukumkani bokufa, njengee-requiems okanye ii-black masses; kwaye kuyo yonke indawo apho iindawo zihonjiswe ngeempawu zokufa, njengeephiramidi, ii-obelisks kunye nezikhumbuzo zokufa. Kwiindawo ezinjalo, umoya wokufa wamkelekile ngabantu kwaye uMtshabalalisi unokuziva esekhaya kwaye angavuna isiqhamo sakhe ngonaphakade. Ngezenzo zabantu - rhoqo ngokungazi - bamema umoya wokufa ukuba uze phezu kwabantu bedolophu kwaye ubaleka esitalatweni esikhulu esithe tye, esisembindini woluntu. Iziko ledolophu kwezi ndawo yindawo enamanani aphezulu okuzibulala, ulwaphulo-mthetho olunobundlobongela, amakhaya aqhekekileyo kunye nokudakumba. Uluntu lwaseHosana luchasene ngqo noluntu lwaseJiphutha: Ngelixa uluntu lwaseJiphutha lunenkcubeko yokwamkela ubukumkani bokufa kunye noMtshabalalisi, ngoko ke uluntu lwaseHosana lunenkcubeko yokwamkela uKumkani uYesu Kristu emva emhlabeni. Oku kwenziwa ngomthandazo wabapostile kunye nokuthandazela ukubuyiselwa kwabantu ngabanye, iintsapho, ibandla, uluntu kunye neentlanga. Ukuphilisa ngeBalm yaseGiliyadi kuzo zonke ezi nqanaba zintlanu kuya kuseka inkcubeko yokwamkela uKumkani kwakhona nokuthatha indawo yakhe efanelekileyo emhlabeni! Ukubuyiselwa nguThixo kuMbutho wamaYiputa Ngobubele bakhe uThixo uhlala esinika umbono wokubuyiselwa kwakhe. Uluntu lwase-Egypt alukho ngaphandle. Umbono wokubuyiselwa koluntu lobukumkani bokufa usekelwe ekwakhiweni kweYerusalem eNtsha. Esi sixeko sizukileyo sakhiwe ngendlela yokuba umlambo wobomi ugeleza phakathi kwendlela ebanzi yesixeko: “Isithunywa sezulu sandibonisa umlambo wamanzi obomi, ucwebezela njengekristale, uphuma etroneni kaThixo neyeMvana, usiya phakathi kwendlela enkulu yesixeko. Ngaphesheya komlambo kumi umthi wobomi, uvelisa iziqhamo ezilishumi elinambini, uvelisa iziqhamo zawo inyanga nenyanga. Amagqabi omthi ngawokuphilisa iintlanga” (ISityhilelo 22:1-2) ‘Kukho umlambo onemilambo evuyisa isixeko sikaThixo, indawo engcwele apho kuhlala khona uPhezukonke’ – (INdumiso 46:4) Oku kubuyiselwa kukaThixo eluntwini kubeka isiseko sokubuyiselwa Kwakhe kweentlanga ngeNtlawulelo yaseGadini, eza kuchazwa kwicandelo elilandelayo. Lo mbono wokubuyiselwa kukaThixo awungombono nje wobukumkani basezulwini. Ngumnqweno wokubona ukuthanda kukaThixo kwenziwa emhlabeni njengoko kusenzeka ezulwini. Sinqwenela ukungcamla kwangaphambili ubukumkani basezulwini kuluntu esiphila kulo. Iicawa ziba ziicawa ezinika ubomi kwiindawo ezikuzo. Ingqwalasela yazo kukunika ubomi kuzo zonke iinkalo zobomi bentlalo: amashishini, imfundo kunye nendawo yemarike.

Imibuzo ekufuneka siyifumane iimpendulo njengabacebisi babapostile yile ilandelayo:

- Ingaba kukho umlambo wobomi oqukuqela embindini wesixeko sethu okanye umlambo wokufa?
- Ngaba sibandakanyeka kwimephu yokomoya yokucwangcisa idolophu okanye isixeko sethu?
- Ngaba singayibona kwimaphu indlela yokucwangcisa idolophu engaqhelekanga eyilwe ziiFreemason okanye iingcali zemvelaphi yabantu apho kulandelelwa khona imigca yokufa ehamba ngqo esitalatweni esikhulu?

Umbutho waseJerusalem

- Uluntu lwenkolo lwakudala lwaseYerusalem lwalusekelwe kwimithetho kaMoses. Inkubeko ephambili yenkonzo yonqulo, ukugcinwa kwemithetho kaMoses, esebenza kwiindawo zonqulo ezifana neemfundiso zabaFarisi etempileni okanye kwindlu yesikhungu. Ikomkhulu lenkolo lasekwa ukuze lijonge ngokusondeleyo inkundla enzima inkqubo kunye nemigaqo yokuziphatha yokuziphatha. Uqeqesho lwangaphandle kunye nokuzinikela yayizizinto ezazisetyenziswa ukulinganisa ubumoya.
- Uluntu lwakudala lwaseJerusalem lwalungajongi ubukumkani kwaphela. Babefuna ubukumkani basemhlabeni njengabamelwane babo ababangqongileyo. Babefuna ukumkani owayeza kujongana neengxaki zabo zopolitiko nezozoqosho. Intliziyo kaThixo yaphuka ngenxa yokulahlwa ngabantu bakhe ekufuneni kwabo ukumkani wasemhlabeni (1 Sam. 8:7). Babengaqondi ubudlelwane bomnqophiso uThixo awawenza noAbraham, nokuba injongo yokuhlangula uSirayeli yayikukuba sisixhobo sikaThixo sokubonelela ngentlawulelo kubo bonke abantu.
- Ukungathobeli kwabo, ukungathembeki nokungazi kwabo kwaba nefuthe elikhulu kwimbali yonke yesizwe kuzo zonke izizukulwana. Ekugqibeleni uThixo wabagweba ngenxa yokuswela kwabo ubulumko, ukuzinikela nokungazi isikhundla sabo esikhethekileyo uThixo abanike sona njengesenzo sikaThixo sobukhosi. UThixo wayefuna ukusikelela ihlabathi lonke ngohlanga lwakwaSirayeli. Okubuhlungu kukuba, imbono yabo yenyama yavula indlela yezinye izono ezininzi nxamnye noThixo, ezinje ngokunqula izithixo, ukungathobeli, ukukrexeza kunye nokwenza lukhuni iintliziyo zabo nxamnye nabathunywa uThixo abathumela ngendlela yabaprofeti. Ngenxa yokuba aba baprofeti babenika imiyalezo evela kuThixo engahambelani neenkqubo zabo zonqulo, babatshutshisa baza bababulala.
- Olu hlobo lokwaphulwa rhoqo komnqophiso phakathi kwabo noThixo, ngokungagcini imithendeleko yeNkosi okanye iSabatha njengokuqonda ngokomoya ukuba bahlukaniswe nguThixo kwaye bangabaKhe njengabantu bakhe abakhethekileyo - umfazi wakhe - kwafikelela esiphelweni sokufa kukaYesu, uMesiya ababemlangazelela kodwa abazange bamamkele okanye bamamkele.
- Ngenxa yokuba babengaqondi okanye bengafuni ukuqonda umfanekiso opheleleyo, wokuba uThixo wabahlula njengabantu abakhethekileyo ukuze bafeze umsebenzi wakhe wokukhulula emhlabeni, babulala uMprofeti wokugqibela owayethunywe nguYise, uYesu uMesiya. Iinkokeli zopolitiko nezenkolo zazilindele uMesiya owayeza kusombulula iingxaki zabo zopolitiko nezozoqosho, aze abahlangule kwingcinezelo yoBukhosi bamaRoma.
- Ukhetho olwenziwa nguSirayeli kwi-1⁶⁴ Samuweli 8, lwalufana nomkonto obomvu

owawujikeleza imbali kaSirayeli. Kwanabafundi babengaluqondi ubizo lukaYesu oluphambili, lokuba yiMvana yedini yokubuyisela ubudlelwane phakathi koThixo nomntu obonakele emva kokuwa.

- Imizekelo emithathu kwiZibhalo iqinisekisa imbono yasemhlabeni yabafundi:
- Ekuguqulweni komfanekiso entabeni, apho uYesu wazukiswa khona phakathi kwabafundi bakhe abasondeleyo, uPetros, uYakobi noYohane, babefuna ukwakha iminquba ebonakalayo ukuze bagcine baze bagcine uzuko lukaThixo olubonakalayo (Mat. 17:1-4).
- Unina woonyana bakaZebhedi, uYakobi noYohane, weza kuYesu ecela ukuba bahlale ngasekunene kwakhe nangasekhohlo xa engena ebukumkani bukaThixo (Mat. 20:20)
- Emva kokuvuswa kukaYesu, abafundi babengayiqondi imfuneko enkulu kaYesu njengoko bambuza ukuba uza kubuyisela na ubukumkani bakwaSirayeli, okanye bathetha ngenye indlela, ukubakhulula kwingcinezelo yamaRoma (IZenzo 1:6).
- Uluntu lwaseJerusalem lusasebenza kwiicawa ezininzi namhlanje. Izithethe zonqulo endaweni yobudlelwane bomntu noYesu Kristu, kunye nomnqweno wokuguqulwa kwimo ephelileyo kaKristu nokuba iindleko zingakanani na, yeyona nto iphambili ebangela ukuba iCawa ehlanganisiweyo ingabi mdala kangaka, ingabi ngumloli noMtshakazi ogqibeleleyo. Icawa isabonisa iimpawu zangaphandle zobuthixo, kodwa iswele amandla (2 Tim. 3:5). Ngaphambi kokuba icawa ingaguquki kwaye ivumele uThixo ukuba aguqule ubomi bayo bube ziintsuba zewayini ezintsha, abayi kuze bafumane iwayini entsha - izityhilelo ezintsha zeXesha Lokugqibela kunye nokuthululwa kwamandla kaThixo angaphezu kwawemvelo kunye nokuthanjiswa ukuze kugqitywe umyalelo weCawa, ukuzisa isivuno esikhulu semiphefumlo ngokusebenzisa ukushumayela iindaba ezilungileyo kwihlabathi liphela, ngokweMiyalelo Enkulu. Lo yayingumyalezo wokugqibela kaYesu kunye nomyalelo wakhe kwiCawa, kunye nesithembiso samandla akhe okufezekisa nokugqibezela lo msebenzi. Okubuhlungu kukuba, iCawa iye yasilela kakhulu kwigunya layo, kwaye uThixo uphakamisa uMkhosi weXesha lokuGqibela wamajoni okholo ngaphandle kwecawa yasekuhlaleni ukuze afezekise lo msebenzi.

Isigwebo sikaThixo kwiYerusalem

Isono esikhulu soluntu lwaseYerusalem yayikukugatya nokubethelelwa kwabo uYesu njengoMesiya. Njengoko sele kuxoxiwe kwicandelo elingasentla, ukungathembeki kwabo, ukungathembeki kunye nokunqula izithixo - okwaqala kwiTestamente eNdala xa balahla uThixo kuKumkani wabo okuphela kwakhe - kwabakhokelela ekubeni bangayifumani injongo yabo yokuhlangula. Okwesibini, bazibeka isiqalekiso phezu kwabo kunye nazo zonke izizukulwana zamaYuda eziza kulandela emva kwabo, de izizukulwana sokugqibela samaYuda simbone size simvume njengoMesiya wabo. Okwesithathu, nangona kwixesha elizayo, uThixo waxela kwangaphambili ukuba baza kulandela iSilo njengothixo wabo kwiminyaka emithathu enesiqingatha yokuqala yexesha leminyaka esixhenxe yembandezelo yeminyaka esixhenxe. Ukunyamezelana ngokomoya nguMchasi-Kristu ngelo xesha kuya kuvumela amaYuda ukuba aqhubeke kubuYuda nakwezinye iintlobo zonqulo lwezithixo ezifana nonqulo lweXesha Elitsha. Kuya kuba kuphela emva kokuba iminyaka emithathu enesiqingatha yokuqala iphelile apho ubuntu bokwenyani boMchasi-Kristu buya kutyhilwa, emva koko baya kuqonda ukuba wayengenguye uMesiya owayelindelwe ixesha elide. Abaninzi baguquka ezonweni zabo baza basindiswa, kodwa oko akuzange kubathintele ekufeni njengomfeli-nkolo ngenxa yokuchasa indima yobuzwilakhe kunye nokunganyamezelani ngokomoya nguMchasi-Kristu, oya kuhlala etroneni kaDavide kwitempile yesithathu yakwaSirayeli aze ambhengeze njengokumkani. Nakuphi na ukwala kwabasandula ukuguquka kuya kuphendulwa ngokuthuthunjiswa, ukutshutshiswa kunye nokufa. Isigwebo sikaThixo kubantu bakwaSirayeli sasiqatha. Ngandlela ithile sasibi kakhulu

kunezono zeentlanga ezingabahedeni ezifana neBhabheli, iSodom neYiputa. Isizathu soku sisekelwe kubizo lwabo olukhethekileyo kunye nenjongo njengabantu abakhethiweyo bakaThixo, abangcwele, abangazange bawamkele baze bawadelela. Njengomfazi kaThixo wayefuna ukwabelana naye ngentliziyo yakhe nothando lwakhe ngehlabathi, kodwa wayeneenjongo zakhe zezopolitiko. Okumangalisayo kukuba, uSirayeli wayengenakuze azisombulule iingxaki zakhe zezopolitiko nezozoqosho, kuba iintsikelelo zikaThixo zazingekho.

Izigwebo zikaThixo kwiYerusalem zingashwankathelwa ngolu hlobo lulandelayo:

- Ukwahlukana kukaThixo noSirayeli njengomfazi wakhe, ngenxa yokungathembeki kwakhe, ukukrexeza nokungathobeli ukubuyela kuYe (Yer. 3:8)
- Ukutshatyalaliswa kweYerusalem ngo-70 AD
- Sisasazeke njengesizwe phakathi kwehlabathi kwizizukulwana ezininzi
- Ukulahlekelwa bubuntu babo njengesizwe
- UThixo waguqukela kwiiNtlanga ukuze aqhubeke nenjongo yakhe yokuhlangula kwihlabathi liphela (Roma 11)

Ukubuyiselwa nguThixo weNtalo yaseYerusalem Nangona uSirayeli waphula intliziyo kaThixo waza wamlahla njengoKumkani wakhe noThixo woMnqophiso, uThixo uhlala ebuyisela kuba unguThixo onenceba. Ukwenza oku ukuze abantu bamzukise baze babuye bavume ukuba unguThixo oyinyaniso (yongeza amagama omnqophiso kaThixo apha). Nangona uThixo wohlwaya kakhulu ukungakholwa kukaSirayeli nokunqula abanye oothixo bobuxoki, iZibhalo zizaliswe bubungqina bezithembiso zikaThixo zokubuyiselwa kukaSirayeli (INdumiso 80; 88; Yer. 33:11, 26; IZililo 5:21; Izenzo 15:16)

Wathembisa ukubuyisela uSirayeli kuyo yonke indawo:

- Wathembisa ukubabuyisela kwilizwe labo lesithembiso bevela kuzo zonke iimbombo zomhlaba (Yer. 33: 11, 26; Hez. 34-36; IZili. 5:21).
- UThixo wabanika inkululeko kwezopolitiko waza wababuyisela njengelizwe lezopolitiko ngo-1948 (Hez. 29:10-14; Isaya 66:)
- Uza kubuyisela uSirayeli ngokomoya aze abe nolwalamano oluhle naye kwakhona (Indumiso 91:14-16; Isaya 41:15; Hez. 37:11-14; Hoseya 2:14-16; 6:2, 11; 14; Obhadiya:10-14; Roma 11)
- Uza kumsikelela aze amenze achume kwilizwe lesithembiso (Isa. 43: 3-5; 44:26; 49:8; Hoseya Yoweli 3:1; Amosi 9:11; Nahum 2:2; Zek. 9:12; 10:6)

Ngaphambi nje kokubuya kukaYesu eNtabeni yeMinquma, isizwe sakwaSirayeli siza kumvuma njengoMesiya wokwenene kuphela, nangona oko kusenokubenza balahlekelwe bubomi babo ngexesha lembandezelo. Lifikile ixesha lokuba iBandla likaYesu Krestu livuke ebuthongweni balo, liguquke kwiindlela zalo zakudala, lize linikele ubomi balo kuYe ukuze akwazi ukwenza iintsuba zewayini ezintsha aze abuyisele konke ukwaphuka. Lifikile ixesha lokuba ibandla eliqhekekileyo libe libandla elakhayo, kwaye lithathe inxaxheba ekuqokeleleni iipatheni kuluntu eziza kubuyisela uluntu. Oku kusizisa kuhlobo olulandelayo - umzekelo woluntu olubuyiselweyo!

Umbutho weHosanna

Uthambiso lweHosana lokubuyisela uluntu luyimfuneko ukuze kufezekiswe ukubuyiselwa kukaThixo kwiinkcubeko nakwiintlalo.

Iimpawu eziphambili zoluntu lweHosanna zinxulumene ngokuthe ngqo nenkcubeko entsha yoBukumkani bukaThixo:

- Le nkubeko ikwabizwa ngokuba yinkcubeko kaHosana. Njengabalawulwa

bobukumkani bukaThixo sixhalabele ukwamkela uKumkani kwakhona.

- Injongo yokubuyiselwa kuluntu olungiselela ukwamkela uYesu njengoKumkani phezu komhlaba wonke. UYesu ulindele ukwamkelwa eYerusalem xa ebuya:
- “Kuba ndithi kuni, aniyi kuphinda nindibone, nide nithi, Makabongwe lowo uzayo egameni leNkosi.” (Mateyu 23:39)
- Olu hlobo loluntu luhluka kakhulu kwezinye iindlela ezine zoluntu ekuthethwe ngazo apha ngasentla, njengoko olu luntu lugxile ekwakheni ubukumkani Bakhe emhlabeni ngenkcubeko yokwenza ubukho Bakhe nokuhlakulela indlela yokuphila esondelelene noKristu. UYesu akayi kubuya ide iJerusalem ifunde isifundo (phantsi kokuthanjiswa sika-'Hosana').
- Xa uYesu wayengena eYerusalem ekhwele iesile, ukwamkelwa kwakhe kwakungazange kuphelele. Abantwana, abafundi bakaYesu, kunye nabantu abaqhelekileyo bamamkela, kodwa iinkokeli zokomoya (abaFarisi neenkokheli zonqulo) zaphazamisa indumiso yabantu.
- UYesu ulindele ukuba iJerusalem ilungele ukumamkela njengoKumkani. Khawucinge ngemibhiyozo eya kwenzeka xa uKumkani efika ekhaya kwisixeko sakhe esilikomkhulu!
- UYise akayi kuthumela unyana wakhe ukuba aphinde ahlaziswe emhlabeni; xa efika, abantu baya kube befunde ukumhlonipha uNyana! Umyalelo ukho kumcebisi wobupostile ukuba athathe inxaxheba kule nkonzobu yexesha lokugqibela ukuze uluntu lwethu lulungele ukwamkela uYesu xa ebuya.

‘Ihlabathi liphela lamangaliswa, lalandela irhamncwa. Abantu banqula inamba kuba ilinike igunya irhamncwa, balinqula nerhamncwa, besithi: “Ngubani na ofana nerhamncwa? Ngubani na onokulwa nalo?”’ (ISityhilelo 13:3-4) Akuba amaKristu evusiwe kule meko, siya kumangaliswa kukuba uluntu lwethu luchaphazeleke kangakanani yinkcubeko yobukumkani bokufa. Ngumsebenzi noxanduva lomcebisi wabaPostile ukunceda amaKristu ukuba aphuhlise inkcubeko yokwamkela uKumkani kwakhona, ukuba azinikele ngokupheleleyo kuYe nakwintando yakhe ngobomi bethu kwaye aphile ubomi obuzisa uzuko kwiGama lakhe! Kungemfazwe yabapostile neyesiprofeto kunye nokuthandazela ukuba ubukumkani bokufa bukwazi ukutyhilwa kwiindawo zethu, kwizixeko nakwiindawo zethu kwaye buthatyathelwe indawo bubukumkani boBomi, ukuphiliswa noxolo. Icebo likaThixo lokubuyisela uluntu kukumisela iingoma zokudumisa uYesu kuluntu oluthile. Oku kungathatha iindlela ezininzi, enye yazo kukumatsha kukaYesu minyaka le ngexesha elinye le mibhiyozo yomlingo. Kukwenza amazwi kummandla womoya athi uThixo unemibhiyozo yakhe yabantu bakhe, eya kubazisela ukuphiliswa kokwenene, ulungiselelo, ukhuseleko kunye nesikhokelo ngoMoya oyiNgcwele. Licebo likaThixo ukuba ezi ngoma zokudumisa ziviwe ezitalatweni, ukuze zihambe ngomoya owahlukileyo kwaye ziseke inkcubeko yokwamkela ukubuya koKumkani uYesu Kristu okuphela kwakhe olawulayo ukuze abekwe isithsaba kwisixeko sakhe esikhulu, iYerusalem. Sifuna uYesu amatsha endaweni yemibhiyozo. UYesu ufanelwe kukudunyiswa ngexesha lemibhiyozo eya kuzisa imbeko egameni lakhe kungekhona elikaSathana. Ngokutsho kwencwadi yeSityhilelo, uluntu loMchasi-Kristu luya kuba yingqokelela yazo zonke iindlela ezahlukeneyo zoluntu ezikhule zafikelela ekuvuthweni kwimbali. IBhabhiloni, isixeko esinobugqi; iSodom, isixeko apho isono sakhula khona ngokupheleleyo; iYiputa, isixeko apho inkcubeko yokufa yafumana khona ukubonakaliswa kwayo okupheleleyo kunye nobukhoboka bagcina abantu bethinjiwe phantsi komlawuli olawulayo. Uhlobo lwesine loluntu, iYerusalem, lunegama lenkolo kwaye lulandela iindlela zonqulo kwaye lwakha izakhiwo zonqulo. Nangona kunjalo, bagwetywa ngokuba nembonakalo yangaphandle yobuthixo, kodwa amandla kunye nokuthanjiswa kukaThixo kwakungekho kwaphela. Egameni lenkolo abaprofeti abathunywe nguThixo batshutshiswa baza babulawa: ‘Ke kaloku, xa begqibile ubungqina babo, irhamncwa eliphuma enzonzobileni liya kubahlasela, liboyise, libabulale, izidumbu zabo zilale esitalatweni somzi omkhulu [igama leBhabhiloni], ekuthiwa ngokomfuziselo yiSodom neYiputa, apho neNkosi yabo yabethelelwa khona emnqamlezweni’ (ISityhilelo 11:7-8) UYohane uthetha ngeYerusalem, engabamkeli abo

uThixo abathumileyo, aze abaxulube ngamatye abaprofeti. Zonke ezi ntlobo zemibutho ziya kuhlangana ukuze zenze iipateni eziya kuba luluntu lwerhamncwa. Iya kuba yindawo yokulwa yeXesha Lokugqibela - kunye nabafeli-nkolo kunye naboyisileyo. Kukule ndawo apho siya kunika ubungqina bethu kude kube kukubuya kweNkosi. Kukule ndawo yokulwa apho siya kuzisa khona isivuno sokugqibela size sigqibezele umyalelo Omkhulu onikwe iBandla lokwenyani. Kule ndawo yokulwa yeXesha Lokugqibela yomchasi-Kristu, umcebisi wabapostile uya kudlala indima ebalulekileyo yokunceda, ukukhokela, ukufundisa kunye nokubonisa abantu ukuba balungele ukuza kweNkosi. Oku kuhlakulela inkcubeko kaHosana kuMtshakazi kaKristu kuya kusebenzisa imfazwe yomthandazo wabapostile kunye nomthandazo wabapostile kunye nokuncenga. Le yinxalenye yezinye zeempawu ezibalaseleyo zomcebisi wabapostile, apho angafumani kuphela ubizo kunye nomyalelo, kodwa kunye nokuthanjiswa kwabapostile ukufezekisa le njongo. Kwanele apha ukukhankanya indima ebalulekileyo yomthandazo kunye nokuncenga njengeny yeendima eziphambili zomcebisi wabapostile ukuze kujongwane nemiba yokucebisa ehlangeneyo kwinkulungwane yama-21. Iindima ezahlukeneyo kunye namanyathelo omcebisi wobupostile ziya kuxoxwa ngawo kwiCandelo lesi-3. Oko kuya kubeka isiseko sophuhliso lwabacebisi bobupostile ukuze babe ziinkokeli zobukumkani, abaququzeleli beentlobo ezahlukeneyo zokunika iingcebiso ezivela kwindlela yeqela, kunye nootata bokomoya kwiindawo zabo zasekuhlaleni, kwizixeko, nakuluntu. [amaphepha 222-223] Imizekelo yabacebisi babaPostile, abanegunya lokubuyisela nokwakha ngokutsha abantu kunye namaziko aqhekekileyo, ikwafumaneka eBhayibhileni. Umzekelo ogqibeleleyo womcebisi wabaPostile beBhayibhile, nguNehemiya. Zonke iimpawu ezifunekayo kubacebisi babaPostile, esizifumene zihlangatyenzwa kubomi bukaNehemiya. Emva kokuba uEzra ebuyisele isibingelelo kunye netempile eYerusalem, yayingumsebenzi wompostile ukuya kwakha iindonga zesixeko. UEzra wayengumprofeti nombingeleli, uNehemiya wayengumpostile. Wayengumcebisi wabaPostile ngengqiqo yokuba waphuhlisa icebo elisebenzayo lokwakha ngokutsha ubomi bomntu ngamnye oqhekekileyo, iintsapho, uluntu lwaseJerusalem. Wachitha ixesha elininzi elungiselela kwaye ekhuthaza abantu ukuba babe ngamajoni eBukumkanini bukaThixo - ukusuka kubantu abaqhekekileyo ukuya ekwakheni abantu! Eminye imizekelo yabacebisi babapostile eBhayibhileni iquka uMoses, uHezekiya, uDanyeli, uYeremiya, uSolomon, uDavide, uYohane, uPetros noPawulos. Babenento enye abafana ngayo: bona baqonda ixabiso lokomoya lokuguquka okuchongiweyo ukuze benze inkcubeko yokwamkela ubukho bukaThixo kunye nokubuya kozuko Lwakhe (jonga uDan. 9; Neh. 9.) Singawugqiba ingxoxo yenkcubeko kaHosana kuluntu olubuyiselweyo lukaThixo ngokugxininisa injongo ephambili yokulungiselela abantu ukwamkela ukubuya kukaYesu Krestu nokuchasa zonke iindlela zokwamkela uMchasi-Kristu phakathi kwethu. Ngaphandle komthandazo nokuthandazela, ezinye iingcebiso ezihlangeneyo ziquka ukuhamba kukaYesu, ukuthandazela okuprofeti ngokusebenzisa imephu yokomoya; ukholo olusebenzayo lokukhuthaza abantu ukuba baqhubeke nokwakha kwakhona xa bejamelene nobunzima (Neh. 2:20; 3:14; 4:6). Eyoku-1 kaPetros 2:9 ikwabaluleke kakhulu kumcebisi wompostile, njengoko isisishwankathelo esihle sendima yabo yobubingeleli neyobukumkani abayidlalayo kuMzimba kaKristu. Umthi woBomi Ukuthambisa uBuyiselo lokuPhilisa iintlanga Igadi yase-Eden I-Antonitioning for Philiso of Nations ibandakanya imixholo emine eyayihamba njengomsonto obomvu kulo lonke ixesha nembali.

1. Ukubuyiselwa koBuhlobo obusondeleyo ngeNguquko

Ibali leGadi yase-Eden lityhila izinto ezimbini ezibalulekileyo zobuThixo: ulwazi nokungafi. Ngesenzo sokuthobela, abantu bafumana ulwazi, kodwa babengenakuvunyelwa ukuba bafumane ukungafi. Icebo likaThixo lokuhlangula uluntu alibandakanyi nje kuphela ukujongana Kwakhe nesono nokufa ngenxa yokungathobeli, kodwa nokubabuyisela kwinqanaba elifanayo lobuhlobo awayenabo noAdam noEva ngaphambi kokuwa. Ivesi ebalulekileyo yesiBhalo egxininisa injongo kaThixo yokuhlangula ngomntu owileyo, kunye nemephu yendlela yokuphiliswa nokubuyiselwa ishwankathelwe ngolu hlobo lulandelayo: “Ukuba abantu bam, ababizwa ngegama lam, baya kuzithoba, bathandaze, bafune ubuso bam, babuye ezindleleni zabo ezimbi, ndiya kuva ndisemazulwini, ndibaxolele izono zabo, ndiphilise ilizwe labo” (2 Kronike 7:14)

2. Ukubuyiselwa kweCawa

IBandla, elilisebe leentlanga labantu bakaThixo ngokutsho kwabaseRoma 11, libuyiselwe ngamaxesha ahlukeneyo embali. UThixo wasebenza ukufezekisa injongo yakhe yokubuyisela iBandla ukuba ligqibelele limanyene, liphelele njengoMtshakazi waKhe, kodwa kwakhona xa njengoMtshakazi waKhe okhaliphileyo isivuno esikhulu semiphefumlo siya kuhlenganiswa kwixesha lokugqibela. Ukubuyiselwa kokugqibela kwebandla kuxa ubudlelwane obugqibeleleyo nobusondeleyo kwiGadi yase-Eden bubuyiselwa kwaye xa iBandla ligqityiwe ngokwe-Efese 4. Kulapho kuphela apho siya kukwazi ukuqokelela isivuno seentlanga kuThixo size sizise ukuphiliswa kwabantliziyo zaphukileyo. IBandla lesi-8 leSityhilelo libandla elibuyiselweyo, elichazwe kwiSityhilelo izahluko 4-5. Emva kokuba ukuphiliswa kukhululwe ezizweni, ixesha lembandezelo liqala isahluko 6. Incwadi yeSityhilelo ichaza iziganeko zemihla yokugqibela, iqala ngemeko yangoku kumabandla asixhenxe kwiSityhilelo 1-3, ilandelwa libandla elisibhozo - eligqibeleleyo, elimanyeneyo, ubudlelwane beGadi yase-Eden, ukuphiliswa kunye nevangeli ezizweni kwizahluko 4-5 - kunye nokuqala kwexesha lembandezelo kwiSahluko 6. Ngalo ndlela ukuthanjiswa kweGadi yase-Eden kugxininisa umbono nokugqitywa kwebandla leXesha Lokugqibela, elibonakala kwibandla lesi-8, uMtshakazi kaKristu ogqibeleleyo, omanyeneyo, ohlala kubudlelwane neGadi yase-Eden noThixo. Umsebenzi wakhe kunye nomsebenzi wakhe kukufikelela kwihlabathi liphela ngeVangeli, ukuphilisa amaxeba eentlanga, nokuqokelela isivuno esikhulu semiphefumlo kwimbali yebandla. Umthi woBomi noMlambo kaThixo Olu thambiso luphefumlelwe kwisahluko sokugqibela seNcwadi yeSityhilelo (ISityhilelo 22). Kwesi sahluko kukho inkcazo yomthi wobomi ovelisa iziqhamo inyanga nenyanga. Uphawu lolu thambiso luthathwe kula mazwi alandelayo: ‘Phakathi kwendlela yawo, nangaphesheya komlambo, kwakukho umthi wobomi, ovelisa iziqhamo ezilishumi elinambini, umthi ngamnye uvelisa iziqhamo zawo inyanga nenyanga. Amagqabi omthi ayengawokuphilisa iintlanga’ – (ISityhilelo 22:2)

‘Kuba niya kuphuma ninovuyo, niphumle ninoxolo; Iintaba neenduli ziya kucula phambi kwenu, yonke imithi yasendle iqhwabe izandla zayo. Endaweni yomthi weminga kuya kuvela umsipres, endaweni yerhawu kuya kuvela ummirtile; Kwaye oku kuya kuba ligama kuYehova, kube ngumqondiso ongunaphakade ongayi kunqunyulwa’ – (Isaya 55:12-14) ‘Ukuthuthuzela abo balilayo eZiyon, ukubanika isihombo endaweni yothuthu, ioli yovuyo endaweni yokulila, ingubo yokudumisa endaweni yomoya onzima; ukuze babizwe ngokuba yimithi yobulungisa, izityalo zikaYehova, ukuze azukiswe’—Isaya 61:3. Zonke ezi ndinyana zingasentla zibhekisa “kwiEdeni entsha”. Oko kwakufanele ukuba yiGadi yokuqala yaseEden kuzalisekile apha. Oko uAdam noEva babenokuba nako ukuba babengawanga koko kunikwe abantu bakaThixo apha. UAdam noEva balahlekelwa yiParadesi; kodwa apha, uThixo uyenze ngokutsha. Umongo wale ndima uthile ungasenza sazi ukuba ingelosi yayinika umpostile uYohane uhambo olukhokelwayo lweYerusalem eNtsha. Ingelosi yabonisa uYohane umlambo ococekileyo onamanzi obomi, acwebe njengekristale (INdumiso 46:4). Ifanekisela ukuphelela kobomi kunye neentsikelelo ezingunaphakade eziza xa abantu bekholelwa kuYesu baze bamvumele ukuba anelise unxano lwabo lokomoya. Igadi yase-Eden, echazwe kwiGenesis, nayo yayinomlambo ohamba phakathi kwayo owawuyinkcenkceshela (Gen. 2:10-14; Hez. 47:7,12). KwiTestamente eNdala neNtsha, amanzi afanekisela usindiso kunye nokuhlaziyeka koMoya oyiNgcwele. UHezekile wabonwa nombono womlambo onemithi ekhula ecaleni kwawo (Hez. 47:1-12; Yoweli 3:18; Zek. 14:8). UThixo kuKristu, ongumanzi okukhanya (Yohane 7:37-38), ungumthombo womlambo ongapheliyo wentsikelelo kunye nokuhlaziyeka kwabantu bakhe. Lo mlambo uhlala ugeleza embindini wesitalato esikhulu sesixeko kwaye ufikeleleka lula kuye wonke umntu³⁹. Kubalulekile ukuba nokuqonda okuchanekileyo kunye nolwalamano phakathi koMthi woLwazi lokuLungileyo nokubi kunye noMthi woPhilayo. Kuyathakazelisa ukuqonda ukuba umthi ongalunganga wathimba ingqalelo ka-Adam noEva. Babenokufikelela kubomi obungunaphakade, kodwa bakhetha ukuba nolwazi lwenyama, kunye nobubi (Gen 2:16-17). Emva kokuba u-Adam no-Eva bonile, balelwa ukutya kumthi wobomi. Nangona kunjalo, ngokuxolelwa kwesono ngegazi likaYesu, amakholwa aya kukwazi ukutya ngokukhululekileyo kuMthi woBomi kwiYerusalem eNtsha. Lo mthi ukhula kwicala ngalinye lomlambo kwaye uvelisa iziqhamo ezilishumi elinesibini zeziqhamo - isivuno esitsha inyanga nenyanga. Ngelixa u-Adam no-Eva babenqunyulwe kuMthi woBomi ngenxa yesono sabo (Gen 3:22-24), iziqhamo ziya kufumaneka ngobuninzi kuwo wonke umntu inyanga nenyanga yonyaka (Amosi 9:13). Ukongeza kwisiqhamo, amagqabi omthi ayesetyenziselwa amayeza okuphilisa iintlanga. Oku kuvakala ngathi kukuphikisana. Kutheni iintlanga zifanele ziphiliswe ukuba bonke ububi bususiwe? UYohane wayebhekisa kuHezekile 47:12, apho amanzi aphuma etempileni avelisa imithi enamagqabi aphilisayo. Ngokuqinisekileyo wayengathethi ukuba kuya kubakho ukugula ezulwini, kuba izulu yindawo engenantlungu, kungekho ntlungu, akukho lusizi, akukho ntlungu, ³⁹

<http://remnantbride.com/to...trees/TwoTrees.1.html>. p.1-7 akukho zifo zihlasela imizimba yethu. UHezekile wayegxininisa ukuba amanzi obomi aya kuvelisa impilo namandla naphi na apho aya khona. Abantu bakaThixo eBukumkanini Bakhe abayi kuba nazo iimfuno zomzimba okanye zokomoya⁴⁰. Zonke iintlungu zeentlanga ziya kuba ziphilisiwe. UYohane waphawula ukuba amagqabi emithi ayenzelwe ukuphilisa iintlanga. Oku kuchazwe nakuHezekile 47:12: “Ecaleni komlambo, ngapha nangapha, kuya kuvela zonke iintlobo zemithi esetyenziselwa ukudliwa; amagqabi ayo akayi kubuna, neziqhamo zayo aziyi kuphela; iya kuvelisa iziqhamo inyanga nenyanga, kuba amanzi ayo aphuma engcweleni; iziqhamo zayo ziya kuba kukutya, namagqabi ayo abe ngamayeza.” Xa uqala ukubona, oko kubonakala kudida. Nangona kunjalo, igama lesiGrike elithi “therapeia” alithethi ukugula. Igama elingcono lokuliguqulela kukuthi “linika ubomi”, “linika impilo” okanye liyaphilisa”. Amagqabi omthi anokufaniswa neevithamini ezingaphaya kwendalo, kungekhona ukunyanga izifo, kodwa ukukhuthaza impilo ngokubanzi. Ubomi ezulwini buya kuba namandla apheleleyo, butyebe kwaye bunomdla. Oku kwahlula imeko yabantu abaninzi becawa namhlanje abadiniweyo, abahlwempuzekileyo nabangenamdla (ISityhi. 1-3). Akukho nto ibavuselelayo, ibasebenzele okanye ibatshise ngenxa kaYesu nomsebenzi webandla! Ngolu hlobo kuyavakala ukuba kutheni amakholwa eXesha Lokugqibela sele elungiselela iYerusalem Entsha ngoku. Oku kuqinisekiswa ngumzekeliso weentombi ezilishumi kuMateyu

25 (1-13). Ezintlanu zeentombi zazilumkile, kuba zasebenzisa iivithamini “ezingaphezu kwendalo” – ioyile yoMoya oyiNgcwele – ukuba zitshiswe ngenxa yokubuya koMyeni. Ezinye iintombi ezintlanu zazizizidenge, kuba azizange zisebenzise iivithamini ezingaphaya kwendalo ezazikho – ezithelekiswa neoyile kwizibane zazo – ukuze zitshiswe kwaye zilungele ukubuya kukaYesu. Izibane ezisetyenziswe apha nakwiSityhilelo 1 zibhekisa kumakholwa – athwala ukukhanya – kwaye ichazwe ngomfanekiso ofanayo wemithi kuIsaya 55:12-13; 61:4; Hezekile 47 kunye neSityhilelo 22 - enamagqabi okuphilisa iintlanga! Hayi indlela elithembeke ngayo iLizwi likaThixo! Ngeempawu ezahlukeneyo, wachaza umfanekiso ofanayo ngesigidimi esifanayo. Kwakhona umyalezo ugxininiswa ukubonelela ngenkcubeko entsha ethi “Hosana” ukulungiselela abantu ukubuya koMyeni. Ngoko ke amagqabi akanto yimbi ngaphandle kwamakholwa, ahlala kuYesu Kristu (uYohane 15) kwaye avelisa iziqhamo ezininzi! Siyimithi yobomi kumacala omabini omlambo! Umlambo unika ubomi kwaye uthetha ngesipho sokufundisa kuMzimba kaKristu. Oku kunefuthe nakubacebisi babapostile, njengoko baya kuba noxanduva lokubonelela ngeempfundiso kwiintlanga, ukuzisa iindaba ezilungileyo zosindiso kubo ukuze baguquke ezonweni zabo baze bafumane uxolelo. Ngaloo ndlela batya amagqabi neziqhamo zemithi yobomi ukuze bafumane inyaniso nokuvuthwa baze bavuthe ekubuyeni kukaYesu! Umbuzo othetha ngobuciko uYeremiya awuthethayo kwiSahluko 8:22 malunga nokungabikho kweBalm yaseGiliyadi yokuphilisa uSirayeli, unokubonwa ngendlela ephendulwa apha. Oogqirha ngabafundisi bokwenene belizwi likaThixo, abasebenzisa iLizwi ngokuchanekileyo kwaye ngaphandle kokuyekelela! Ingxaki ephambili engalungiswanga phakathi kwabantu bakaThixo - kwaSirayeli ngelo xesha nasebandleni lanamhlanje, yile ilandelayo: ‘Kodwa abantu bam abawazi umgwebo weNkosi. Bangathini na ukuthi, “Sizilumko, nomthetho weNkosi unathi?” Khangela, usiba lombhali olubuxoki lusebenza ubuxoki. Izilumko ziyadana, ziyaqhiphuka umbilini, zibanjiwe. Yabona, baligatyile ilizwi leNkosi; ngoko ke balumkile kangakanani na... Kuba baphilise kancinane ukwaphuka kwentombi yabantu bam [ngokungakhathaliyo, beqalekisa, bethuka], besithi, “Uxolo, uxolo!” kungekho luxolo”. - (Yeremiya 8:7-11) “Amayeza” avela kumagqabi emithi kumacala omabini omlambo, aqulethwe kuMtshakazi kaKristu weXesha lokuGqibela, uMtshakazi okhule ngokupheleleyo, ogqibeleleyo novuthiweyo onegunya lokuba ngabaphilisi babapostile kwiintlanga zehlabathi. Umtshakazi kaKristu xa ewonke usebenza njengamagqabi okuphilisa iintlanga. Ikhola ngalinye alinakujongana nazo zonke iingxaki zeli xesha lethu. Kodwa umntu ngamnye unokuba ligqabi. Ukuba ligqabi kukuba sisixhobo sokuphilisa ku 40 <http://wiki.answers.com>; Genesis 3:22-23; ISityhilelo 2:7; 22:1-4 iimeko ezithile ezifuna impilo, ukuphiliswa, imvisiswano kunye nokuqina. Ukuzinikela kubizo lokuphiliswa yindima noxanduva lomcebisi ongumKristu ngokubanzi, kunye nomcebisi ongumpostile ngokukodwa. Njengoko kuchaziwe kwiSahluko sesi-2, ngumsebenzi womcebisi ongumpostile ukunika inkuthazo, ulwazi kunye nokuqonda ukuba iingxaki zokucebisa zifuna abacebisi abangamaKristu ukuba badibane ukuze basombulule ingxaki kunye. Kukho ukuqonda okungakumbi nobulumko obufumanekayo xa abacebisi besebenza kunye. Ngokudibeneyo bakhupha izixhobo ezingaphezulu zokunceda abantu ngabanye. Xa bedibana, iindawo zomntu ngamnye kunye nezo zidibeneyo zokwaphuka, ukwahlukana, ukuqhekeka kunye nezifo zinokusonjululwa emakhayeni ethu, kuluntu, kwizizwe nakwihlabathi liphela. Abacebisi bobuPostile baya kusebenza njengabaququzeleli beqela ukubonelela ngenkxaso kwiiprojekthi ezahlukeneyo zokuphilisa nokuxhasa imibhiyozo yokuphilisa nokubuyisela (ukuphuhlisa inkcubeko ethi "Hosana" yokwamkela uYesu ekhaya. Kufuneka imfazwe eninzi yokomoya ukucoca umoya womoya ukuze simamkele kwakhona njengoKumkani wethu! Nangona kunjalo, kukho omnye umthi - uMthi woLwazi lokuLungileyo nokubi. Kukulo mthi apho uMsindisi waboni exhonywe khona; kulo mthi uNyana woMntu uwise intloko yakhe waza wafa; kulo mthi apho ikhoboka nelikhululekileyo, indoda nebhinqa, umYuda nowaNtlanga, izityebi namahlwempu baxolelanisiweyo khona; kulo mthi apho uYesu wanikela ngegazi lakhe ngenxa yemiphefumlo yabantu; kulo mthi wabhala umyalezo wothando kuMtshakazi wakhe; kulo mthi apho wathenga khona iCawa ngegazi lakhe; kulo mthi apho wasihlambulula khona ngedini lakhe waza waphilisa iintlanga ngamandla akhe! (1 Petros 2:19-25; IZenzo 13:26-29; IZenzo 10:34-40) Kungegazi lakhe, elaphalala kuloo mthi, uMthi woLwazi lokuLungileyo nokubi, awawuvulela zonke iintlanga ithuba

lokuphiliswa.

ICANDELO 3: IINGCEBISO ZABAPOSTILE ZOKUBUYISELELA

Isahluko 7: Ukujongana neNgxilimbela yeXesha Lokuphela yoBuntu

Indima Yabacebisi Babapostile Kwimfazwe Yexesha Lokugqibela Yobuntu Njengoko eli xesha lokugqibela kwimbali yoluntu lisondele esiphelweni salo, umsantsa phakathi kokukhanya nobumnyama uyanda. Ngelixa uMtshakazi kaKristu ekwinkqubo yokulungiselela ukubuya kukaYesu, iingxaki uluntu ekufuneka lujongane nazo imihla ngemihla nazo ziyanda ngobunzima, ngamandla nangokukhawuleza kunakweyiphi na enye ixesha kwimbali yoluntu. UYesu waxela kwangaphambili waza waprofeta kubafundi bakhe ukuba imiqondiso yeXesha Lokugqibela iya kukhawuleza, ilandelelana ngokukhawuleza ngexesha elincinci phakathi (Mat. 24:6-14). Nangona zonke ezi ngxaki zoluntu, zentlalo nezomoya zazikho kuzo zonke iimeko zembali zangaphambili, ngexesha lokuphela ziya kukhula, kunye nokuphela kwemfazwe enkulu phakathi kokukhanya nobumnyama kwiMfazwe yaseArmagedon. Ingcebiso yexesha lokugqibela ayinakusebenza ngaphandle kokuba ibe yeyabapostile ngokwemvelo. Oku kuthetha ukuba abacebisi babapostile kufuneka banike imephu yendlela yokuphiliswa nokubuyiselwa. Ngumsebenzi wabo ukuhlalutya amandla amakhulu kaSathana akhoyo ehlabathini ngoku kwaye batyhile icebo likaSathana lokuchasa iinjongo zikaThixo kwimbali yoluntu. Lifikile ixesha lokuba ingcebiso yabapostile ingeniswe njengohlobo lokugqibela lwengcebiso oluza kungeniswa kuMzimba kaKristu. Ngelixa abanye abacebisi abangamaKristu, njengabacebisi ngabanye, abagqirha beentsapho, abacebisi bamalusi kunye nabacebisi besiprofeto babenele kude kube ngoku ukubuyisela

abantliziyo zaphukileyo, inqanaba elitsha lomcebisi liyimfuneko ukuze kudlule nangaphaya kwengcebiso yomthandazo wesiprofeto kunye nokukhululwa. Kwixesha lokugqibela ingcebiso edibeneyo iyadingeka ukuze kubekwe iziseko ezintsha zokujongana neengcambu zeengxaki zokomoya. Ngokukodwa, ukuphuhlisa inkcubeko entsha yokubhiyozela ubukho beNkosi ngamandla akhulayo kunye nokuphuhlisa umoya wokwamkela ukubuya kweNkosi, abacebisi babapostile banobizo, umyalelo kunye nokuthanjiswa ukunceda isixeko sonke, uluntu kunye nesizwe siphuhlise inkcubeko yeHosana, apho abantu banokukhuseleka kwaye bafumane indawo yokuhlala okanye yokuphumla ukuze babuyiselwe ekwaphukeni baye ekupheleleni. Ingcebiso yabaPostile yile kanye le: intshukumo yokwakha, njengecebo likaNehemiya, yokwakha kwakhona iindonga eziqhekekileyo ezijikeleze abantu bakaThixo! Ukubuyiselwa kweli nqanaba kuya kugqiba amanqanaba engcebiso, aqale kwinqanaba lomntu ngamnye, ngokucebisa ngomthandazo wesiprofeto ukuya kwinqanaba lokugqibela lokwakha indawo yokuphumla yabantliziyo zaphukileyo, ukufumana ukuphiliswa, ukulungiselela ukubuya kukaYesu nokuphuhlisa inkcubeko yokwamkela kuzo zonke iinkalo zobomi bomntu ukuze kuphelekwe uKumkani ekhaya! Yiyo le nto abacebisi babapostile beyindlela kaThixo yokuphelisa incinezelo yokongeza indlela entsha, eguqulweyo kwingcebiso yamaKristu. Enye yezona zinto zimbi kakhulu zikaSathana emhlabeni namhlanje yi-humanism - kodwa ke ayiqondwa kangako ngamaKristu. Akufuneki ukuba kuthiwe, uThixo ubiza abacebisi babapostile ukuba bajongane nale mpembelelo yobumnyama yokwanda, baze basebenze ukusuka kwinqanaba leengcambu ukuya phezulu, ukuze uluntu, abelusi, usapho kunye nabacebisi ngabanye babe nesiseko esitsha sokucebisa abantu kunye namaziko aphukileyo. Uhlalutyo lwabapostile nge-humanism lusekelwe ekuqondeni intsingiselo enzulu yeMithi emibini emyezweni wase-Eden, ngakumbi isilingo sokuqala sikaSathana kuEva esamtsalela ekubeni atye kumthi wokwazi okulungileyo nokubi. Ifilosofi ekhohlisayo yalo mthi inokushwankathelwa ngolu hlobo lulandelayo. Ingcambu yokukhotyokiswa kwabantu abaninzi kwizono ezahlukeneyo inokunxulunyaniswa nale filosofi: “Xa into ingabonakali nje ilungile, kodwa ikwanencasa entle kwaye ivakala immandi, simele sigqibe kwelokuba ivela kuThixo, akunjalo?” Njengabacebisi babapostile, kufuneka sibonise indlela olu luvo olunokuba yingozi kwaye lukhohlisa ngayo. Kodwa ke lulo olu luvo lwefilosofi yobuntu. Nangona kunjalo, ugxininiso lokugqibela lwengcebiso yabapostile beXesha Lokugqibela alukho gwenxa. Kufuneka sityhile indlela uxinzelelo lwangoku olujongene neCawa kunye noSirayeli oluyindlela kaThixo yokuvelisa abantu ukuze kuzukiswe igama Lakhe; amakholwa eXesha Lokugqibela akulungeleyo kwaye azimisele ukuphuhlisa 'inkcubeko kaHosana' yokubuya kweNkosi yethu uYesu Kristu. “Kuba ndithi kuni, anisayi kuphinda nindibone, nide nithi, ‘Makabongwe lowo uzayo egameni leNkosi’” (Mateyu 23:39). Umthi woLwazi lokuLungileyo nokubi UEva wakhohliswa yinyoka, kungekuphela nje ngokutolika kwayo iLizwi likaThixo ngobuqili nangokungachanekanga, kodwa nangeminqweno yakhe yendalo: ‘Wabona umfazi ukuba umthi ulungele ukudliwa, nokuba uyathandeka emehlweni, kwaye ungumthi onqwenelekayo ukuqeqisa, wathabatha eziqhameni zawo, wadla; wanika nendoda yakhe, nayo yadla.’ - (Genesis 3:6) Mhlawumbi le yindlela yokuqala yokubonakalisa umoya wobuntu. Intsingiselo yobuntu ingachazwa ngendlela emfutshane: kukukwazi ukwahlula phakathi kokulungileyo nokubi ngokwendalo yomntu. Ayizikhathazi ngento ecocekileyo nengcolileyo okanye into eyinyani neyinkohliso okanye into elungileyo nengalunganga. Kuphela into elungileyo okanye embi njengoko ibonakala kwindalo yomntu, iminqweno yomntu kunye neliso lomntu. UEva wabona ukuba umthi ulungele ukutyiwa kwaye ujongeka umnandi, ngoko kutheni kufuneka ungavunyelwa? “Xa into ingabonakali nje ilungile, kodwa ikwanencasa entle kwaye ivakala immandi, simele sigqibe kwelokuba ivela kuThixo, akunjalo?”⁴¹

Ukukhohliswa koLuntu

Kuba uThixo unika kuphela oko kunencasa nokuvakala kamnandi. Hayi indlela oku kukhohlisa ngayo oku! Ukuba yonke into evela kuThixo ilungile ngokwengqiqo yobuntu, ivakala kamnandi kwaye inomtsalane kwiminqweno yam yendalo kunye neminqweno, kwaye konke okuvakala kabuhlungu nokubuhlungu kuvela kumtyholi, ngoko andimazi uThixo kwaye andinakufumana naluphi na umkhondo wakhe nomsebenzi wakhe kumaphepha eBhayibhile. Ndingamxela uSimon Peter kwindlela awasabela ngayo xa wafumanisa okokuqala ukuba uYesu wayesendleleni eya kubethelelwa emnqamlezweni: ‘UPetros wamthabathela bucala waza waqala ukumkhalimela, esithi, “Makube lee kuwe, Nkosi, oko akuyi kukwehlela!” Kodwa wajika wathi kuPetros: “Suka uye emva kwam, Sathana! Usisikhubekiso kum, ngokuba awucingi ngezinto zikaThixo, kodwa ngezinto zabantu.”’ - (Mateyu 16:23) UYesu uchaza indlela uPetros asabela ngayo njengokubonakaliswa ngokucacileyo ‘kokulunga’ kwendalo kobuntu kunye nomsebenzi kaSathana. Ukulunga kokwenene akukuko oko kuhambelana neemvakalelo zabantu, kodwa koko kuhambelana nentando kaThixo njengoko ichazwe eLizwini lakhe. Lo mbandela uphela yenye yeengxaki eziphambili ebandleni lanamhlanje! Asinalwazi kangako ngendlela lo moya wobuntu ongene ngayo phantse kuzo zonke iinqanaba zobomi nomsebenzi webandla. Abantu abangamaKristu kulo lonke indawo bawela kulo mgibe. Singazivumela njani ukuba sibe zizidenge, singazi nto kwaye singazi nto? Enyanisweni kukho amava amaninzi avela kuThixo aziva ebuhlungu kakhulu kwaye engalunganga. Eyona ndlela yokufunda intando kaThixo kunye necebo lakhe ukuba silandela izikhokelo emsebenzini wakhe ngokusondeleyo. Kule meko umpostile uYakobi unika icebiso elihle: “Kodwa ubulumko obuvela phezulu kuqala bumsulwa, buze bube boboxolo, bube nobulali, bulungele ukuyekelela, buzele yinceba neziqhamo ezilungileyo, abukhethi buso kwaye abunaluhanahaniso” (Yakobi 3:17) 41 www.gloriouschurch.com/pdf/gospel-of-self.pdf Umgangatho wokuqala nowona uphambili wobulumko bukaThixo bubunyulu benyaniso nemfundiso. Simele siqinisekise size sivavanye ukuba ubulumko buyahambelana na nenyano echazwe kwiLizwi likaThixo – elo Lizwi livavanywe kasixhenxe kwaye lavavanywa ngomlilo!

Iingcambu zamaGrike zoBuntu

Iintshukumo zomthandazo ziye zavela kwilizwe ngelizwe, kwaye uthungelwano oluzidibanisayo luye lwaba yintshukumo yomthandazo yehlabathi lonke. Ibinoxulumene nabantu abangafikelelwanga kunye nabantu abangafikelelwanga kunye nabo bangafikelelwanga ngaphakathi kwefestile 7/10/40 apho iintshukumo zesizwe ziye

zafumana injongo efanayo kunye nokuqonda ukuba kunye. UbuNtu baseNtshona busekelwe kwifilosofi yamaGrike nakwiindlela zengqondo. Iinkolelo zabo zokholo zibizwa ngokuba yi "Humanist Manifesto". Ngokwenyani, yingxabano enzulu phakathi kwamandla angasemva kobulumko bamaGrike - avela kuMthi woLwazi lokuLungileyo nokubi - kunye namandla angasemva kobulumko bukaThixo - afumaneka kuMthi woBomi, uYesu Kristu. Kwingcaciso kaDaniyeli yombono kaNebhukadenetsare wezikumkani ezine zehlabathi, bubukumkani besithathu kuphela, ubukumkani bamaGrike, abuchaza njengobulawula ihlabathi liphela! Ubukumkani bamaGrike busalawula umhlaba wonke ngenkcubeko yamaGrike kunye nobuntu baseNtshona. 'Kulandela ubukumkani besithathu, obobhedu, buya kulawula ihlabathi lonke.' (Daniyeli 2:39) UMoya womchasi-Kristu: Ukwaphulwa komthetho UbuNtu njengombandela wokunika iingcebiso ngokuhlangeneyo utyhila zonke iipateni kwiintlobo ezine zoluntu kuyo yonke imbali, ngolu mahluko: kuluntu lwanamhlanje olu luhlobo luye lwakhula njengoko ububi bukhula kwaye bufikelela kwisakhono salo esipheleleyo sesono. Oku kwenza ukuba ukunika iingcebiso kube nzima kakhulu. Ukuze kujongwane namanxeba abantu ngenxa yesono esisekelwe kwezi ndawo ziqinileyo zokomoya - ukusuka kwinqanaba lomntu ngamnye ukuya kwizizwe - kufuna uhlalutyo olucacileyo lomoya kunye nesakhono soBuNtu. "Ngenxa yokwanda kokuchas' umthetho, uthando lwabaninzi luya kuphola" (Mateyu 24:12) Imihla yokufika koNyana woMntu iya kuphawulwa ngumzamo omkhulu kaSathana – ngomntu nomsebenzi womchasi-Kristu – wokususa iLizwi likaThixo ngokupheleleyo eluntwini. Ukususela ekuqaleni kwexesha umtyholi wenze konke okusemandleni akhe ukulithoba nokulichitha igunya leBhayibhile. Oku kutyhilwa ngokucacileyo kude kube kudala kwiGenesis: "Ke kaloku inyoka yayinobuqhetseba ngaphezu kwazo zonke izilwanyana zasendle ezenziwe yiNkosi uThixo. Yathi kumfazi: "Utshilo na uThixo ukuthi, 'Nize ningadli kuyo yonke imithi yomyezo?' Wathi umfazi kwinyoka, 'Singadla iziqhamo zemithi yomyezo; kodwa iziqhamo zomthi ongekho phakathi komyezo, uThixo uthe, 'Nize ningadli, ningachukumisi hleze nife.' Yathi ke inyoka kumfazi, 'Aniyi kufa.' Kuba uThixo uyazi ukuba mhla nithe nadla kuwo, amehlo enu aya kuvuleka, nibe njengoThixo, nazi okulungileyo nokubi.' Wabona umfazi ukuba umthi ulungele ukudliwa, umnandi emehlweni, kwaye ungumthi onqwenelekayo ukuqeqesha, wathabatha iziqhamo zawo, wadla. Wanika nendoda yakhe enaye, nayo yadla. Avuleka ke amehlo abo bobabini, bazi ukuba bahamba ze; bathunga amagqabi omkhiwane, bazenzela iingubo zokugquma." - (Genesis 3:1-7) Apha sidibana nohlaselo lokuqala nxamnye nenyano negunya leLizwi likaThixo; nto leyo eyakhokelela kwintlekele enkulu kwimbali yoluntu. "Ngaba uThixo utshilo ngokwenene loo nto? Uqinisekile ukuba umvile ngokuchanekileyo? Mhlawumbi yayiza kuqondwa ngendlela eyahlukileyo kancinci!" Ukuthandabuza nokungathembi intsingiselo yokwenyani yeLizwi likaThixo kufakwa engqondweni yalo mfazi, kwaye uqalisa ukubuza intsingiselo yokwenyani yoko kuthethwe yiNkosi. UMateyu 24 ubonisa ukuba imihla yokuza koNyana woMntu iya kuphawulwa kukuchasa umthetho okubanzi. Ukuchasa umthetho kuya kuqhubeka kusanda de kufikelelwe ekubonakalisweni 'komchasi-mthetho', uMchasi-Kristu (Mat. 24:12-15). Yintoni ukuchasa umthetho? Kukushiya nje liLizwi likaThixo. ILizwi likaThixo ngumthetho, ngoko ke ukuchasa umthetho kubhekisa ekususweni okanye ekwaphulweni kweLizwi likaThixo. KwiXesha Lokugqibela zonke izono - kuquka nokuchasa umthetho - ziya kukhula ngokupheleleyo de zifikelele ekuvuthweni. Ukuchasa umthetho sele kuyanda kwaye kuya kuba yinto eqhelekileyo kuluntu lwabantu kwihlabathi liphela⁴². Umqondiso wokuqala woku sele ubonwe ekuveleni kwemfundiso yenkolo yenkululeko. Elinye inyathelo elikhulu lale ntshukumo yaba lukreko yayikukugatywa kweTestamente Endala njengeLizwi likaThixo eliphefumlelwe nguThixo. Le mfundiso yenkolo ... Yintoni uphawu oluvela eBhayibhileni lomsebenzi womoya woMchasi-Kristu, ochazwa njengo "Mntu Ongenamthetho") (2 Tes. 2:1-2)? Sifumana isalathiso esicacileyo ekuphenduleni lo mbuzo kwiTestamente eNdala: 'Kutheni na iintlanga zenza ingxolo, nabantu bacinga into engento? Ookumkani behlabathi bayazimisa, nabalawuli bacebisana, nxamnye noYehova nomthanjiswa wakhe, besithi: "Masiziqhawule iimbophelelo zabo, sizilahle iintambo zabo kuthi." - (Indumiso 2:1-3) Injongo yokwenyani yale mvukelo yehlabathi lonke nxamnye nobuKristu nxamnye neNkosi, uNyana waKhe kunye neenjongo zaKhe ica⁷⁵le kakhulu: ayisiyonto ingaphezulu okanye

ingaphantsi kwemfazwe epheleleyo nxamnye nemiyalelo kaThixo kunye neLizwi likaThixo eliNgcwele. Oku kubonakala ngokucacileyo kwaye kuvakala njengobukhoboka obungenakunyamezeleka bendalo yokungahloneli Thixo yabantu abangamhloneliyo uThixo ababanjwe ngumoya womchasi-Kristu. Umoya womchasi-Kristu awuyi kuphumla de abe ulahle igunya kunye nempembelelo yeLizwi likaThixo kuzo zonke iinqanaba zobomi bomntu. Kwi-2 kwabaseTesalonika 2:3 ilizwi likaThixo libiza umchasi-Kristu ngokuthi ‘ngumchasi-mthetho’ kwaye uPawulos uqhubeke ebhala ngenjongo yomchasi-Kristu yokuthatha isikhundla nendawo kaThixo. Kodwa ngaphambi kokuba afikelele kuloo ndawo kukho into ekufuneka isuswe, kuba ithintela ukubonakala ngokupheleleyo komchasi-mthetho. Lowo usendleleni nguMoya oyiNgcwele kuMzimba kaKristu, uMzimba kaKristu ozaliswe nguMoya nothembekileyo, okwanguMtshakazi kaKristu olinde ngolangazelelo ukubuya kwakhe. Ngemithandazo yakhe enyanisekileyo nendlela yakhe yokuphila engcwele, uthintela umchasi-Kristu ukuba aqhubeke phambili ekufezekiseni injongo yakhe. Hayi indlela ekumnandi ngayo ukwazi ukuba xa umchasi-mthetho etyhilwa ekugqibeleni uza kutshatyalaliswa kuphela “ngomoya womlomo kaKristu nangokukhanya kokufika kwakhe” (2 kwabaseTesalonika 2:8). Impembelelo yoBuntu kuMntu ngamnye: IVangeli elitsha loBuqu lingcambu zobuntu zentshukumo yokuzixabisa zibuyela kwimbali yoluntu. Njengakuzo zonke iintlobo zobuntu, oku kwaqala nakwisahluko sesithathu seGenesis. Ekuqaleni uAdam noEva babezicingela uThixo kunokuba bazicingele. "Ukuzicingela" kwakungeyongxaki de kwaba sekuweni. Xa bejamelene nokungathobeli kwabo, uAdam noEva baphendula ngomzekelo wokuqala wokuzithethelela. Okokuqala uAdam watyholwa uThixo, waza uEva watyholwa inyoka. Isiqhamo soMthi woLwazi lokuLungileyo nokubi sazala umntu onesono ngokuzithanda kwakhe, ukuzihlonipha, ukuzamkela, ukuzithethelela, ukuzilungisa, ukuzibona engumntu ophilayo, ukuzigxeka, ukuzisizela kunye nezinye iindlela zokuzijonga nokuzijonga. I-Humanism ibonakaliswa kwintshukumo yengqondo. Ngokuqhelekileyo ibizwa ngokuba yintshukumo yokuzixabisa, eneengcambu zayo zamva nje kwisayikholoji yezonyango, kwiingcamango zobuntu zamadoda anjengoCarl Jung, uWilliam James, uAlfred Adler, uErich Fromm, uAbraham. 42 Bloomfield, Arthur E. Indlela Yokuqaphela Umchasi-Kristu. Minnesota: Bethany House. 2000, p.119 UMaslow noCarl Rogers. Yathandwa ngakumbi ngabalandeli abaninzi. Ukusuka koku kuyacaca ukuba isayikholoji yanamhlanje, egxininisa ekuzithandeni, ukuzixabisa kunye nokuzixabisa, yakha inxalenye ebalulekileyo yesicwangciso sikaSathana sobuntu. Enyanisweni le ntshukumo ivakalisa ivangeli eyahlukileyo, enokubizwa ngokuba “yiVangeli eNtsha yoBuqu”. Inkohliso ezingqondweni zethu malunga nokuzixabisa, ukuzithanda kunye nokwamkela iyagcinwa kwaye iteknoloji yemultimedia iyandiswa. Iingcali zefilosofi, iingcali zentlalo kunye neengcali zezeNkolo zithembisa ukunyanga zonke iingxaki zoluntu ngokukhwela isantya sokuzixabisa, ukuzixabisa, ukuzamkela kunye nokuzithanda. Le mfundiso ingekho eBhayibhileni yokuba “ukuziqonda” njengesisombululo kuzo zonke iingxaki zabantu banamhlanje yingcambu yeHumanism. Ngokuhambelana nale mpazamo yefilosofi engekho eBhayibhileni, kukuphuhliswa kweVangeli lokuZiqonda. Imiba enxulumene nokuziqonda, njengokuzibona, ukuzithemba, kunye nokuzithanda yakha isiseko sePsychology yanamhlanje. IPsychology ifundisa ukuba zonke iingxaki zabantu zivela ekuziqondeni okuphantsi. Intsingiselo icacile: ukuziqonda kufuneka kwakhiwe ngazo zonke izicwangciso “zokuzinceda” kunye “nokuziva kakuhle”. IPsychology ikhuthaza abantu ukuba bazicingele ngakumbi, kwaye basuse zonke iimvakalelo ezimbi, njengokungaziphathi kakuhle, ukuthintela ukufezekiswa kwamandla ethu. “Ilizwi labo lokulwa” liye laba sisiqubulo sobomi obonwabisa: zithande, zikhohise, zenzele ububele kuba “ufanelwe” yiyo! Nangona iBhayibhile ingafundisi ukuzithanda, ukuzithemba, ukuzixabisa okanye ukuzazisa njengeempawu ezintle, uncedo okanye injongo, inani elikhulu lamaKristu anamhlanje liye lakhohliswa ziimfundiso zokuzithanda ze-humanistic psychology. Kubonakala ngathi abanawo amandla okumelana ne-wimbi "yokuzixabisa", ukuzithemba, ukuzamkela kunye nokuzithanda. Akukho mntu unokwazi ukubona umahluko phakathi komKristu nongengomKristu kwicandelo lokuzithanda. Ngeziqubulo kunye neZibhalo ezijjekileyo, amaKristu amaninzi atsiba kwi-existential psychology ye-humanistic aze amise icandelo lawo lokuncoma. Ngoko ke, naluphi na ugxeke⁷⁶ oluchasene neemfundiso zokuzixabisa,

ukuzithanda kunye nokuzixabisa luthathwa njengobungqina bokuba isithethi sifuna abantu baziwe belusizi. (Kukangaphi amadoda amakhulu kunye nabafazi bakaThixo betyholwa ngale nto, kuba beshumayela iLizwi kunye nomthandazo kunye nobulungiseleli boMoya oyiNgcwele?) Ngaphezu koko, naluphi na ugxeke oluchasene nentshukumo yokuzixabisa lubonwa njengoluyingozi kuluntu, kuba ukuzixabisa kuthathwa njengeyeza lokuphelisa iingxaki zalo. AmaKristu amaninzi kakhulu adibene nxamnye noko bona kunye nabantu abangakholelwayo kwimfundiso yenkolo abakubona njengotshaba olukhulu - ukuzixabisa okuphantsi. Okubi ngaphezu kokuqhubeka kweemfundiso zokuzihlonipha ehlabathini lukholo amaKristu aqhubeka elubeka ekuzithembeni nasekuzixabiseni. Ngoko ke, intshukumo yokuzixabisa yehlabathi ayilohlaselo olucacileyo nxamnye neBhayibhile olunemigca yemfazwe ecacileyo. Endaweni yoko, iguqula ngobuchule kwaye ngokwenene ngumsebenzi, kungekhona owenyama negazi, kodwa weziphathamandla, amandla, abalawuli bobumnyama beli hlabathi, kunye nobubi bokomoya kwiindawo eziphakamileyo, njengoko kuchaziwe nguPawulos (Efese 6:10-13). Into ebuhlungu kukuba amaKristu amaninzi awaluphaphelanga olu bungozi. Izigidi zamaKristu zikhohliswa ngokufihlakeleyo kwenye ivangeli: ivangeli lomntu! Kwaneengcali zengqondo 'ezingamaKristu' zixakeke kukuzihlonipha kumagumbi azo okucebisa. Zikhohliswa ngokucaphula iZibhalo ukuze zithethelele imfundiso yazo yokuzithanda (Mat. 22:36-40). Ziyavuma ukuba ngaphandle kokuzithanda awunakusebenza nabantu okanye ukunceda abantu. Inkohliso apha kukuba iingcali zengqondo zicinga ukuba abantu abaphukileyo abanalo uthando lwabo, kwaye le yintsika yengxaki yabo. Ngoko ke indlela eya ekupheleleni ichasene: "ukuqala" ukuzithanda! Ngoko ke, inyaniso ebuhlungu kukuba abo babizwa ngokuba ziingcali zengqondo 'zingamaKristu' bamanyene neengcali zengqondo zehlabathi ekwamkeleni ingcamango yokuba uluvo lomntu ngaye lumisela indlela loo mntu aza kusebenza ngayo. Nabo bayayamkela, njengeengcali zengqondo zehlabathi, ingcamango yokuba ukuzihlonipha okuphantsi yimbangela yeengxaki ezininzi zokuziphatha kwabantu. Hayi ubuxoki nokukhohlisa! Inyaniso kukuba uThixo unike imiyalelo emibini kuphela kuMateyu 22:46-40: Ukuthanda uThixo nokuthanda ummelwane wakho. Akukho mthetho wesithathu othi masizithande. Kule vesi yeZibhalo uYesu wayesithi umoni sele ezithanda, ngoko ke kufuneka athande ummelwane wakhe ubuncinane ngendlela efanayo. Nangona kunjalo, icawa iyamkela ngakumbi imfundiso yobuntu efana nokufuneka kokuzithanda, ukuzixabisa, nokuzixabisa. Ngaba ngokwenene sifuna ukuba yinxalenye yabantu abaqhelekileyo? Ngaba ngokwenene sifuna ukwamkela iingcamango zobuntu ezifihlakeleyo "kwiSayikholoji yamaKristu"? Cinga ngento eyenzekayo ngokwenene: sitsalelwa kwinkolo yehlabathi elinye eliya kumchasa nokumkhanyela uThixo nayo yonke into ayimeleyo. Bekukho inkqubo ende, efihlakeleyo yokutshintsha indlela esizijonga ngayo thina kunye nehlabathi elisingqongileyo. ISayikholoji ivule indlela ngokuguqula isigama sethu, amaxabiso ethu; isuse ngokufanelekileyo inguquko ngokuguqula isono sibe "yisifo kunye nokungasebenzi kakuhle". Ulwimi olutsha luye lwangena ezikolweni zethu, emakhaya nakwiicawa. I-Humanism iye yaba yinto eqhelekileyo yanamhlanje ngevangelu "yobuqu".

Impembelelo kwiNtsapho

Umoya womchasi-Kristu ubonakala ngeempawu ezahlukeneyo kwihlabathi lethu lanamhlanje, njengokonakala kwemilinganiselo yosapho kunye nokubaluleka kobomi bosapho; ukukhohlisa malunga nendima phakathi kwendoda nabafazi (indoda nebhinqa) kuzo zonke iinkalo zoluntu. Lo moya unempembelelo ekudidekeni, emfazweni nasebunzimeni phakathi kwezesondo eziqala kwinqanaba elisondeleyo kuthando lothando; ukubandakanya zonke ezinye iindawo apho ukulingana ngokwesini kusasazeka khona ngembono engalunganga. Iphonografi, ukugqwethwa ngokwesondo, ukwanda kobungqingili kunye ne-homosexual lityare zonke ziimpawu zokomoya zeendawo eziqinileyo ezisekelwe kuMthi woLwazi lokulungileyo nokubi. Kukho okuninzi okuthethwayo malunga nokuqhekeka kosapho njengenxalenye yecebo leNdoda yokungabi namthetho, njengoko kunjalo kwindima yobufazi yokuphazamisa ubudlelwane phakathi kwendoda nomfazi; ubuxoki malunga nokulingana; ukulingana ngexabiso kodwa kwahlukile kwimisebenzi kunye nobuhle bukaThixo bokuzithoba (Efese 5: 22-26).

Impembelelo eCaweni

Ibandla lokuqala lathi uYesu kuphela kwendlela eya kuThixo laza lachasa bonke abanye oothixo. Oku kwakusisongelo kubanquli boothixo bamaGrike. Intlungu yemfundiso yanamhlanje kukuba ithathe inxaxheba kwisono sokuqala soKukhanyiselwa, ukunqulwa kwengqiqo yomntu. Njengoko impembelelo yamaGrike yayisanda kwimbali yemfundiso, yakhokelela kwinto eyaziwa ngokuba yimfundiso yenkululeko, uhlaselo olungapheliyo kwiinkulungwane ezininzi kwiLizwi likaThixo eliphilayo neliyinyaniso. Ngokuqika komntu kunye nezakhono zokuhlalutya, izazi zemfundiso zakwalizwi zaqala 'ukutolika' iLizwi likaThixo endaweni yokulifumana ngentsingiselo yalo ngokoqobo nokulithobela. Le ngcamango kukunqulwa kwamandla aphantsi "kweVangeli Lobuqu"; ukuhlalutya iLizwi likaThixo nokunika intsingiselo yomntu kumxholo walo. Isizathu esiphambili sokuwa okubuhlungu kuka-Adam noEva ukuba bahlukane nobukho bukaThixo, yayikukuzimisela kwabo ngokukhawuleza ukwamkela isipho senyoka sokutolika intsingiselo yoko uThixo wayekuthethile. Ngokukhetha kwabo ukutya kuMthi woLwazi lokuLungileyo nokubi, batshintshiselana ngeengcambu zamandla okomoya ebomini babo: ukusuka kuThixo ukuya kuSathana. Umoya wobuntu ongaphakathi⁷⁸ kumnqweno kaSathana wamandla kunye

nempindezelo ulele. Ukuqala kwayo yonke inkcaso, konke ukurhoxa, konke ukuwela kuThixo ophilayo, kwakulele ekuweni zizilingo zokuthandabuza imithetho kaThixo ecacileyo nokuzama ukuqonda nokuhlalutya intsingiselo yayo; ukuqiqa ngokwembono yomntu ngemiba yobomi. Isipho esiyingozi nesihendayo sikaSathana kukuba imithetho kaThixo ikhutshiwe ukuze isithintele ekubeni sibe namava amakhulu okomoya, kwaye ukuba singayithobeli siya kuba sinikwe ukufikelela kumanqanaba aphezulu okomoya, sinyuke siye kwinqanaba elifanayo nelikaThixo: ‘Kuba uThixo uyazi ukuba ngaloo mini nithe nadla kuyo, aya kuvuleka amehlo enu, nibe njengoThixo, nazi okulungileyo nokubi’” (Genesis 3:5) Hayi indlela oku okubuhlungu ngayo? Inyoka, umtyholi, owayekhe waba nguLusifa, ingelosi entle kakhulu eyayinqula uThixo, wayesazi kakuhle ukuba intliziyo kaThixo injani na. Nangona kunjalo, ngokukhohlisa kwakhe, ubuxoki kunye nobuqili, ubonisa apha ukuba uThixo ufuna ngabom ukusithintela kwiintsikelelo ezinkulu zokomoya kunye neenzuzo ngomyalelo wakhe wokuba singatyi kuMthi woBomi! Hayi ubuxoki kunye nenkohliso! Ngokwenyoka uThixo akafuni ukuba sonwabele ubomi obuphezulu bokomoya, amandla kunye nokuvuthwa. Zonke ezi ntsikelelo zokomoya uThixo uzigcinele yena, kwaye ngokukuthintela ukuba ungatyi kulo mthi, uyaqinisekisa ukuba awusoze ufumane ukufikelela kwihlabathi lakhe lobuqaqawuli kunye namandla. Hayi indlela eyinkimbinkimbi kwaye incinci ngayo ingcebiso - eyaneleyo ukusenza singathembi kwaye singaqinisekanga malunga neenjongo zokwenyani zikaThixo! Ngenxa yokuba uSathana wayesazi ukuba uThixo wadala abantu abaneentliziyo ezinomdla kunye nendlala yokomoya yezinto ezingaphezu kwendalonezingaqhelekanga, umnqweno omkhulu wokujonga zonke iimfihlo zommandla ongabonakaliyo, uAdam noEva bawela lula kwisilingo sokuchasa uThixo. USathana wayesazi ukuba kuya kwaphula intliziyo kaThixo ukulahlekelwa bubuhlobo obusondeleyo awayebunandipha noAdam noEva waza waba nomona ngabo, kangangokuba kwafuneka ababangele bathandabuze inyaniso yeLizwi likaThixo kunye neenjongo ezilungileyo zentliziyo Yakhe. Ukuphiliswa kwemfundiso yethu kunye neecawa zethu eNtshona Yurophu naseMelika kunokwenzeka kuphela ukuba sizisola ngokuthobela ulwalathiso loMoya oyiNgcwele ngengqondo yethu ngokholo. Impembelelo yoBuntu kuBomi boLuntu: Umoya woBuntu Izinto ezininzi bezisenziwa phantsi komxholo wentlalo kwaye ngenxa yoko, umdla woluntu olubanzi kunye nokuzinikela kwimilinganiselo kunye nemigaqo kwakha iingqondo nobomi babantu. Le ndlela idibeneyo yabonelela ngemida efunekayo kunye nokhuseleko kubantu ngabanye kunye neentsapho. Ukuziphatha komntu ngamnye kwakusekelwe kwaye kuphenjelelwa ngumdlalo woluntu. Ngenxa yoko, bekungekho kuvezwa nokuxhaphazwa okuncinci kwizenzo kunye nokukhetha okuzikhuthazayo okunokulimaza iintsapho kunye noluntu ngokubanzi. Nangona kunjalo, impembelelo edibeneyo yosapho kunye noluntu olukhulu yonakele ngeNguquko yeZeMizimveliso kwinkulungwane ye-18. Ngenxa yokuba indawo yokusebenza yahlulwe namakhaya, iintsapho zahlukana, kwaye kwavela ukuhlukana, kunye neengxaki zentlalo nezomoya ezaziza nokuhlukana, ezinje ngokudideka, uloyiko, ukudakumba, ukuvukela, uqhawulo-mtshato, ubufazi, ukuziphatha okubi ngokwesondo, iphonografi njl. Usapho kunye noluntu olukhulu aluzange lubonelele ngokhuseleko kunye nobuwena bomntu ngamnye. Ukuhlukana kwentlalo kwenza indlela yokuba uSathana angene kuyo yonke into yosapho kunye nobomi bentlalo. Ngenxa yoko uluntu kwafuneka lujongane nazo zonke iingxaki kunye "nokugula" kokuhlaziywa kwemihla ngemihla. Iingcali zefilosofi zamaGrike zazixhaswa zizazinzulu kunye noosayensi bezentlalo kwanabafundi bezenkolo abaphuhlise iingcamango kunye nemibono kunye nezisombululo zeengxaki ezakhula kuluntu 'lwanamhlanje'. Ngexesha lale nkqubo, iingqondo zengqondo - ezityhila zonke iingcambu zoMthi woLwazi lokuLungileyo nokubi - zaqala ukulawula, kwaye ngaloo nto, ukuzimela kwaba yindlela entsha yokuphila nokufuna impumelelo kunye nokwaneliseka. Oku kwaba negalelo elikhulu ekuphuhliseni kwevangeli yobuxoki - ubuqu. Umzekeliso Womgwebho KaThixo WoBuntu

1. Ukungenelela kweHlabathi

Umgwebo kaThixo kufuneka ufike koothixo baseGrisi, ngaphambi kokuba ubukumkani bukaThixo bubuyiselwe. Iintsomi zamaGrike ziye zachaphazela yonke inkcubeko yaseNtshona. Zimela ukuvukela nokuhlasela kweengelosi eziwileyo kwiHlabathi lethu. Abangcwele kwixesha lokugqibela baya kugweba iingelosi eziwileyo. Oothixo baseGrisi baninzi kwaye baneminqweno yehlabathi lonke, ngoko ke sidinga uthungelwano lwehlabathi lwabacebisi kunye nabacebisi babapostile ukuze boyise. Kufuneka sithathe idabi lomthandazo kwicala lasekuhlaleni nxamnye nobuntu kunye nokubonakaliswa koothixo bamaGrike basekuhlaleni. Kubalulekile ukuba iNkosi ivuse umnqweno wokulwa phakathi kwabathetheli eGrisi ngokwayo. Banoxanduva oluphambili lwelizwe labo nenkcubeko yabo, kunye nokudala iqonga lokuqalisa elinikwa oothixo bamaGrike lilizwe labo. Iindawo eziphakamileyo zokwenza amadini e-Olympus, e-Delhi nase-Acropolis kufuneka zichithwe.

INkosi ngokwayo iya kulwela abantu bayo edabini nxamnye noonyana baseGrisi, ngokutsho kukaZekariya 9:14:

‘UYehova uya kubonakala phezu kwabo; utolo lwakhe luya kutshaza njengombane. UYehova iNkosi iya kuvuthela isigodlo; iya kuhlamba ezivuthuvuthwini zasezantsi’ – (Zekariya 9:14)
Thina njengabalamli nabacebisi babapostile kufuneka sisebenzisane xa kufika isivuno, kunye neengelosi ukuze sisuse lonke ukhula olukwintsimi yesivuno size silutshise. Abalamli bayazi kakuhle uxanduva olukhulu lokulawula ukhula olukwintsimi yesivuno. Isivuno sokugqibela sibaluleke kakhulu kangangokuba kufuneka singeniswe kwintsimi yesivuno esele ihlanjululwe, ukuze isivuno singatshatyalaliswa. INkosi nguThixo wemikhosi. Ingumphathi-mkhosi womkhosi womthandazo. Inoxanduva lokulungelelanisa intsimi yesivuno. Ngomthandazo sijolise ukhula kunye nemiqobo ekufuneka isuswe kwintsimi yesivuno, kwaye ngenxa yoko iNkosi iya kuthumela iingelosi ukuba zizithwale. Xa singumlamli, kufuneka siqaphele kakhulu iingelosi ezinkulu indlela ekufuneka sisebenzisane ngayo nazo. Umsebenzi wokususela ukhula awunikwanga zingelosi zokuvuna zodwa. Kwixesha lokugqibela, abaprofeti, abanjengoYeremiya, nabo baya kubandakanyeka ekucoceni intsimi yokuvuna. Umprofeti uYeremiya wanikwa igunya lokuncothula ukuze kamva akwazi ukwakha nokutyala (Yer. 1:15). UYohane uMbaptizi wabeka izembe ingcambu yemithi ekushumayeleni kwakhe inguquko (Luka 3:7-9). UYesu wayenomyalezo ofanayo: ‘Zonke izityalo ezingatyalwanga nguBawo osemazulwini ziya kuncothulwa’ – (Mateyu 15:13) Idabi lokugqibela ngaphambi kokuba ubukumkani bukaThixo bufike emhlabeni liza kuba kukulwa nobuntu kunye noothixo bamaGrike. Kufuneka siqale ngoku ukuvakalisa imfazwe nxamnye noothixo bamaGrike kuzo zonke iinkalo. Oku kuthetha konke: ‘...iingxoxo nayo yonke into ephakamileyo eziphakamisayo ngokuchasene nolwazi lukaThixo, zithimba zonke iingcinga ukuze zimthobele uKristu...’ - (2 Kor. 10:5) ‘Kuba izixhobo zethu zokulwa azizezenyama, kodwa zinamandla kuThixo okudiliza iinqaba’ – (2 Kor. 10:4) Zeziphi ezi zixhobo zemfazwe esinokuzisebenzisa kweli dabi lokomoya?

2. Imfazwe Yesiprofeto

Ukulungiselela imfazwe yesiprofeto, kubalulekile ukuchaza ngokuchanekileyo indawo yemfazwe nokuxela ukuba zeziphi iinkosi zokomoya ezisebenza kuloo ndawo yemfazwe. Kukho idabi lomthandazo ekufuneka lilwe, kunye neenkosana eziza koyiswa ngaphambi kokuba zonke izinto zibuyiselwe kwakhona. Kwincwadi kaGeorge Otis kwi-Last of the Giants uchonge iintshaba zokugqibela eziza koyiswa, imimoya elawula iSilamsi, ubuHindu, ubuBhuda, uburhulumente phezu kwePersi obusemva kwe-Iran ne-Iraq. Nangona kunjalo, nangona la magunya kufuneka oyiswe aze abekwe ezinyaweni zikaYesu, kukho abanye abalamli abaninzi abaprofetayo abakholelwa ukuba iinkosana zokugqibela ekufuneka sizoyise kwidabi lokugqibela ngomhla weNkosi ngamandla alawula ubuntu kunye noothixo bamaGrike, abanenqaba yabo kwiHlabathi laseNtshona elingenanto yakwenza nehlabathi njenge-United States neYurophu. Mna ngokwam ndiyavumelana nengxoxo yokugqibela. Impembelelo kwi-Humanism kwinto ebizwa ngokuba yiChristian Psychology kukuchitha ivangeli elitsha - ivangeli lomntu - elikhohlisayo nelifihlakeleyo kangangokuba uninzi lwamaKristu akholwayo. 43 Sjöberg, Kjell. Ukubuyiselwa: Isikhokelo Somthandazo. Chichester: New Wine Press. 1995, iphe. 226 Namhlanje babanjwa bengabalulekanga ngale nkohliso yehlabathi. Ndikholelwa ukuba le yeyona nqaba inkulu eyoyiswayo, kwaye yiyo loo nto kukhethwe le njengengebiso ephambili kwinkulungwane yama-21. Ingcebiso ebanzi kwiziko leengcebiso iya kusebenza kuphela xa le ngqwabalala iveziwe, kwaye ngokusebenzisa ingcebiso edibeneyo evela kubacebisi besiprofeto nabaphostoli, abantu kunye namaziko aphukileyo anokuphiliswa kwaye abuyiselwe, kwaye aguqulwe ukusuka kubantu aphukileyo ukuya ekwakheni abantu. Kuyathakazelisa ukwazi ukuba ngaphambi kwengqungquthela yomthandazo eYerusalem ngoJanuwari 1994, amandla alawulayo asebenza kwiindawo ezininzi zomthandazo ezingxamisekileyo kwaSirayeli abonwa njengobuntu. Oku kuqinisekisiwe kwiZibhalo, apho idabi lexesha lokugqibela labantu bakaThixo liya kuba nxamnye "noonyana baseGrisi" (Zek. 9:13). Eli nqaku likhomba phambili kwidabi leXesha Lokugqibela, apho sele sibandakanyeke khona: 'Ndiza kumgoba uYuda njengoko ndigoba isaphetha sam, ndize ndisizalise ngoEfrayim. Ndiya kubavusa oonyana bakho, Ziyon, nxamnye noonyana bakho, Greece, ndikwenze ube njengekrele legorha. UYehova uya kubonakala phezu kwabo; utolo lwakhe luya kutsha njengombane. UYehova iNkosi iya kuvuthela isigodlo; iya kuhamba ezivuthuvuthwini zasezantsi, kwaye uYehova uSomandla uya kubakhusela. Baya kutshabalalisa baze boyise ngamatye okusawula' - - (Zekariya 9:13-15)

3. Inyaniso Yobulula BukaKristu

Ukuqala kokuwa kuThixo okanye ukukhohlisa ngokomoya, kuxhomekeke kwinto yokuba kunzima kakhulu kuthi ukwamkela iLizwi likaThixo ngokholo olufana nolwabantwana ngaphandle kokufuna ukwazi zonke iimpendulo. Ngokufanayo, inani elikhulu lamakholwa likhohliswa ebumnyameni nasekukhohlisweni ngenxa yomnqweno omkhulu wokuphanda iimfihlo zehlabathi lomoya kunye nokuzukiswa komntu. UPawulos ubhala la mazwi amangalisayo: 'Kuba ndinitshisekela ngekhwele likaThixo. Kuba ndanendisela endodeni enye, ukuze ndinimise niyintombi enyulu kuKristu. Kodwa ndiyoyika, hleze kuthi, njengokuba inyoka yamkhohlisayo uEva ngobuqhetseba bayo, iingqondo zenu zonakaliswe, zimke ekunyaniseni kuKristu' - (2 Kor. 11:1-4) UPawulos unika ukuqonda okucacileyo kwesizathu esiyintloko sokuwela ekukhohlisweni nasesonweni: ukusuka ekululameni

kukaKristu, ukulula kweendaba ezilungileyo kunye nokulula kweLizwi likaThixo. Xa silahlekelwa yithemba elisisiseko elifana nelomntwana kwilizwi likaThixo, sizibeka engozini yamandla akhohlisayo kwaye sithwalwa kude nenyano kwaye ekugqibeleni sithathwe kuThixo.

4. Impendulo Yabacebisi AbangamaKristu

Xa sinoMoya oyiNgcwele, sinoThixo uSomandla ohlala ngaphakathi kuthi. NGUYE Ofanele ukuhlonitshwa. Xa sigcina ingqwalasela yethu kwinto yokuba nguYe owenza umsebenzi, hayi thina, sikhululeke ukwenza izinto ezinamandla eGameni laKhe. Xa siqonda ukuba ayinanto yakwenza nokuzixabisa kwethu okuphakamileyo, siyakwazi ukuphakama njengeenkozi singene emandleni amatsha, ubukhulu obutsha esingazange sibe nesibindi sokuphupha ngabo ngaphambili! Kodwa into engaqhelekanga kukuba xa siba ncinci, kokukhona eba mkhulu!

UYesu wabaxelela abaFarisi neenkokheli zonqulo zexesha lakhe ababefuna ukumvavanya ngokugcina umthetho:

“Uze uyithande iNkosi uThixo wakho ngentliziyo yakho iphela, nangomphefumlo wakho uphela, nangengqondo yakho iphela. Lo ngumyalelo wokuqala nomkhulu. Owesibini ufana nawo. Uze umthande ummelwane wakho njengoko uzithanda ngako. Kule mithetho mibini kuxhomekeke wonke umthetho nabaprofeti” - (Mateyu 22:37-40)

Kwakhona, indlela yehlabathi ayisiyondlela kaThixo:

“Musani ukwenza nantoni na ngokulwa okanye ngokuzigwagwisa; kodwa ngokuthobeka kwengqondo ngamnye makabalele abanye ngaphezu kwakhe.” (Filipi 2:3) UPawulos wayalela amaFilipi ngombandela wokuzihlonipha, kwaye wayecacile kwisigidimi sakhe sokuba umntu ophakamileyo kunathi makahlonele omnye. Sihlala sibambekile kule nto yokuzixabisa size silahle umbono wethu. Siziva siphantsi. Sizabalazela ukuba yinto engekho, ukuziva into esingafanele siyive. Nangona kunjalo, umcebisi wokwenene akayi kubonisa uvelwano, nto leyo ekhuthaza ukuzisizela, kodwa uya kunceda umntu oxhwalekileyo ukuba angene enyanisweni. Oku ngokuyintloko yiBalm yaseGiliyadi: ukusebenzisa ugcobo lukaThixo kumanxeba abantu axhwalekileyo, kuba nguThixo kuphela onokutshintsha intliziyo! Okukhona sisondele kuThixo, kokukhona siziva ukungafaneleki kwethu, ukubola. Okukhona usondele ekukhanyeni, kokukhona umbono wakho ungcono, kwaye kokukhona ungabona ukungapheleli. Siba ncinci kwaye sinamabala, kodwa- oh! Hayi indlela esizele ngayo luvuyo; oh, hayi indlela esibudlelane ngayo! Xa siqala ngokwenene ukufuna ubuso bukaThixo kwaye sifunde ukuba ungubani, asinakuzinceda kodwa sizive singaxabisekanga! Kulapho ke kukho uvuyo namandla (kunye namandla) akhoyo, okungeyonto ngaphandle kokuphilisa iintlanga! Ngokuchasene nale meko yobuNtu etyhilwe njengengubo yevangeli entsha, abacebisi babapostile kufuneka baphakame baze badlale indima ebalulekileyo kwimfazwe yokomoya phakathi kwebandla namaKristu angazi nokuba bakhohliswa njani! Kulapho ke ingcebiso ehlangeneyo yomcebisi wabapostile iqala khona ukuba yeyokwenene!

Isahluko 8: Ingcebiso YabaPostile Yexesha Lokugqibela

Uhlalutyo lweNgqiqo lweNgcebiso yabaPostile Ingcebiso yabaPostile ichaziwe kwisahluko sokuqala sale khosi. Nangona kunjalo, ngenxa yomyalelo wabaPostile kunye nobizo lokubeka isiseko esitsha sebandla leXesha Lokugqibela, eneneni, ukubuyiselwa kwesiseko sokuqala esabekwa ngabapostile benkulungwane yoku-1, kufuneka sichaze indlela olu bizo olunokuzalisekiswa ngayo ngokusebenzayo ngabacebisi babaPostile beXesha Lokugqibela. Kule meko kuyimfuneko ukwahlula phakathi kwabacebisi babaPostile ngabanye kunye nabeqela. Ingcebiso yabaPostile ingabonakala kumntu ngamnye, nangona ikakhulu iyinto edibeneyo ngokwemvelo. Nangona kunjalo, kufuneka siziqonde zombini ezi zinto, kuba ingcebiso yabaPostile iya kuzalisekisa indima ephambili kwiziko leengcebiso ukuze ilungelelanise zonke iintlobo ezintlanu zengcebiso yamaKristu. Ngokubanzi, ingcamango yokuba ingcebiso yomntu ngamnye ibhekisa kuhlobo oluqhelekileyo lwengcebiso, nazo zonke iindlela, iindlela kunye nezakhono zengcebiso ezisetyenziswa ngokubanzi. Ukuphiliswa kwizilonda zangaphambili namava abuhlungu kufakwa kwimbono entsha ngeengcebiso ezibanzi zokunika iingcebiso kunye nesikhokelo esivela kumcebisi wompostile. Ukuhlaziywa kwengqondo kubalulekile ukukhokela abantu ekuphilisweni kuzo zonke iindawo zokwaphuka ebomini babo. Ukuphila ubomi obuqhelekileyo kunokubonelelwa kuphela ngumcebisi wompostile. Ingcamango yengcebiso edibeneyo yingcamango entsha kubulungiseleli beengcebiso zamaKristu. Okokuqala kubalulekile ukugxininisa ukuba ingcebiso yomntu ngamnye kunye neyomntu wonke iyahambelana kwaye ayiphikisani. Ukwakha kwakhona ubomi babantu abaphukileyo kunye namaziko aphukileyo kufuna ugxininiso olubanzi olungaphezulu kunokugxila nje kumntu ngamnye. Umzekelo, ingcali yezonyango zosapho okanye nomcebisi webandla uya kuba nakho ukubonelela ngeengcebiso, inkxaso kunye nengcebiso yobuthixo kubantu ngabanye nakwiintsapho ezinengxaki yengqondo, yentlalo okanye yokomoya. Nangona kunjalo, aba bacebisi abayi kukwazi ukuchonga iipatheni kuluntu ngokuhamba kwexesha ezichaphazela abantu kakubi. Ukuphinda kwenzeke kweziganeko zentlalo ezifana nokuzibulala kwabantu abaninzi, ulwaphulo-mthetho oluqhelekileyo kwindawo ethile, ukwanda kweepatheni zephonografi, uphuhliso lweeklabhu zesini kunye namaqela ezigebenga kwizixeko okanye kwiindawo ezithile ziingxaki zentlalo kunye nemibutho, kwaye emva kwayo yonke ingxaki yentlalo, kukho ingxaki yokomoya. Kwiimeko ezininzi zezi zinto, kukho imisebenzi yomoya okanye ezinye iindlela zomoya wobudemon. Ezi ngxaki kufuneka zijongwane nazo ngokuchongwa kweendawo eziqinileyo zokomoya, amandla kunye nolawulo, amandla omoya wommandla, njl. Kukwezi nqanaba zentlalo, zoluntu kunye nezomoya apho abacebisi babapostile bafuneka kakhulu. Ngoko ke, ukushwankathela, ingcebiso yabapostile (yomntu ngamnye neyomntu wonke) ijongana neengxaki zengcebiso ngokwembono esekwe kwiingcambu, equka iingcambu ukusuka kumntu ngamnye ukuya kumaqela amancinci namakhulu. Ingcebiso yabapostile ehlangeneyo igxile kakhulu kwiingxaki zokomoya zenkampani kwiicawa, kwiidolophu nakwiindawo, kuluntu nakwiintlanga kwihlabathi liphela. Kule meko, ingcebiso yabapostile ehlangeneyo igcwalisa umsantsa omkhulu osoloko ukho kwingcebiso yamaKristu. Ukubuyiselwa kunye nokulungiswa kwebandla ukuba libe nguMtshakazi kaKristu ogqibeleleyo novuthiweyo kufuna utshintsho olukhulu kunye notshintsho kwingcebiso yamaKristu ukuze kuquke ingcebiso yabapostile. Ngenxa yobizo lwabo kunye negunya lokubeka isiseko sebandla leXesha Lokugqibela, lifikile ixesha lokuba ingcebiso yamaKristu ephindwe kahlanu ibuyiselwe.

Iimpawu zeNgcebiso yabaPostile

- Ingcebiso yabaPostile ibonisa indlela uThixo aguqula ngayo izinto ekuziseni utshintsho kwibandla leXesha Lokugqibela ngokuqala ngokuphilisa iintlanga, kuphele ngengcebiso yomntu ngamnye.
- Ingcebiso yabaPostile ibeka isiseko esitsha sokukrola abantu, amaziko kunye neentlanga kuMthi woBomi (uYesu Kristu) kunye nokuncothula uMthi woLwazi lokuLungileyo nokubi.
- Ingcebiso yabaPostile igxininisa kwindalo yoluntu yokuguqulwa, ukubuyiselwa, ukuphiliswa kunye nokukhululwa

Nangona kunjalo, kukwinqanaba elihlangeneyo apho uninzi lwempumelelo yokomoya lufumaneka khona, olunefuthe elivela kuluntu olukhulu ukuya kusapho nakumntu ngamnye. Umgaqo kaThixo wohlengahlengiso oluguqulweyo ulapha ngokusobala. Kwakhona, iindlela ezihlangeneyo zisebenza ngakumbi ekusombululeni iingxaki zoluntu nezomoya eziza kulungiswa lubulungiseleli bokucebisa obungamaKristu. Ukuze kufezekiswe iinjongo ezichazwe apha ngasentla, ubulungiseleli bokuprofeta nobupostile beXesha lokuGqibela buyimfuneko. Ukuphiliswa okubanzi nokuhlangeneyo eMzimbeni kaKristu bekungenakwenzeka ngaphandle kokuba ezi zikhundla zimbini zibuyiselwe ngokupheleleyo.

Ezi ndlela zilandelayo zokunika ingcebiso yabapostile ziya kuxutyushwa xa zisetyenziswa kwiziko leengcebiso:

ICANDELO 4: UKUKHULA KOMCEBISI WABAPOSTILE

Isahluko 9: Uphuhliso lobuNkokheli

Kule ngongoma kubalulekile ukukhankanya ukuba ukusasazeka kwevangeli kwixesha lokugqibela, kunye nophuhliso lwenkcubeko kaHosana kuluntu, ukuze kulungiselelwe ukubuya kukaYesu, kuya kufuna uhlobo olwahlukileyo kakhulu lwebandla labapostile xa kuthelekiswa nelenkulungwane yokuqala. Nangona eli lamva lalinamandla kakhulu, kwaye lenza okungakumbi ekusasazeni ivangeli kunaso nasiphi na esinye isizukulwana ukususela ngoko, ibandla labapostile ekupheleni liza kuphinda ligungqise ihlabathi liphela ngamandla kaThixo angaphezu kwawemvelo (ukuthambisa) kunye nenyano.⁴⁴ Nangona kunjalo, izakhiwo uThixo azimisele ukuziseka ziya kwahluka kakhulu. Uluntu lwabapostile olufana namaziko engcebiso kuluntu luya kudlala indima ebalulekileyo ekufezekiseni umbono kaThixo weXesha lokugqibela woMtshakazi wakhe, ibandla lesi-8. Ukwamkela ubizo lukaThixo kunokuba yingozi kubomi bokuzingca. Abo ababizayo nabathambisayo, uya kubacoca, ukuze bafane naye ngakumbi. Ukwenza oku 'uqeqesho lobulungisa' ngamathuba neemeko eziza nommandla woxanduva olunikiweyo. Abo babizelweyo nabathanjiselwe izikhundla zoxanduva badla ngokujongana nobuthathaka babo, ukusilela, nezono zabo ngelixa besenza ubizo lwakhe. Kwizozoqosho zakhe, uThixo uzimisele ukusiguqula njengoko ezimisele ukufezekisa iinjongo zoBukumkani bakhe ngathi. Ekugqibeleni, le yimilinganiselo esisiseko yokukhethwa kwisikhundla sobunkokeli obuhlala buhleli eBukumkanini bukaThixo: amandla kunye nokuzimisela ukuphendula kulawulo loBukumkani ngesimo nangomsebenzi wethu kunye nobunzima obufanelekileyo bozuko uThixo asibeka phezu kwethu. Ukukhula komntu ngamnye komcebisi wobupostile kuhamba ngokwenkqubo kwezi ndawo zintathu: uphuhliso lobunkokeli boBukumkani, inkqubo yophuhliso lomntu oluya ekuvuthweni nasekukhuleni ekuthanjisweni nguThixo. Uphuhliso lobuNkokheli beXesha lokuGqibela Ngenxa yomahluko omkhulu kwizakhiwo zokomoya zeXesha Lokugqibela, uphuhliso lweenkokeli zokomoya ezingaqhelekanga, zohlobo olwahlukileyo noluthanjisiweyo, luya kuba lolona lubaluleke kakhulu, yiyo loo nto le ngxoxo yophuhliso lobunkokeli njengexalenye yokukhula komntu ngamnye kwabacebisi babapostile. Ngokwesiprofeto, yinyani yokuba ubomi bebandla njengoko sibazi kwaye sibuyisela, buza kutshintsha ngokupheleleyo kwaye buguqulwe kungekudala. Intshukumo enkulu yoMoya oyiNgcwele kwixesha lebandla ngeXesha Lokugqibela lokuqokelela isivuno ayizukubakho kwizakhiwo zebandla, kodwa kwindawo yemarike, kwicandelo lezoshishino, kwicandelo lezopolitiko, nakweminye imimandla yoluntu. Ingcamango yoluntu lwabapostile ngaphandle kwebandla lendawo yileyo ekufuneka ihlolwe, kwaye ngaloo ndlela, uphuhliso lweenkokeli eziya kuhambelana nezi zakhiwo zintsha. Uqeqesho kunye nokucetyiswa kwezi 'mpawu zintsha' zeenkokheli zabapostile kufuneka kube yenye yezona zinto ziphambili ukuze kuzalisekise umbono kaThixo weXesha Lokugqibela. Kungaphakathi komxholo weziko lokubonisana noluntu apho uphuhliso lobunkokeli kuluntu lwabapostile luya kuphandwa khona kwesi sahluko 45. ⁴⁴ Hamon, Bill (dr.) Abapostile, Abaprofeti kunye neentshukumo zikaThixo ezizayo. Shippensburg: Abapapashi beDestiny Image. 1997, p.231 ⁴⁵ <http://www.wikibam.com/...p.13-14> Ngoko ke akumangalisi ukuba kufuneka siqonde amagama amatsha apha ambili ekuchazeni ubunkokeli babapostile kwiXesha Lokugqibela. Ingcamango ezinje ngomqeqeshi, umcebisi, umququzeleli weqela kunye namaqela abapostile ziya kuchaza ubunkokeli babapostile.⁸⁶ Ngenxa yesi sizathu, inxalenye eseleyo yeli

candelo lesahluko iza kuchaza ngokufutshane iintlobo ezintlanu zobunkokeli ekufuneka umcebisi wobupostile azihlakulele aze azikhulele ngaphakathi kuye ukuze akwazi ukufezekisa umyalelo wakhe. Iindlela zokukhawulezisa uphuhliso lobunkokeli kunye nokukhula kwezi ndawo nazo ziya kujongwa, kunye nezinto ezingalunganga ezinokuthi zithintele ukukhula kwezi ndawo zophuhliso lobunkokeli. Njengoko kubonisiwe kulo lonke eli khosi, kukho umngcipheko okhulayo wokuba iinkokeli zamaKristu zigutyungelwe lutshintsho lonke kuluntu lwanamhlanje, iimfuno ezitshintshayo zebandla leXesha lokuGqibela kunye nokwanda kwemfazwe yamandla etshabalalisayo. Ke ngoko, bubulumko ukuba abacebisi bobupostile ngokukodwa baxhotyiswe ngokwaneleyo kwaye baqaphele imizabalazo yamaKristu eXesha lokuGqibela kuluntu, ibandla kunye nemfazwe yokomoya. Kwixesha elinoguquko olukhulu kwimbali yebandla, iinkokeli zamaKristu azinakuvumela ukuba inkuthazo yazo, isimilo kunye nokugqwesa kwazo kubekwe phantsi uxinzelelo. Akukaze kube yinto ebalulekileyo ukuba iinkokeli zamaKristu zihlangabezane neemfuno "zeempawu" ezintsha "zabakhi bobukumkani" kwibandla nakwintlalo yeXesha lokuGqibela. Iintlobo Ezintlanu Zophuhliso LobuNkokheli Bexesha Lokugqibela

Ezi ntlobo zilandelayo zobunkokeli kufuneka ziphuhliswe ngaphakathi kwabacebisi babapostile:

1. UbuNkokheli boBukumkani
2. Ubunkokeli obusekelwe kwiqela
3. UbuNkokheli babapostile
4. UBawo woMoya
5. Iinkokheli njengabaqeqeshi nabacebisi

1. UbuNkokheli boBukumkani

Yintoni ubunkokeli? Ngokwesiko lethu laseNtshona, sihlala sibona ubunkokeli njengento efunyanwa ngokudityaniswa kwezphiwo zobuqu, amathuba athatyathiweyo, ukuqatshelwa kunye nempumelelo. Nangona kunjalo, iZibhalo zisixelela elinye ibali, apho inkcubeko yethu 'yokufaneleka' ingaboni khona. Intshukumo engaqondakaliyo ibonakala apho iinkokeli zikhethwa kwaye zimiselwe nguThixo kwaye zifumana igunya lazo kunye nokuthanjiswa kuYe. UThixo ukwenza oku ngokutyala ngokukhethekileyo kubo 'imbeko' okanye 'ubunzima' bokwenza umsebenzi uThixo ababizele wona. Thina baseNtshona asinalo ulwazi oluncinci ngembeko. Ke ngoko ukuqonda ngokufanelekileyo ubunkokeli beBhayibhile kuyimfuneko. Igama lesiHebhere leTestamente eNdala elithi kabhedh lichaza intsingiselo “yobunzima”, “ubunzima”, “uzuko” okanye “imbeko”⁴⁶. Ukusetyenziswa kwalo okuphambili kwiTestamente eNdala kubonisa ingcamango yokubonakaliswa kwangaphandle, okubonakalayo kwesidima, ubungangamsha okanye ubukhosi. Libonisa ingcamango yokuba uYehova uzityhila kumqondiso okanye ukubonakaliswa kobukho Bakhe. KwiTestamente

eNtsha isibizo sesiGrike esiguqulelwe ngokuthi “uzuko yi-doxa, nto leyo ethetha “ubunzima bobukho bukaThixo obubonakalisiweyo”. Ingcamango equlethwe kumagama athi kabhedh kunye ne-doxais asetyenziswe eBhayibhileni ukuchaza uzuko lukaThixo: uphawu lomzimba loBukho bukaThixo” olwabonakaliswa entlango; eNtabeni yaseSinayi, ekuzaliseni umnquba, wangqinelwa ngabelusi, owabonwa ngabafundi bakhe ekubhaptizweni kukaYesu nangexesha lokuguqulwa koMfanekiso. I-Doxa yimbonakalo ebonakalayo yobukho bukaThixo, uzuko Lwakhe lukaThixo kuKristu, ukubandezeleka Kwakhe, uvuko kunye nokunyuka Kwakhe. Yiloo nto iya kubonakala ekuBuyeni kweSibini (Marko 8:38; 13:26). Ibonakaliswa kwiNtlanganiso eNtsha, umfanekiso esiya kuguqulwa sibe yiwo (Roma 8:18, 21; Fil. 3:21; ISityhilelo 21:11. I-Doxai yile nto ihlabathi eliyibonayo libonakala kwiBandla likaYesu – uMtshakazi ogqibeleleyo, ovuthiweyo, ongenabala okanye ibala (Efese 5:27). 46 <http://wikibam/...> p.57-59 Olu zuko, oluchazwa kakhulu ngokuba “kukukhanya, ukukhanya”, lubonisa ubuntu bukaThixo: ubulungisa bukaThixo, ukulunga, inyaniso, inceba kunye nobulungisa bakhe bubonakaliswa kwaye butyhilwa kuthi. Ngoko ke, abo uThixo abeka phezu kwabo i-kabhedh yakhe ngabantu okanye “abathwali bomfanekiso” kaThixo ababonisa abanye ukukhanya, ‘ngeglasi emnyama’ - inxalenye yobuntu bukaThixo, ubungangamsha, ubukhosi kunye nozuko (2 Kor. 3:18). Singabathwali bomfanekiso’ kaThixo kwaye ikamva lethu kukuba atyhileke ngakumbi kuthi. Kudla ngokuba lo mbono ‘wobukho’ okanye ‘ubunzima’ kubuntu babo uThixo abakhethileyo ukuba babakhokele abanye abasabela ngokwemvelo kubo ngendlela eyakhayo kwaye bekulungele ukukhokelwa. Nangona intando yomntu iyinxalenye yobunkokeli, oku kuyinxalenye nje yento elinganayo. Amadoda nabafazi baneempawu zangaphakathi, ezinje ngobuntu babo, ilifa losapho, iziphiwo, imfundo, amathuba kunye nobulumko, ezidibana ukuze zenze ukuba bangoobani. Emva koko uThixo ubonakala 'ethambisa' ezi mpawu nge-kabhedh kwabo abakhethayo kunye nemisebenzi yoBukumkani abanika yona. Nangona inkqubo yokuguquka ibe yimfano Yakhe ifanele ibe ngamava aqhelekileyo obuKristu kubo bonke abakhokeli, kokukhona ukuthanjiswa nguThixo kwizikhundla zoxanduva negunya kukhulu, kokukhona ubuphathi bokutyala ngabom kabhedhin abo uThixo abanike bona ukuba bajonge. Iinkokeli ziyalusa imihlambi yazo, zihlonipha kwaye ziphuhlisa abo baphantsi kolawulo lwazo, zijonga imiphefumlo yazo, zikhuthaza uphuhliso lwazo kwisimilo sobuthixo njengoko zilandela imisebenzi uThixo azibizele yona. Iinkokeli eziqonda oku ziya kukhula zingazikhathaleli kwaye zifunde ukwalusa uluntu ngokunenkathalo. Iinkokeli zoBukumkani zizimisele ukuncama ubomi bazo ngenxa yeemfuno zabantu bazo, nendlela yokubalusa ngokomzekelo womzekelo ogqibeleleyo kaYesu njengoMalusi womhlambi wakhe (INdumiso 23; Yohane 10:1-10; 1 Pet. ?) Utyalo-mali lwazo kwimiphefumlo ephantsi kolawulo lwazo luphumela kwiqela okanye uluntu oluvuthiweyo, lufezekise imisebenzi yoBukumkani ngendlela kaThixo, kwaye luzale kwabanye uThixo abeke kubo ubunkokeli. Kwanakwiinkokeli ezalupheleyo, xa zingasenaxanduva negunya lomhlambi, i-kabhedh yazo iya kuhlala, kwaye ukuba isizukulwana esilandelayo silandela umzekelo wazo, siya kukhokelela ekuzaleni ngakumbi kweenkokeli zoBukumkani. Umsebenzi kaThixo ubamisele ukuba bawenze ukuze baphucule ubuntu babo buhlala kwaye ubuntu babo batyale kubo lilifa elikhanyayo elikhutshwa kwixesha elizayo. Kuphela ngokuthanjiswa okukhulayo kwiinkokeli zikaThixo - kwiiofisi ezintlanu kodwa nakwezinye iindawo zoluntu - apho ubunkokeli bokwenyani bobupostile buya kukhula khona. Abacebisi babapostile baza kudlala indima enkulu ngakumbi yokukhokela kwixesha lokugqibela, ngokulungiselela ibandla ukuba libe nguMtshakazi ococekileyo nongenabala, lilinde ngolangazelelo ukubuya koMyeni walo, nangokulungiselela uluntu ukuba lwamkele ukubuya kukaYesu njengoKumkani ongunaphakade.

2. Ubunkokeli obusekelwe kwiqela⁴⁷

Njengoko kuye kwagxininiswa kwingxoxo yamaziko okucebisa, iqela labapostile kufuneka libe njengosapho apho abantu abakulo (iintlobo ezahlukeneyo zabacebisi abangamaKristu) baguqulwa khona. Kwakhona indlela yenkqubo yakha isiseko sokuchaza uphuhliso lobunkokeli lwabacebisi babapostile, nazo zonke iingcamango ezisekelwe kule ndlela. Enye yezona zinto zibalulekileyo kukuba yonke into ingaphezulu kwenani elipheleleyo lamalungu ayo. Iziko lokucebisa uluntu lingumzekelo ogqibeleleyo woluntu olunjalo lwabapostile, apho wonke umlungiseleli othanjisiweyo kwingcebiso esebenzisana kumxholo weqela. Amacandelo olawulo nolawulo nawo azalisekisa iindima ezibalulekileyo zokubonelela ngenethiwekhi ephileleyo yokucebisa apho abantu kunye namaziko aphukileyo bephiliswa, bebuyiselwa kwaye beguqulwa. Umququzeleli weqela kwiziko lokucebisa kufuneka akhule kula mandla alandelayo: 47 Chacha, uJohn (ugqirha) iintsika ezili-10 zobuNkokheli. a. Uphuhliso lobuNkokheli beQela

Ukuthanjiswa komcebisi wobupostile ukuze azalisekise umyalelo wakhe kuvela kuThixo. Kunxulumene ngqo nobizo lokulungiselela ibandla eligqibeleleyo nelikhulileyo, elingenabala okanye ibala, ukuze lilungele ukubuya koMyeni waKhe, abacebisi bobupostile kufuneka

babizwe, balungiswe kwaye basebenze ngokuthobela ngokupheleleyo phantsi koThixo phantsi kolwalathiso loMoya oyiNgcwele. “Ngoko ke masenze konke okusemandleni ethu ukwenza oko kusikhokelela eluxolweni nasekukhaneni” (KwabaseRoma 14:19)

- Abalandeli bakho mababone iinkokeli eziqinileyo, ezizimiseleyo nezizinikeleyo ekwenzeni umsebenzi wemihla ngemihla. Oku kuya kubazuzisa intlonipho nokuthenjwa.
- Bonisa ubuntu bokuba novelwano nokukhathalela. Oku kuya kuba luncedo kakhulu ekwakheni ubudlelwane obuphumelelayo. Inkokeli ekhathalelayo idala abantu abakhathalelayo.
- Iinkokheli mazigcine ithemba liphila ebantwini, iinkokheli ezisebenzayo ukuthintela naziphi na izinto ezimbi, ukuphelelwa lithemba kunye nezigqibo ezingezizo ezilumkileyo.
- Vuma indlela abantu abaziphethe ngayo, kwaye ubaxhase nangona besenza izigqibo ezingafanelekanga.
- Ukwenza izigqibo kufuna ukuqokelela iinyani, ukuze kuqwalaselwe izisombululo ezahlukeneyo kunye nemiphumo yazo, kwaye kudluliselwe ngempumelelo isigwebo esifanelekileyo.
- Vumela amalungu eqela ukuba afikelele kwinqanaba lawo elipheleleyo, ngaphandle kokuthanda ukungazithembi okanye ukusongelwa.
- Ukwenza oku kungasentla kuya kukhuthaza abalandeli ukuba bafunde; bakhululeke ukuba baphumelele kubizo lwabo, kwaye komeleze iqela ukuba likwazi ukujongana notshintsho kwaye lijongane neengxabano ngobuchule kangangoko kunokwenzeka.
- Ukuzahlula ngomoya wenkokeli kuya kubangela ukuba amalungu eqela azimisele ukwamkela ubunkokeli bakhe kwaye azive emanyene nombono wakhe; umnqweno wokuba yinxalenye yokuzalisekiswa kombono; kunye nokusebenzisana ukuze kufezekiswe injongo yenkokeli enombono.

c. Izikhokelo zokuba yiNkokeli yeQela elungileyo

- Misela imigaqo-nkqubo elungileyo – umzekelo kaYoshuwa (Yosh. 1:8)
- Khuthaza unxibelelwano – umzekelo kaPawulos (Efese 4:15; IMize. 17:28)
- Yiba nomoya wokukhonza – imfundiso kaYesu (Mat.20:25-28)
- Khangela abasebenzi abalungileyo: inkokheli elungileyo iqesha abasebenzi ababelana ngombono; baya kubonisa iimpawu zesicaka esilungileyo (Kol. 3:22-25; 1 Tim. 1:12). Inkokheli kufuneka ikwazi ukubona itale eziqinileyo kunye nezakhono

zabasebenzi bayo kwaye izisebenzise kwicandelo lamandla. Musa ukufaka abantu abanxanelwe igunya kubunkokeli! (3 Yohane 1:9-10)

- Yazi indlela yokusebenzisana nabasebenzi: kule meko, oku kulandelayo kubalulekile: ukuqesha abantu ngokweemfuno zabo; ukuqeqeshwa kwabasebenzi ukuze baqonde baze babambe umbono - kuba olu nxibelelwano lucacileyo luyimfuneko; Abantu abazaliswe nguMoya banokuthintela iingxaki ezininzi; baqonde ukuba akukho mntu ugqibeleleyo - bagxeke ngothando nangexesha elifanelekileyo kwaye kungekhona esidlangalaleni; musa ukuthembela kakhulu kwimivuzo, nangona impendulo eyakhayo, ukuqinisekiswa kunye nokukhuthaza kubalulekile.
- Hlawula abasebenzi ngexabiso labo – iindinyana ezininzi zezibhalo zingasebenza apha njengesikhokelo (Kol. 4:1; 1 Tim. 5:17-18)
- Funda ubuchule bokwabela abanye – umzekelo kaYetro noMoses (Eks. 18:17-23; Izenzo 6:1-4)

Nika abantu abanyuselweyo xa befumana umsebenzi – kufuneka kuqwalaselwe indlela iqela eliziphatha ngayo ngelixa kunyuswa amalungu athile eqela; yenze iziqinisekiso zonyuselo zicace kwaye zicace (IMizekeliso 13:20; INtshu. 4:9-10)

- Yiba ngumntu okhuthazayo: gxila ekuqeqesheni, ekuxhobiseni, ekuqeqesheni, ekunikeni ulwalathiso nakwinkokeli eyakhayo – imizekelo kaDavide (1 Samuweli 2:1-2; 2 Samuweli 23:13-17); uYesu ((Mat. 28:18-20); uPawulos (1 Tim. 1:18-19)
- Yenza abahlobo abalungileyo; ubuncinane umhlobo omnye othembekileyo, ubuhlobo obenziwa ngentlonipho, ukuqondana kunye nembeko (IMizekeliso 18:24; 17:17)
- Khetha abacebisi abalungileyo abaneempawu ezinje ngokungathathi cala, ubulumko, amava kunye nobuchule (IMize. 11:14; 15:22; 24:6)
- Funa ulwalathiso kuThixo – oku kubalulekile kuzo zonke izigqibo ezenziwayo (Isa. 30:21)

d. Iimpawu zeNkokeli ekhuthazayo

- Ubunkokeli obuqinileyo obusekelwe ekuzixabiseni nasekuthembekeni kunye nolwazi ngempembelelo yomthetho wokunika amandla: bunika amandla inkokeli ngokunika amandla abanye
- Ukukwazi ukunika abanye amandla kufuna ukukholelwa kakhulu nokuthembana nabanye abantu
- Ukukhulisa abanye kukwenza ube mkhulu; ukuxhobisa kunamandla
- Ukwakha ukholo, umntu ukhuthaza abanye ukuba benze izinto ezinkulu. Ufumana iindlela zokuzigcina ekhuthazekile kwaye afezekise ulindelo oluphezulu
- Udala umoya woloyiso ngaphambi kokuba ashukumise abantu bakhe esenzweni. Abantu abanomdla banokufeza lukhulu, ngelixa abantu abangenamdla kunzima ukubashukumisa nokubaphatha.
- Ubonakalisa isimo sengqondo esimnandi nesichwayitileyo kwaye usasaza uvuyo kwabanye. Abantu abachwayitileyo kulula ukubazi nokusebenzisana nabo. Abantu abalusizi abakhawuleza ukukhalaza basebenza kakubi kwaye bangasebenzi ngokumanyeneyo.
- Ubonakalisa umoya wenzondelelo ngokuphuhlisa indawo ekhuthazayo. Indawo enomtsalane, kodwa esebenzayo, kunye nomculo omnandi nochwayitileyo zinokunceda kakhulu
- Unyanzelekile ukuba enze konke okusemandleni akhe ukubonelela nokugcina isantya kubulungiseleli okanye kwintlangano. Isantya sakhiwa xa inkokeli enkulu inombono ocacileyo wokuba inkampani ifanele ibe yintoni; xa isazi ukuba kufuneka ntoni ukuze ifikelele kwiinjongo zayo, iya kuzimisela ukuyifezekisa.

e. Imiqobo yokwakha iqela okanye ukuxhobisa abanye⁴⁸

Ukuchasa utshintsho oluvela kwinkokeli ekufuneka inike amandla amanye amalungu eqela Ukungazixabisi: ziinkokeli ezikhuselekileyo kuphela ezikwaziyo ukuzincama. Omnye umntu

wakha wathi izinto ezinkulu zinokwenzeka kuphela xa inkokheli ingakhathali ukuba ngubani ofumana udumo. Ukuqhubeka nalo mbandela: izinto ezinkulu zenzeka kuphela xa unika abanye udumo. Lo nguMthetho woXhotyiso osebenzayo. Siphila kwixesha apho ubunkokeli bungengomsebenzi womntu omnye kodwa bungumzamo weqela. Uninzi lwezinto ezibonwayo nezinokwenziwa namhlanje zithetha ngemfuneko yeenkokheli ezidlala iqela kunye nabakhi beqela. Iimbopheleleko ezifunekayo ukuze umbono uzaliseke zisasazwa ngaphakathi kwiqela. Akunakwenzeka, akukho Bhayibhileni kwaye akunangqondo ukuba inkokeli - nokuba ngumfundisi okhokelayo, intloko yobulungiseleli okanye nokuba yinkokeli yeqela elincinci - ikwenze konke yodwa. NgokoMthetho wokunika amandla, inkokeli elungileyo ayisoze ibe yinkokeli enkulu ngaphandle kokwabela imisebenzi kwaye iseke ngenkuthalo inkcubeko yeqela.

3. UbuNkokheli babapostile kunye neengebiso zabapostile

Ubunkokeli bobuPostile bubaluleke kakhulu ekubizeni nasekunikeni ingcebiso yabapostile. Ubunkokeli bobuPostile bubalulekile ekusebenzeni kakuhle kobulungiseleli bobuPostile beXesha Lokugqibela lubizo lokubuyisela iinyaniso ezisisiseko kunye nokudala iimephu ezintsha njengeenyawo zoMzimba kaKristu wonke ukuba zilandelwe. Ukuvela kobizo lokugxininisa "iiofisi" zobuPostile nezesiprofeto ukusukela ngasekupheleni kweminyaka yoo-1980 ukuya phambili, yinxalenye yesicwangciso sikaThixo sobukhosi sokuxhobisa iinkokeli zamaKristu ukuba zihambe ngokuthanjiswa okuhlanu okunikwe nguYe ebandleni. Ubizo lobuPostile lubonakala ngokucacileyo kwiZibhalo: "ukuvakalisa ixesha elitsha lesenzo esitsha sikaThixo ngokwexesha likaThixo eligqibeleleyo". Enye indawo apho ubulungiseleli bobupostile busebenza khona ngoku kukulungiselela uMtshakazi kaKristu ekukhuleni, ukukhula kobunye bokholo kunye nenkqubo yokungcwaliswa ngokulandelelana. 48 Maxwell John C. 21 Imithetho yobuNkokheli engenakuphikiswa. Tennessee: Thomas Nelson Publishing. 1998, p.127 ukuba ngcwele, elinde ukubuya koMyeni wakhe. NgokweSibhalo, uMtshakazi kaKristu ufaniswa nomzi osentabeni, obizwa ngokuba yiZiyon kwaye umi kuKristu! Kwihlabathi liphela uMtshakazi kaKristu uzilungiselela! Ukuzalisekiswa kwalo mbono webandla njengeliphumeleleyo neligqibeleleyo, elivuthiweyo, elingenabala okanye isiphako - njengoMtshakazi ohonjiselwe uMyeni wakhe - ngomnye wemisebenzi ephambili yobulungiseleli bobupostile beXesha Lokugqibela, kwaye uya kugqitywa ngobunkokeli bobupostile. Ingqwalasela ephambili yobunkokeli bobupostile beXesha Lokugqibela ifikelela kwincopho kwinkqubo yokubuyiselwa; inkqubo "... yokubuyisela zonke izinto kuThixo". UYesu umisele kwangaphambili ukuqhubela phambili koBukumkani bukaThixo emhlabeni ngokusebenzisa iinkonzo ezintlanu zokuxhobisa ezichazwe kwabase-Efese 4:11-13, ezinikwa ibandla ngenjongo yokugqibelela nokukhula kwebandla. Injongo yobulungiseleli obuhlanu ngaloo ndlela kukuxhobisa abangcwele KUDE uMtshakazi akhule ngokupheleleyo, ebonakalisa uzuko loMyeni wakhe, uYesu Kristu, ngokutsho kwabase-Efese 4:15. Ezi nkonzo zintlanu zilungiselela indlela yoMtshakazi omsulwa nongenabala kuKristu ekubuyeni kwakhe okuzukileyo ukuze alawule kunye naye. Nangona kunjalo, ibandla alinakukhula lifikelele kwinqanaba lalo elipheleleyo, okanye lifezekise injongo yalo epheleleyo, ngaphandle kobulungiseleli bobupostile. Ubomi bokwenyani bebandla lobupostile bufuna ubunkokeli obuqinileyo ukuze kuhlolwe zonke iimfundiso ecaweni kwaye kujongwane nazo zonke iinyaniso neenkolelo eziphikisanayo - nokuba kufuneka ukuqhekeka okukhulu kwezakhiwo nezithethe ezenziwe ngabantu. Nangona kunjalo, ngokwembono yembali yebandla, inyani ebuhlungu kukuba ubunkokeli bokwenyani bebandla buhlala bufumaneka kuphela kwicawa engaphantsi komhlaba, etshutshiswayo. Kanye njengokuba ibandla lobupostile lenkulungwane yokuqala lalinamandla kakhulu, ibandla lobupostile ekupheleni kwexesha lebandla liya kuphinda linyikimise ihlabathi liphela ngenyaniso yalo namandla alo. Kungoko ke kuza kufundwa ngobu buchule bobunkokeli babapostile kule ngxelo. Kubalulekile ukuqonda olu hlobo luthile lobunkokeli njengenxalenye yesicwangciso sikaThixo sokugqibela sokubuyiselwa, njengoko sibeka isiseko sokuhlanjululwa

nokuhlanjululwa koMtshakazi kaKristu - kungekuphela nje komntu ngamnye, kodwa nakwinqanaba lenkampani. Olu bunkokeli lubandakanya ukubuyiselwa kwenyaniso nobulungisa ngokufundisa iimfundiso ezisisiseko zezibhalo nolwazi ngoThixo, ukusondelana ngokwenene emthandazweni, ukuphiliswa, ukukhululwa kunye nokuhlanjululwa kuzo zonke iinkalo zobomi bomntu. Ubunkokeli babaPostile bugxininisa indima yoMoya oyiNgcwele yokubuyisela umpostile ebandleni njengoko uKristu wayenenjongo yokuba benze njalo ekuqaleni. Ukuba kukho ibinzana elinye eliphindaphindayo kwiNcwadi yeZenzo eBhayibhileni malunga nobulungiseleli babaPostile, kukuba “bazaliswe ngumoya”. Kungokuthanjiswa nguMoya kaThixo kuphela apho abapostile bakhe bokwenene baya kuvuka benegunya lokukhokela ibandla leXesha Lokugqibela, baze balungiselele indlela yoMtshakazi omsulwa nongenabala kuKristu. Iinkokeli zebandla akufuneki zimiselwe ngabadala kuphela, kodwa mazivunywe njengezithanjiswe nguMoya kaThixo. Oku kubalulekile ukuze ubulungiseleli beXesha Lokugqibela busebenze ngempumelelo ekufezekiseni injongo yalo. Olu lubizo oluphambili, ukuthanjiswa kunye negunya leCawa yeXesha lama-21 lokuba ubuKhokeli babaPostile bubuyiselwe kwinjongo yalo yokuqala. Ukubuyiselwa kobulungiseleli bobupostile ecaweni kubandakanya ukuqonda okucacileyo ngakumbi ubuNkokheli bobuKrestu kunye neningeni ejongene nayo kwibandla lenkulungwane yama-21, nto leyo eza kujongwa kwimihlathi yokugqibela yale ngxelo.

4. UbuNkokheli bukaTata (UbuTata boMoya)

Ngaphandle kwezinye iindawo ezine zobunkokeli ekufuneka ziphuhlise kubacebisi babapostile, uBawo ubuNkokheli yeyona nto ingakhathalelwanga nengathathelwa ngqalelo ekufuneka ikhuliswe kwaye yondliwe ngokukodwa. Enye yeendlela eziphambili uThixo abonelela ngazo ubunkokeli ebukumkanini bakhe kungoobawo. Yingakho umoya kaEliya kufuneka ufike uze ubuyisele "iintliziyo zooyise kubantwana, neentliziyo zabantwana kooyise." Kungenjalo "uSuku olukhulu noloyikekayo lweNkosi" oluzayo luya kusidla kwaye "lubethe umhlaba ngesiqalekiso" (Mal. 4:4-6). Kubalulekile ukuba amazwi okugqibela kwiTestamente eNdala akhomba kuBawo kaThixo ubuNkokheli ebukumkanini bakhe. "UBawo kubandakanya isimo sengqondo sothando esibonakaliswa ekukhuliseni abantwana. Ngutata okhuthazayo, othuthuzelayo aze ngamanye amaxesha ohlwaye xa kuyimfuneko (1 Tes. 2:11; Heb. 12:7-11), kodwa kuphela emva kokuba abantwana bakhe beqinile, bemvelo nabokomoya, ngokubakhuthaza kakhulu. Utata wokwenene uhlala exakekile. Utata akabashiya abantwana bakhe xa besilela okanye bemka xa kuvela ukungavisisani. Utata akapheleli nje ekuyeni nawe edabini, ukhokela indlela (Yoshuwa 1:5-9). Utata womoya yindlela ephambili yobunkokeli yokwakha umzimba kaKristu"⁴⁹. Nangona uThixo eziveza eluntwini ngomfanekiso wendoda nomfazi, indlela abonakala ngayo kwiZibhalo zonke yile yokuba “nguBawo” onothando. Naluphi na umzamo ovela kwintshukumo yabasetyhini okanye naluphi na olunye uhlobo lolwalamano olukhohlisayo ngokwesini, luyimpazamo yomfanekiso Wakhe. Igama elithi “uBawo” lithetha “ukunika ubomi.” Utata “ngumniki” wembewu, ngelixa umama “efukama” imbewu de kube lixesha lokuzalwa. Utata unika ubuwena; umama unika umntwana ukutya. KwiZibhalo, intsingiselo yobufazi ichazwa ukuchaza indalo, uSirayeli kunye neCawa. Umzekeliso woMtshakazi kaKristu uqinisekisa olu lwalamano. Kanye njengokuba uAdam noEva bemele umfanekiso opheleleyo kaThixo,

noMyeni, uYesu Kristu uya kuhlangukiswa ngokugqibeleleyo nomtshakazi Wakhe ukuze anike indalo umfanekiso wokwenene wozuko Lwakhe. Ekubeni uThixo ebiza umzimba wakhe (amadoda nabafazi) ngokuthi umtshakazi (ISityhi. 21:9) kunye nonyana (Roma 4:5-7), kuyacaca ukuba isini asiyongxaki apha. Ukuba ngutata wokomoya akunanto yakwenza nesini, kwaye umfazi unokusebenza njengotata wokomoya kanye njengendoda (Gal. 3:28). Njengomcebisi wobupostile, kubaluleke kakhulu ukuphuhlisa olu luhlu lobunkokeli. Umzekelo oqaqambileyo wotata wobupostile nguPawulos, owaqeqesha waza waqeqesha uTimoti njengonyana wakhe wokomoya de wafikelela kwinqanaba lokukhula ukuze abe ngumlungiseleli osebenzayo weendaba ezilungileyo zoBukumkani bukaThixo. Ukuze kuzalisekise ubizo kunye nomyalelo womcebisi wobupostile, utata wokomoya yenye yezona ndlela zibalulekileyo zobunkokeli zokubeka isiseko esitsha sokuseka "inkcubeko kaHosana" kuyo nayiphi na idolophu, uluntu okanye uluntu. Isithako esisisiseko kukufundisa umntu indlela yokumthanda uThixo, kwaye oku akuzi ngokufundisa okanye ngokukuthandazela, kodwa kuphela ngokuthandwa ngutata. Utata wokomoya kubandakanya ixesha lokuba phambi kwaloo mntu, kwaye umlandele, "uhlala ujikeleze loo mntu rhoqo". Imfuneko yokugqibela yokuba ngutata wokomoya ngumntu onolwalamano olusondeleyo noBawo wethu uAbba, uBawo wabo bonke ooTata! UYesu waqala uqeqesho loBuTata ngokuba ngutata kwiqela elincinci labafundi kwaye eli qela lincinci laba ngootata ababenoonyana ababa ngootata, njalo njalo. Usapho lukaThixo oluzalayo luqalile... Eminye imizekelo yeBhayibhile ibandakanya uMoses noYoshuwa, kunye noEliya noElisha. Nangona uDavide wayenolwalamano oluqhekekileyo noSawule, ngenxa yokungathembi nomona kaSawule; emva kokufa kukaSawule uDavide wamlilela njengonyana ngoyise (2 Sam. 1:17-27). Kuza kufika ixesha – mhlawumbi kungekudala kunokuba sicinga – apho ootata bokomoya baya kuba likhonkco elibalulekileyo lokukhula ngokomoya komntu, kunye nentuthuzelo kunye nenkuthazo ngamaxesha anzima alindele ibandla likaThixo. Ukwazi umntu njengotata wokomoya eNkosini kuya kuba yinto ebaluleke kakhulu; ukuba nomntu oye wahamba ngendlela efanayo ukusinceda sibonise indlela ngokwam; umntu endinokumfowunela nangaliphi na ixesha ndize ndifumane iingcebiso zokwenyani kwiimeko zobomi. Njengoko iXesha lokuGqibela lisondela, ngesantya esikhulayo sotshintsho kunye nemingeni uluntu olujongene nayo, kwaye xa lujongene nobumnyama bokomoya obukhulayo, kukho ingozi yokuba iinkokeli zamaKristu zizame "ukuba nguyise" wonke umntu ezinokuba naye. Inyani, nangona kunjalo, kukuba ukuba sizama ukuba nguyise wabantwana abaninzi siyayeka ukuba nguyise size siqale ukuphuhlisa "ingqondo yenkampani", apho ulwalamano lulahleka khona. Utata akakhethi nabantwana bakhe, kodwa

49 http://www.sonstoglory.com/spiritual_fathers.htm, p1; Dineka, Vuyo (dr) Ubunkokeli kuBulungiseleli bukaPawulos. Benoni, VuyoDineka Abapapashi. 2008, p103 - 117 Zinikwe nguThixo, kwaye umntwana akanalo ilungelo lokuzikhethela utata wakhe. Uninzi lweengxaki eMzimbeni kaKristu lubangelwa kukuba ootata bakhetha abantwana babo ngesandla ngokwalabo "abafanelayo imo yabo" endaweni yokuba bazale oonyana neentombi uThixo abakhethela zona. Sidinga "ukuhlangukiswa nokudityaniswa" ngokuchanekileyo ngokwentando kaThixo ukuze "lonke ilungu likwazi ukukhulisa umzimba ukuze uzakhe ngothando" (Efese 4:16). Ukuba sicinga ukuba uAbraham wayengenaye "utata" wokomoya, kufuneka sihlale silumkile singanyanzelisi ukuba ngutata wokomoya nokuba ngunyana wokomoya. Ubudlelwane bokwenene bukabawo nonyana buya kubonakala njengoko obu budlelwane bukhula nabo bakungqongileyo, kodwa kungathatha iminyaka. Kubalulekile nokuqonda ukuba ubudlelwane bukabawo wokomoya nonyana akuthethi ukuba siyavumelana kuyo yonke into. Kwakhona ootata bokomoya kufuneka bafundiseke kwaye bazimisele ukufunda nakubantwana babo. Ngoko ke ubutata bokomoya bubangela ubudlelwane obuneendlela ezimbini. Ulawulo lobukumkani bukaThixo lwahlukile kwitshati yombutho, kwaye lufana kakhulu nomnatha wokuloba okanye inethiwekhi. Onke amalungu omzimba aqhagamshelwe ngokwasemzimbeni kwiindawo ezimbalwa zomzimba, kodwa afumana inzuzo yomzimba wonke ngegazi. Ngendlela efanayo, iGazi likaYesu lihamba kulo lonke uMzimba kaKristu ukunika ubomi ukuze kuzuze bonke: Ukuba asihlanganiswa kakuhle kwinxalenye yoMzimba kaKristu uThixo asibizele yona, ubomi (igazi) abunakuhamba kakuhle. Isizathu sobuthathaka obuninzi, ukugqibela nokufa kwangaphambi kwexesha phakathi

kwamakholwa kukuba "asiwuqondi kakuhle umzimba weNkosi". Ngamanye amazwi, asiqondi ukuba kufuneka sihlenganiswe phi emzimbeni kaKristu okanye ukuba ngoobani ootata nabantwana bethu bokomoya. Ubunkokeli bukaTata bucebo likaThixo nocwangco lobunkokeli, kwaye yindlela yobunkokeli bokomoya eya kusebenza ngakumbi njengoko ukuphela kwale mihla kusondela. Kubalulekile ukukhankanya apha ukuba nangona kungumthwalo wendalo katata ukukhokela, akuyomfuneko ukuba yinxalenye yobunkokeli bokomoya "bokuba nguyise" abantwana bakaThixo. Ubunkokeli bukaTata ngokwenene ngumyalelo kunye nokuthanjiswa okunikwe nguThixo uThixo aya kuwubuyisela kuMzimba kaKristu weXesha lokuGqibela.

Nangona uThixo enguBawo wethu ogqibeleleyo:

‘Mna ndiya kuba nguYihlo kuni, nina nibe ngoonyana neentombi zam, itsho iNkosi uSomandla.’ (2 Korinte 6:18) Ubunkokeli bukaTata bube sisiseko sobulungiseleli bukaPawulos, kwaye isigidimi sakhe esiphambili sasigxile kwindlela kaThixo yokukhulisa abantu Bakhe kwasekuqaleni: ‘Kuba ningade nibe nabafundisi abamawaka alishumi kuKristu, anibaninzi ninabo ooyihlo; kuba kuKristu Yesu ndinizele ngazo iindaba ezilungileyo. Ndiyanibongoza ke ngoko, ukuba nibe ngabaxelisa mna.’ - (1 Korinte 4:15-16) Izibhalo zityhila ngokucacileyo ukuba ootata bokomoya abanjengoPawulos banegunya eliphezulu lokomoya. Nangona kunjalo, okubaluleke ngakumbi, lifana negunya lokwenene elinikwe nguThixo. UPawulos ugxininise ukubaluleka kokuba utata wokomoya acinge aze enze izinto kufuneka acinge aze enze njengonyana kaThixo oqolileyo. Ngoko ke kukho ubudlelwane obuthe ngqo phakathi kokukhula ngokomoya negunya lokomoya. Ubunkokeli bukabawo kubulungiseleli bukaPawulos butyhilwa kwezi nkalo zilandelayo zemiyalezo yakhe:

- Ubutata babubaluleke kakhulu kwisigidimi sakhe (IZenzo 13-14)
- Ugxininiso lwakhe ekunquleni ngokudumisa nokubulela, ngaphakathi komxholo wonqulo-zithixo lobuhedeni ((IZenzo 16-17; 2 Tim. 3:1-4)
- Ugxininiso lwakhe kutshintsho olukhulu lokuziphatha emva kokuguquka (1 Kor. 6; 2 Kor. 6-7; Efese 4:17-24; Efese 5:1; Tito 3:8)
- Ugxininiso lwakhe kuBawo njengoMthombo woKwamkelwa (Roma 8:6-8; 2 Kor. 2:17; 4:2; 5:10-11; 1 Tim. 4:1-; 2 Tim. 2:15;
- Ugxininiso kuBawo njengoMthombo wazo zonke iintsikelelo (2 Kor. 1:3-5; 9:15; Efese 1:3; 4:32; Fil. 4:19; 2 Tes. 1:11; 1 Tim. 6:17)
- Ugxininiso kuBawo njengoMthombo woThemba (2 Kor. 1:9; 3:4-5; 4:7; 1 Tes. 3:11).

Ukukhula kobunkokeli bukaPawulos kwakusekelwe ekulandeleni kwakhe emanyathelweni kaYesu. Exelisa inkosi yakhe, wayenombono ocacileyo wokuba ungubani uThixo, nto leyo eyaphumela kwindlela yokuphila yokunqula kunye nobudlelwane obungaphazanyiswa noThixo. Ngenxa yoku, uPawulos wayenobufundisi obabumchaza ngokucacileyo uYise. Njengoko uYesu wayechitha ubulungiseleli bakhe etyhila ubuntu bukaYise, uPawulos walandela emanyathelweni akhe. Kuyo yonke into awayeyenza, uPawulos watyhila intsingiselo yobunkokeli bukayise njengecebo likaThixo elingcwele lebandla elikhulileyo.

6. Ubunkokeli kuQeqesho kunye nokuQeqesha

Injongo ephambili yeenkokeli zokwenyani asikokugcina abalandeli kodwa kukunceda ekudaleni ezinye iinkokeli. Ngamanye amazwi, injongo yobunkokeli kukukhuthaza wonke umlandeli ukuba abe yinkokeli aze azalisekise amandla akhe. Iinkokeli zokwenyani zineempawu ezilandelayo ezifanayo: zinciphisa ukuxhomekeka; zikhulula amandla abanye; ziyayiqonda imo yokwenyani yexabiso lenkokeli kwaye zikhuthaza "izinto ezinkulu". Isidima, ngokuchasene nokungakhathali, sisimo sengqondo sangaphakathi - isimo sengqondo esibonakala lula ngomnye umntu kunokuba sibonwe nguwe. Sibandakanya ukuba neemvakalelo zobubele, kodwa ububele bungaphezulu kweemvakalelo nje. Kukho amaxesha apho kuvela khona izivunguvungu zomsindo, ukucaphuka, ukukhungatheka, kwanomsindo xa sidibana nabantu. Xa izithintelo zisijongene nendlela esimele siyenze, kufuneka siziqonde njengezitya zokholo ukuze sizalise ukuzaliseka nokwanela kukaYesu; kwaye njengoko sisiya phambili, simthemba ngokulula nangokupheleleyo, sinokuvavanywa, kusenokufuneka silinde size sivumele umonde usebenze

ngokupheleleyo kuthi. Siya kukwazi ukunyamezela nokunyamezela ngethemba lokuba, ekugqibeleni ilitye liya kuqengqeleka, kwaye iNkosi iya kulinda apho ilangazelela ukusisikelela ngentsikelelo ephindwe kabini kunye nokuthanjiswa ngexesha lethu lovavanyo. Ubizo nokuthembeka kwamakholwa ngokubanzi, kodwa ngokukodwa iinkokeli, kuya kuvavanywa amaxesha amaninzi. INkosi iya kuvavanya izitya zayo ezikhethiweyo ukuze iveze iimpawu zazo ezilungileyo ngokutyhila bonke ubuthathaka kwaye ibancede indlela yokujongana nabo. Uvavanyo lukaThixo, ngokuyintloko, lunceda ekwakheni ubuntu kwiinkokheli nakubulungiseleli bazo. Lunceda ekuloleni ubuntu bukaThixo kwiindlela zabo zokuphila nokubazisa ekuvuthweni. Luza kwakha umgangatho, lubacokise, lubamisele kwaye luhlolisise iinjongo zabo. UDavide wayeyiqonda le nkqubo yokucoca kaThixo: 51 http://www.humanehealthcare.com/Article.asp?art_id=194, p2 “Ndigocagoce (ngokucokisekileyo, Thixo, uyazi intliziyo yam! Ndicikide, uzazi iingcinga zam” - (INdumiso 139:23) Kukho imizekelo emininzi yeentlungu kubantwana bakaThixo ababenobizo olukhulu ebomini babo. Umzekelo omnye nguYakobi. UThixo wavumela ingxaki ukuba ivalwe nguYakobi ngobusuku awaqubuda kubo kuPniel ethandaza, ukuze amzise kwindawo apho wayenokumbamba khona uThixo ngendlela awayengenakuyenza ngayo. Ukusuka kuloo ndawo yokuphelelwa lithemba ngokupheleleyo, uYakobi wanda elukholweni lwakhe nolwazi lwakhe ngoThixo nakumandla obomi obutsha noboyisayo. Omnye umzekelo nguDavide, okwafuneka anyamezele uqeqesho olude nolubuhlungu kangangeminyaka emininzi ukuze akhulele kwimigaqo emiselweyo yokholo nobuthixo, eyayiyimfuneko kumsebenzi wakhe ozukileyo njengokumkani wakwaSirayeli. Omnye umzekelo nguPawulos, owadanduluka wathi: “...ukuba sasinomthwalo onzima kakhulu... ukuze amandla kaKristu ahlale phezu kwam” – (2 Korinte 1:8; 2 Korinte 12:9) Akukho nto ngaphandle kweendawo uPawulos awayehlala ebekwe kuzo ezazinokumfundisa, zize zifundise ibandla lonke, intsingiselo epheleleyo yesithembiso esikhulu awayesifundile ukusibanga: ‘Ubabalo lwam lukwanele, kuba amandla am azalisekiswa ebuthakathakeni’” (2 Korinte 12:9) Akukho nto ngaphandle kwezilingo nokubandezeleka kwethu ebekuya kukhokelela abanye bethu ekubeni bamazi njengoko simazi, bamthembe njengoko simazi, baze bafumane kuye imilinganiselo yobabalo eyayenziwe yayimfuneko kwimida yethu. Kubalulekile ukuvuleleka kuphando loMoya oyiNgcwele, ukuba alinganise iinjongo, iminqweno, iinjongo kunye namaphupha abantu abaza kuba ziinkokeli zikaThixo. Makazazi iinjongo zeentliziyo zabo. Mnike intliziyo evumayo ukuze azame, avavanye aze enze utshintsho olufunekayo. Bakulungele ukuthwala intlungu evela kwimela yotyando loMoya oyiNgcwele. Kwakhona, inkokheli enobuthixo eBhayibhileni, uZekariya, yazinikela kule nkqubo yokuphonononga, ukuhlanjululwa nobungcwele: “Ndiya kuyingenisa inxenye yesithathu emlilweni, ndiyinyibilikise njengoko isilivere inyibilikiswa, ndibavavanye njengoko igolide ivavanywa ...” – (Zekariya 13:9). Ukuvavanywa ngaloo ndlela kuthetha ukucocwa njengesilivere okanye igolide, ukuhlanjululwa, ukutshintshwa nokusebenza. Umlilo kaThixo uhlala uza kutshisa ezo zinto zisithintelayo ekuzalisekiseni intando Yakhe. UYakobi kwiTestamente eNtsha wayeyiqonda le nkqubo yokuhlanjululwa: “Qinisekani ukuba uvavanyo nokholo lwenu luvelisa unyamezelo, ukuqina, nomonde” (Yakobi 1:3). Ezinye iZibhalo zeBhayibhile kwiTestamente eNtsha ziquka uPetros noTimoti (1 Petros 4:13; 2 Tim. 3:10).

Ukushwankathela, iimvavanyo zikaThixo zenzelwe oku kulandelayo:

Apha isiluleko sikaPawulos sibalulekile: “Ngoko ke, ngenxa kaKristu, ndiyavuya, ndiyavuya kubuthathaka, kukugxekwa, kubunzima, kukutshutshiswa, kukuxakeka, nakukubandezeleka; kuba xa ndibuthathaka [kumandla omntu], kulapho ndinamandla [okwenene]” (2 Korinte 12:10 Amplified) Ezinye iZibhalo zeBhayibhile ezifanelekileyo apha ziquka: Hebbere 12:11-13; Marko 11:22-23; 2 Petros 1:3; 1 Korinte 10:13; Roma 8:28; Mateyu 11:28-30. Emva kokuba edlule kwixesha lovavanyo nguThixo, enyamezela ubunzima, enamava entlango waza waphuma kuyo, eqiniswa ngamandla oMoya oyiNgcwele, inkokheli emiselweyo kaThixo inokuzijonga ngokwenene ngoku ize ithi ingabaphumeleli kuKristu! Njengoko iyinxalenye yengqondo yokuphumelela, kubalulekile ukuba ungabonisi nje kuphela ubuntu bobuthixo ebomini bakho, kodwa wenze ubomi bakho bube ngumzekelo kwabanye wento uThixo afuna iinkokeli zakhe zibe yiyo. Okukhona inkokheli efana noKristu iba nempumelelo, kokukhona isebenziseka ngakumbi, ineziqhamo kwaye isebenza kakuhle kwinkonzo eBukumkanini bukaThixo. Ubuntu bobuthixo buya kwenza uMoya oyiNgcwele ahambe aze asebenze ngenkokeli enjalo ngempumelelo ngakumbi. Uya kukwazi ukumelana neentshutshiso, izilingo kunye nezilingo. Isahluko 11: Ukukhula Kwindlela Yokuthambisa YabaPostile

Ukuthanjiswa komcebisi wobupostile ukuze azalisekise umyalelo wakhe kuvela kuThixo. Kunxulumene ngqo nobizo lokulungiselela ibandla eligqibeleleyo nelikhulileyo, elingenabala okanye ibala, ukuze lilungele ukubuya koMyeni waKhe, abacebisi bobupostile kufuneka babizwe, balungiswe kwaye basebenze ngokuthobela ngokupheleleyo phantsi koThixo phantsi kolwalathiso loMoya oyiNgcwele. Ngeenjongo zale khosi, ukukhula kwiNgcobo yabaPostile kahlanu kuboniswa ngaphakathi komxholo weBalm yaseGiliyadi. Ngoko ke, siqala ngomzekeliso ukuchaza ukwanda koNgcobo lwabaPostile lwabacebisi babaPostile: Uxanduva Lokukhula Nokwanda Kwintambiso Ekubeni sisazi ukuba siziindlela zikaThixo zokuzisa ukuphiliswa nokubuyiselwa kwabantu namaziko aphukileyo, sinoxanduva olukhulu lokukhula emandleni nasebabalweni bakaThixo, ukuze akwazi ukubabuyisela. Ukukhula ekuthanjisweni nguThixo yinkqubo yobomi bonke; luhambo lomntu ngamnye lokomoya lokukhula ekuvuthweni ngokomoya. Le yinkqubo enzima, kuba kukuphela kwendlela yokuba siphiliswe kwaye sibuyiselwe ebomini bethu, apho sinokukhulula amandla kaThixo okuphilisa kwabanye. Kwiindawo apho singakhange soyise ubuthathaka bethu kwaye sijongane neengxaki zethu zobuqu, asiyi kukwazi ukuba yimijelo evulekileyo apho iBalm kaThixo yokuphilisa yaseGiliyadi inokugeleza khona kwaye ibuyisele zonke iindawo zokwaphuka.

Amanqanaba ahlukeneyo okuthambisa

Isizathu sokuba abanye abalungiseleli bakaThixo bahambe ngothambiso olukhulu lukaThixo kunabanye sinxulumene ngokuthe ngqo nokuthobela kwabo nokuzimisela ukubunjwa nokuguqulwa nguYe. Luxanduva lwethu ukwandisa ukuthanjiswa kwethu kwaye sibe nempumelelo ngakumbi kubalungiseleli uThixo asibizele kubo - kule meko, ukuba ngabacebisi babapostile. Inqanaba eliphezulu lokuthanjiswa nguThixo limelwe ngamanzi aphuma etroneni kaThixo aye kubantu ngabanye, kumaqela, kuluntu nakwiintlanga. NgokweSityihilelo 22:1-2 siyimithi kumacala omabini omlambo, enika iziqhamo kwabasweleyo: ‘Wandibonisa umlambo ococekileyo wamanzi obomi, ucwebezela njengekristale, uphuma etroneni kaThixo neyeMvana. Phakathi kwendlela yawo, nangaphesheya komlambo, kwakukho umthi wobomi, ovelisa iziqhamo ezilishumi elinambini, umthi ngamnye uvelisa iziqhamo zawo inyanga nenyanga. Amagqabi omthi ayengawokuphilisa iintlanga’ – (ISityihilelo 22:1-2) Kule Zibhalo kuyacaca ukuba singamagqabi omthi wobomi aza kuzisa ukuphiliswa kwiintlanga. Njengoko sihlala kuYe, imilambo yamanzi aphilayo iya kuphuma ngaphakathi kwethu (Yohane 7:38). NgoMoya oyiNgcwele ohlala kuthi, siyitempile kaThixo, kwaye siba ngumthombo womlambo kaThixo ophuma kwitrone yakhe - umlambo ongapheliyo ozisa ubomi naphi na apho uphuma khona. Ngokuhlala kuYe, njengamasebe oMdiliya, sithwala isiqhamo soMoya rhoqo, esiya kuba kukutya, ubomi kunye nokuphiliswa kwiintlanga (Yohane 15:4-5). Ukuba lo ngumfanekiso wokugqibela wokuvuthwa ngokomoya, kunye nokuzaliseka kobukhulu bukaKristu ovuthiweyo kubonakaliswa kuthi (2 Kor. 3:18; Efese 4:13), kufuneka sizame ukufikelela kule ndawo yokuvuthwa ukuze siphile ubizo lwethu kwaye singasileli kuzuko lukaThixo.

‘Ke thina sonke, sinobuso obungagqunywanga, sibujonga njengesipili ubuqaqawuli beNkosi, siguqulwa sifane naye, sisuka ebuqaqawulini siye ebuqaqawulini, kwanjengokuvela kuMoya weNkosi’ – (2 Korinte 3:18) Oko sikuthethileyo, kufuneka sifunde izibhalo ezikwiLizwi likaThixo eziqinisekisa ukuba le nkqubo yokuguqulwa ngokuqhubekayo kumfanekiso kaKristu ngezizathu ezibini: Okokuqala, yintando kaThixo ngobomi bethu nobulungiseleli bethu nokuzisa uzuko kwiGama laKhe; okwesibini, ukuba Usinika yonke imigaqo ekufuneka siyilandele ukuze sifikelele kule njongo. UKumkani uDavide usinika umzekelo omhle kakhulu kule nkalo. Ukususela ngexesha uSamuweli amthambisa njengokumkani, uDavide wakhula ekuthanjisweni, egunyeni nasempembelelweni njengokumkani phezu kwesizwe sonke sakwaSirayeli. AmaKristu amaninzi ayadimazeka kuba engaqondi ukuba yinkqubo ecothayo ukulandela ukususela kwixesha uThixo asibizele kubulungiseleli de asikhulule ngokupheleleyo. Kufuneka silinde ukuzalisekiswa kobizo lwethu kubulungiseleli. Oko kungathatha iminyaka, kude kube yiminyaka engamashumi amabini, ngokwendlela esibizwa ngayo. UThixo akayi kubakhulula abasebenzi bakhe ngaxeshanye; kufuneka bakhule kulwalamano olusondeleyo naye, kwaye kudla ngokuba sentlango yokomoya nasekuthuleni okuvela kuThixo apho sifunda khona ubuntu bakhe, intando yakhe kunye neendlela zakhe zokuphumeza izicwangciso zakhe zokwandiswa koBukumkani bukaThixo. UThixo akanamdlala kangako kwimveliso yokugqibela njengenkqubo yokukhula kwethu ukuze sikhule kunokuba anomdlala kwimveliso yokugqibela yokusikhulula kubizo lwethu. Okukhona ubizo lwakho luphezulu, kokukhona inkqubo yokulungiselela iya kuba nde. Sifanele sikuqonde oku ukuze sinyamezele, kwaye simlinde ngomonde. Nangona oku kungaba ngamava anzima nanzima, ukukhula kuya kuphucuka ukuba sisebenzisana noThixo size sizithobe kwiindlela zakhe zokuphathana nathi.

Ngexesha lale nkqubo yokukhula ekuthanjisweni kobupostile kufuneka siphuhlise iimpawu ezithile. Ezi ziquka:

- Ukuthembeka kwizinto ezincinci, okuthetha ukholo nokuzimisela ukuthobela
- Umnqweno wokuqhubela phambili ukusuka ekuxhotyisweni kwethu kokuqala
- Yakha ubudlelwane obusondeleyo noMoya oyiNgcwele
- Ukufumana ukuthanjiswa ngamanyathelo aqhubekekayo
- Landela imigaqo kaThixo ukuze uthanjiswe ngakumbi
- Vumela uvavanyo lukaThixo lubonakalise ukuthembeka kwethu
- Qonda ukuba ukwanda kothambiso ngumnqweno kaThixo kodwa luxanduva lwethu
- Gxila ekukhuleni ukusuka elukholweni ukuya elukholweni, uzuko ukuya eluzukweni, ubabalo ukuya elubabalweni

Ukuzimisela Ukunyamezela Kwiimvavanyo Neentlungu Zethu UThixo uyazi ukuba sizizitya ezingafezekanga ezenziwe ngothuli lomhlaba. Nangona kunjalo, ngomsebenzi wokukhulula kaYesu Kristu eKalvari, sinokuzalisekisa izicwangciso zikaThixo ezikhethekileyo nezilungileyo ngobomi bethu. Kufuneka sikhumbule rhoqo ukuba uThixo uye wayimisa le nkqubo yokuguqula ubomi bethu bube ngumfanekiso woNyana wakhe kwaye akasoze ayimise: ‘Ndiqinisekile ngale nto, ukuba Lowo uqale umsebenzi olungileyo kuni, uya kuwufeza kude kube yimini kaYesu Kristu?’ = (KwabaseFilipi 1:6)

UPawulos wayeqonda ukubaluleka kokunyamezela nokuhlala egxile ekufezekiseni usukelo, umbono wakhe ufumana umvuzo nesithsaba esivela kuThixo:

‘Anazi na ukuba abo babalekayo elugqatsweni babaleka bonke, kodwa mnye owamkelayo umvuzo? Balekani ngendlela yokuba nifumane... isithsaba esingonakaliyo’ – (1 Korinte 9:24) ‘Andithi sele ndifikelele, okanye sele ndigqibelele; koko ndiqhubeka, ukuze ndikwazi

ukukubamba oko uKristu Yesu andibambileyo ngako. Bazalwana, andizibaleli ekuthini ndikubambile; kodwa kukho into enye endiyenzayo: ndizilibala izinto ezingasemva, ndize ndisolulele phambili kwezo zingaphambili. Ndizabalazela ukuya kutsho entanjeni yobizo lwaphezulu lukaThixo kuKristu Yesu' - (KwabaseFilipi 3:12-14) 'Okokugqibela, ndibekelwe isithsaba sobulungisa, eya kundinika sona iNkosi, uMgwebi olilungisa, ngaloo mini, kungendim ndedwa, kodwa nakubo bonke abakuthandayo ukubonakala kwayo' – 2 Timoti 4:8. Sonke sikwihambo yokomoya yokufikelela kule migca yokugqibela uPawulos athetha ngayo, kwaye uhambo lunokuba nzima ngamanye amaxesha. Yiyo loo nto kufuneka sivumele imilambo yamanzi aphuma kwitrone kaThixo ukuba idlule phezu kwethu kwaye sinokomelezwa ngamaxesha akhe okuhlaziya. Siya kuba noxanduva ukuba asilugqibi uhambo kunye nobizo lukaThixo kunye nenjongo yakhe ngobomi bethu. Masikhuthazane kwaye somelezane ngobudlelwane obuqhelekileyo nabangcwele kunye nokunqula uThixo kunye: 'Kungoko ke yomelezani izandla eziwileyo namadolo abuthathaka, nize nenze imizila ethe tye yeenyawo zenu, ukuze into eqhwalelayo ingaphambuki endleleni, kodwa iphiliswe.' - (Hebhere 12:12-13) Ngoko ke bazalwana, yimani niqinile, nibambelele kwizithethe enazifundiswayo... Ngamana iNkosi yethu uYesu Kristu ngokwayo.... Ingazithuthuzela iintliziyo zenu, iniqinise kuwo onke amazwi nemisebenzi elungileyo - (2 Tesalonika 2:15-17) 'Ke yona iNkosi ithembekile, eya kuniqinisa, inigcine kuyo inkohlakalo. Sikholose eNkosini ngani, ukuba niyazenza izinto esiniyalela zona, naze nazenza' – (2 Tesalonika 3:3-4) Kuphela kukuthanjiswa okukhulayo kwiinkokeli zikaThixo - kwiiofisi ezintlanu kodwa nakwezinye iindawo zoluntu - apho ubunkokeli bokwenyani babapostile buya kukhula. Abacebisi babapostile baya kudlala indima enkulu ngakumbi yokukhokela kwixesha lokugqibela, ngokulungiselela ibandla ukuba libe nguMtshakazi omsulwa nongenabala, lilinde ngolangazelelo ukubuya koMyeni walo, nangokulungiselela uluntu ukuba lwamkele ukubuya kukaYesu njengoKumkani ongunaphakade.
